

AGENDA OF THE PARKS COMMITTEE

**WEDNESDAY, MARCH 27, 2019, 4:00 PM
CITY HALL, ROOM 207**

- A. Roll Call.**
- B. Approval of the Agenda.**
- C. Approval of Minutes.**
- D. Regular Business.**
 - 1. Consideration with possible action on the request by the Colburn Neighborhood Association to install a new Colburn Park sign on Ernst Drive.
 - 2. Consideration with possible action on the request by the Colburn Neighborhood Association to improve the pool signage at all entrances to Colburn Park.
 - 3. Consideration with possible action on the request by Ald. Scannell for the possible deaccession of the 9-11 Monument.
 - 4. Consideration with possible action on the request by Compassionate Home Health Care to sell and allow participants to possess or consume alcohol (beer and malt beverages only) on CityDeck for the Rock the Docks Green Bay event on July 13, 2019.
 - 5. Consideration with possible action on the request by Depere Dodgers Baseball to sell and allow spectators to possess or consume alcohol (beer and malt beverages only) at Joannes Stadium during their games.
 - 6. Consideration with possible action on the request by the Baird Creek Preservation Foundation to complete a prairie burn in the Baird Creek Greenway near McKenzie Lane.
 - 7. Consideration with possible action on the approval of the 2019 Community Development Block Grant park proposals.
 - 8. Consideration with possible action on the approval of a Design, Construction & Dedication Agreement with Ducks Unlimited, Inc. for the Ken Euers waterfowl habitat and northern spawning restoration project.

E. Informational.

1. Director's Report on updates and recent activities of the Parks, Recreation and Forestry Department.
2. The next Park Committee meeting is scheduled for April 10, 2019.

F. Adjournment.

- 1) THIS MEETING IS RECORDED: THE VIDEO OF THIS MEETING AND MINUTES ARE AVAILABLE ONLINE AT www.greenbaywi.gov
- 2) ACCESSIBILITY: Any person wishing to attend who requires special accommodation because of a disability, should contact the City Safety Manager at 920-448-3125 at least 48 hours before the scheduled meeting time so that arrangements can be made.
- 3) QUORUM: Please take notice that a majority or quorum of the Common Council will attend this Parks Committee meeting and will constitute a meeting of the Common Council for purposes of discussion and information gathering relative to this agenda.
- 4) REPRESENTATION: The party requesting the communication, or their representative, should be present at this meeting.

Baird Creek Rx Burn 2019

Smoke Considerations and/or Concerns

- Dwellings to North and East
- Steep terrain between Units 2 and 3
- HWY 43 to west
- within City limits
- Railroad to south

Details

~7 acres total
Brown County
City of Green Bay
Captain Gabe 920-619-0955

Fire Breaks

Control Lines are mowed lawn/maintained trails, 10-12' wide on average
Some handline/wetline are required in the steep portions on west line of Unit 2. Established trails will be blown or raked day of burn by fire crew.

Firing Sequence

North/Northwest Wind
South backing fire
East and West flanking fire
North head fire

Prescribed Burn Narrative**

Property Owner:

City of Green Bay

Contacts: Holly Baseman 920-316-0106 cell, hollyb@bairdcreek.org Baird Creek Preservation Foundation, and Kaurie Mihm, 920-448-3382, kauriemi@greenbaywi.gov.

Location (address/fire#):

Retention pond and upland prairie to West of McKenzie Lane, East of HWY 43 and North of the railroad tracks. Marsh unit is just north of railroad tracks below the upland prairie. (See attached Maps)

TRSec: SW1/4 SE1/4 Sec 34 T24N R21E and also NW1/4 NE1/4 Sec 3 T23N R21E

Burn Size: ~7 ac., 3 burn units (BU); BU1 ~1.5 ac., BU2 ~2.25 ac., BU3 ~3.25 ac.

Permit Required: Yes, GBFD

Local Dispatch #:

Emergency - 911

Brown County - 920-391-7450 or 920-448-4200

City of GB - 911 or 920-391-7450

Local Fire Captain Joe Gabe cell - 920-619-0955

GBFD will be notified 24 hours prior to anticipated burn and 2 hours before the start of the test fire.

Regional State Patrol Headquarter: 920-929-3700 Notification day of burn is mandatory

DNR Dispatch if necessary: N/A

Personnel/Qualifications: 6 total crew members

1 Burn Boss - Instructor FVTC Wildland Fire Program, NWCG Burn Boss S-390
Look Out

5 Crew members - FF II or higher, pack test at moderate level or higher

2-ignitions, equipped with proper PPE and a drip torch

3-holding crew, equipped with proper PPE, bladder bags and swatters, one
utilizing ATV if necessary

Prescription:

Timing: April 10-May 15

Wind Direction: Any

Wind Speed: 2-12 mph midflame

Temperature: 40-80F

Relative Humidity (RH):

25-50% **Fuel Model:** 1 and 3

NARRATIVE DESCRIPTION

General Management Plan: Overall goal is to remove woody vegetation thus creating an Oak Savanna/Sedge Meadow. The upland prairie and vegetation around the retention pond are re-established prairie with many species of grasses and forbs that is being taken over by woody vegetation. The goal is to maintain these as native warm season prairies for aesthetics, preservation, and recreation. The lowland sedge meadow has some woody encroachment but most are too large for fire to control. Mechanical cutting is necessary (see below). Regular fire will help maintain the sedge meadow and keep woody vegetation out.

Specific Burn Objectives: To remove thatch layer. Stimulate grass and forb growth, and contain woody encroachment. Reestablish sedge meadow and control woody encroachment. One of the main objectives is to top kill as much of the woody vegetation as possible. However with semester end for FVTC being May 17th, woody control may be reduced. Typical timing for woody control is late spring/early summer, once leaves begin to show. However, every effort will be taken to create as much heat as possible on the woody vegetation.

Mechanical Cutting: The lower area, from the ridge to the railroad tracks needs the larger trees removed to turn the area back into a true Oak Savanna/Sedge Meadow. Use of students from the chainsaw course S-212, an NWCG (National Wildfire Coordinating Group) course. Trees to be removed would include; cottonwoods and any other undesirable species such as black locust, box elder, and ash. FVT would cut the trees and Green Bay Forestry has agreed to remove any trees that are too large to decompose.

Communications Plan: Every crew member on the fire line will have a 2-way radio and can communicate with Line or Burn boss. Truck unit has a UHF radio programmed with DNR and local emergency frequencies. This would be the primary radio contact with emergency personnel. There will be at least one cell phone on hand (Burn boss) with possibly others. GBFD will be notified 24 hours prior and 2 hours prior to the burn along with Brown County Dispatch and State Patrol Headquarters on the day of.

Holding Plan: Maintained lawn grass will be the primary control line for the 2 upper warm season fields along with established walking trails that will be enhanced by mowing the vegetation down to less than 6 inches along the west, south and east lines of the upland prairie. A small section of the west line of unit 2 will need to be established the day of the fire. This area is too steep for equipment thus requiring handline be built the day of the burn. Maintained trails and cut in firebreaks will be the control lines for unit 3, the sedge meadow. 3 personnel will act as holding resources. 1 ORV w/water will patrol line, all other personnel with bladder bag and hand tools unless they are ignitions, one holding resource per ignitions specialist. One type 6 engine will be onsite as a back-up resource for suppression. The type 6's main function will be a water resource for refilling the ATV. Other trails throughout property will act as secondary control lines.

Firing Plan (Preferred & Alternative): (Preferred) Backing with some interior ignition. We want steady fire throughout. Some alternatives if backing fire is not working, is a dot fire (**alternate**) method, where fire is laid at certain points to let each dot slowly grow towards other dot fire. Another potential technique used may be strip firing. Strip firing may be used to create intense heat at a certain location on the fire including undesirable woody vegetation. 2 personnel will be ignitions specialist with drip torches for ignition. One person may be asked to utilize a propane torch to scorch small brush and light some of the heavier fuels.

Smoke Management Considerations: Smoke will be kept to a minimum. We will be burning outside the growing season for most plant species thus reducing smoke levels. We will monitor DNR website the day of the burn for any air quality watches. We have a few multi resident homes within 1/4 miles which will be unaffected with the wind chosen. Nearest Hospital is over 2 miles away. And nearest school is under 1 mile but with good loft and good transport winds will be unaffected. We will utilize winds that will minimize or eliminate smoke on HWY 43 which is west of the site approximately 1/8 mile from the unit. Burn will be conducted during the day, preferably between the hours of 10am-4pm, to help minimize any inversion that could potentially cause smoke at ground level for long periods of time which is most likely found during morning and evening hours.

Other Considerations: This burn is within the city limits of Green Bay. There are many houses and businesses within 1/4 to 1/2 mile of unit. An apartment complex is less than 1/8 mile north of the unit and a housing subdivision is just north and east of the units. The units are either south or downhill from either of these so smoke should loft up and over either of them.

Contingency Plan: In the event of a spot fire, all ignitions will cease and holding personnel will be assigned to maintain prescribed fire line. Suppression resources will be assigned to the spot fire. Once spot fire is deemed out by the burn boss, ignition can commence. In the event that spot fire becomes escape fire, burn boss will make the call to contingency resources, GBFD. The park has an extensive trail system throughout which will act as secondary control lines, and includes open mowed fields, parking areas, and city roads. Initial attack crews will be sent from the back of the escape fire and will do what they can until contingency resources arrive. The railroad to the south will also act as a secondary control line.

Special Precautions: The fire is taking place within the city limits of Green Bay. Many residential complexes are within 1/8-1/4 mile from the unit. All neighboring complexes and houses will be notified by Baird Creek Preservation Foundation before the burn takes place. All sensitive receptors have been taken into consideration including nearest nursing home (>1mi), nearest school (>3/4mi), and nearest hospital (>2mi). We will utilize Baird Creek staff as public relations, PR, personnel. Holly Baseman will be the contact between Burn boss and PR staff. This way the prescribed fire crew can concentrate on the fire and not be distracted by passers-by. The GB police will be notified in advance of the fire and if needed, a GB officer will be on hand to work McKenzie Ln. That person can also act as our eyes and ears for smoke on HWY 43. HWY 43 is approximately 1/2 mi from the unit to the West. With proper loft and stable conditions we should not affect HWY 43. The Regional State Patrol Headquarters will be notified of the burn and per their request we are not able to nor is it necessary to place signage on HWY 43. We are conducting this burn within a preservation complex with unburned fuels adjacent to the unit. Mop up may take longer because of larger fuels present. Our crew will extinguish all hot spots or smoke before they are allowed to leave the site.

Public Information: The Baird Creek Preservation Foundation will inform the public on the benefits of using periodic controlled burns as a land management tool through the following practices (from BCPF):

Newsletter: Organization mails a newsletter to members (approximately 350 addresses) in the spring. This newsletter will contain an article highlighting the usefulness and safety of conducting controlled burns.

Direct Mail: BCPF will send a mailing to approximately 200 addresses surrounding the burn area (addresses to be provided by the City of Green Bay) informing them of the upcoming event, and providing instruction for proper notification if they are concerned with smoke. Copy of this mailing will be approved by the leader of the burn team at FVTC and the project leader from the City of Green Bay Parks Department before mailing.

Website: BCPF website (<https://bairdcreek.org>) will contain the same information as above. An email will be sent to BCPF members and volunteers (approximately 1,100 email addresses) directing them to the website. A notice will be posted on BCPF's Facebook page reaching approximately 1,250 followers, also directing them to the website.

On-site: The area to be burned is roughly shaped like an elephant with no legs balancing a peanut on its nose, with trail access points by the peanut and below the burn site to the left. During the burn, BCPF will station at least one volunteer at each of the trail access points. These volunteers will be charged with informing the public about the benefits of conducting a controlled burn, and ensure them that there is no danger for the general public. Keeping the public from interfering with the burn team during the burn will be the primary focus for the volunteers, noting that a member of the burn team will be available to answer questions after the burn.

PRIORITIZED STAFF RECOMMENDED 2019 COMMUNITY DEVELOPMENT BLOCK GRANT PROPOSAL - PARK PROJECTS MAXIMUM FUNDING FOR 2019: \$150,000

1. \$75,000 – Replace the asphalt walk in the greenway behind Fireman's Park.

This asphalt walk is in very rough condition and is in need of a total replacement.

2. \$75,000 – Paving replacement or new walks throughout the CD eligible areas.

This funding would be used to replace aging existing walks/pavement, or create new ADA accessible walks in various Parks throughout the CD eligible area. After this funding is approved, staff will work with the Planning Department to prioritize which locations to proceed with.

AGENDA ITEM # D.8.

Consideration with possible action on the approval of a Design, Construction & Dedication Agreement with Ducks Unlimited, Inc. for the Ken Euers waterfowl habitat and northern spawning restoration project.

BACKGROUND

RECOMMENDATION

FISCAL IMPACT

ATTACHMENTS

1. Ken Euers Construction Dedication Agreement - DU (Final)
2. Ken Euers - Exhibit A (FINAL)

City of Green Bay
Department of Community and Economic Development

DESIGN, CONSTRUCTION & DEDICATION AGREEMENT
KEN EUERS WATERFOWL HABITAT AND
NORTHERN SPAWNING RESTORATION PROJECT

This Agreement is made this 25th day of March, 2019, by THE CITY OF GREEN BAY, a Wisconsin municipal corporation (“City”), and Ducks Unlimited, Inc., (“DU”), a corporation authorized to conduct business in Wisconsin.

RECITALS

- A. The City is the Owner of the property located at 1701 North Military Avenue, Green Bay, WI 54303 and generally known as the “Ken Euers Nature Area” (hereafter “Ken Euers”). Ken Euers is a 116 acre passive recreation wildlife natural area featuring a parking lot, gravel trails and open greenspace located along the shoreline of the Bay of Green Bay.
- B. DU is a non-profit corporation that conserves, restores, and manages wetlands and associated habitats for North America’s waterfowl.
- C. The City and DU have identified the need for the creation of waterfowl nesting habitat area and modifications within the bay to encourage northern spawning.
- D. DU has proposed to create a twenty-five (25) acre waterfowl nesting habitat and a 1,100 LF northern pike spawning channel. Work for the waterfowl nesting habitat will consist of erosion control, tree removal along the shoreline banks, grading the shoreline slopes, seeding and installing a water control structure. Work for the northern pike spawning channel will consist of erosion control, grading within the Bay of Green Bay and the installation of a water control structure. All this work together shall be the proposed Project, which is further shown on the Preliminary Site Plan Concept, which is herein attached as EXHIBIT A.
- E. DU has applied for and received grants to complete the work identified in the Project. The City has agreed to allow the work to be completed for these purposes, and DU has agreed to do the work at DU’s sole expense and has requested that the City accept the dedication and assume maintenance responsibilities and to monitor and adjust the water levels as needed.
- F. The City is agreeable to accepting the dedication and assumption of maintenance of the completed Project after acceptance of the construction by the City.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are acknowledged, the parties agree as follows:

I. PURPOSE

- A. Incorporation of Proceedings, Exhibits, and Recitals. All motions adopted, approvals granted, minutes documenting such motions and approvals, and plans and specifications submitted in conjunction with any and all approvals as granted by the City, including but not limited to adopted or approved plans or specifications on file with the City, along with all of the Recitals set forth above, shall be incorporated into this Agreement by reference, upon attachment, or upon consent by amendment if necessary if not referenced or attached at the time of execution of this Agreement.
- B. Implementation Schedule. Any material modification or deviation from an approved schedule described in this Agreement shall occur only upon approval of the City, with any such approvals required to be in writing as an amendment to this Agreement, and which approvals shall not be unreasonably withheld. City shall cooperate and act promptly with respect to any and all permits or approvals necessary for completion of the Project. Notwithstanding the above, this Agreement shall not limit the discretion of the City, or any of its duly appointed and authorized governing bodies, boards or entities, in approving or rejecting any aspect of the Project or improvements contemplated on or about the Property.
- C. Entire Agreement. This writing including all Exhibits hereto, and the other documents and agreements referenced herein, constitutes the entire Agreement between the parties hereto in respect to the Project and all prior letters of intent or offers, if any, are hereby terminated. This Agreement shall be deemed to include and incorporate such minutes, approvals, plans, and specifications, as referenced in this Agreement, and in the event of a conflict between this Agreement and any action of the City granting approvals or conditions attendant with such approval, the terms of this Agreement shall be deemed controlling and the City will take the necessary action to amend any conflicting approvals or conditions.

II. FINANCING

- A. Budget. The total anticipated cost of the Project is \$215,210.
- B. Sources. The Project and all improvements and work required therewith shall be paid for exclusively by DU. In the event of Project cost overruns, DU shall be solely responsible for timely paying and/or securing any and all additional funds necessary to complete the Project.

III. OBLIGATIONS OF THE PARTIES

- A. Concept Plan. Prior to construction, the City shall approve a Concept Plan, including final plans and specifications for construction of the Project which shall be based on, but may differ in minor respects from the Preliminary Concept Plan presented in this Agreement. The Concept Plan shall clearly identify the location of the Improvements as defined in the Recitals.
- B. Contractor. DU shall provide construction contractor's name, address, valid Wisconsin contractor's license, approved bidder's proof, evidence of insurance, and proper classifications to the City prior to construction. A separate hold harmless in favor of the City may be required for each contractor utilized by DU.
- C. Construction Documents. Prior to commencement of construction of any Phase of the Project, the City shall approve site plans, building plans, and other drawings that fix and describe the size and character of the entire Project, along with architectural and general contracts. The Construction Documents shall include:

1. Plans and specification for the demolition, grading, seeding, culvert work, and erosion control; and
 2. Other such essential items as may be reasonably determined by the City to be appropriate.
- D. Design and Construction. DU shall cause to be designed and prepared under architect's or engineer's seal and signature, and to be constructed, the Project as defined in the recitals. In the event the Project will disturb or otherwise affect any existing City features, such work must also include all associated grading, removal and replacement of storm water runoff drainage impacted by the construction, and re-grading affected roads, substantially the same as detailed on the plans approved by the City. The City shall review and, if appropriate, approve the plans and specifications for the improvements as prepared by the DU's engineer. Construction of the Project shall conform to City and State of Wisconsin specifications and requirements. DU shall cause work to be halted and remedial measures to be taken to the City's satisfaction should the work be out of compliance with the plans and specifications, and/or standard construction practices.
- E. Inspection. DU shall provide for the inspection of construction, including administration, testing, and inspection, or other supervision of construction, by a DU registered engineer on staff to ensure construction is in conformance with the plans and specifications. The City shall provide periodic inspection of the improvements during the construction period by its Department of Public Works, Parks Department, and/or Inspections Department to ensure that construction is in conformance with the plans and specifications. The City agrees to notify DU upon completion of inspection if it determines that any or all of the improvements as constructed are not in conformance with the plans and specifications.
- F. Change Orders. After consultation and agreement with the City, DU may execute change orders relating to design and construction of the Project if DU determines that it is able to fund the change orders in its sole discretion. The DU shall assume financial commitments resulting from any change order or resolution of a contract claim from construction of the Project. Budget. Prior to construction, DU shall submit a preliminary budget to the City for their review. The preliminary budget shall be prepared in accordance with general principles for construction and development budgeting. The Budget shall include all "hard" construction costs for the entire Project and a line item of not less than five percent (5%) of total Project costs for cost overruns and change orders.
- G. Permits and Use. DU will obtain from the City and all other appropriate governmental bodies (and all other councils, boards, and parties having a right to control, permit, approve, or consent to the development and use of the Property) all approvals and consents necessary to disturb, develop and/or use the Property as set forth above.
- H. Improvement of Property. DU shall promptly design and complete the Project. Substantial work on the Project shall commence no later than April 1, 2019. Construction shall be completed no later than December 31, 2019. DU shall provide an engineer's certification to the City that the Project and all improvements have been constructed in accordance with the approved plans and specifications, and shall furnish to the City as-built plans of the improvements within thirty (30) days of final acceptance.
- I. Maintenance and Repair. DU shall at all times, while constructing the project, keep and maintain, or cause to be kept and maintained, the property in good condition and repair, in a safe, clean, and attractive condition, and free of all trash, litter, refuse, and waste, subject only to demolition and construction activities contemplated by this Agreement.
- J. Easements. The City shall grant to DU such easements as are reasonably necessary for construction of the Project, including temporary construction and access easements.

- K. Insurance. All insurance is the responsibility of DU. DU and each of its separate contractors and subcontractors shall purchase and maintain such insurance as will protect him/her, and indemnify and save harmless the City from any and all claims for General and Automobile Liability and Worker's Compensation/Employers' Liability, including claims for damages resulting in bodily injury, including but not limited to death, and property damage and arising out of or resulting from DU, its contractors and subcontractors' direct or indirect negligent operations under this Agreement, whether such negligent operations be performed by himself/herself or by any subcontractor or anyone directly or indirectly employed by any of them.

This insurance shall be written for not less than any limit of liability specified herein, or required by law, whichever is the greater, notwithstanding that the policy may have lower limits of liability applying elsewhere in the policy and shall include contractual liability insurance as applicable to the DU's obligations.

DU, its contractors, and subcontractors' insurance shall always be primary with respect to the City's responsibilities under this Agreement. The City of Green Bay shall be named as additional insured on the types of insurance listed in this section.

DU, its contractors, and subcontractors' insurance shall contain a provision that provides ten (10) days written notice of cancellation or change to the City.

No insurance required under this Agreement shall be carried with an insurer not authorized to do business in Wisconsin by the Wisconsin State Insurance Department. The City reserves the right to disapprove any insurance company.

Before commencement of construction activities on the Property, DU shall deliver to the City certificates of insurance, copies of endorsements, and other evidence of insurance requested by the City, which DU, its contractors, and subcontractors' are required to purchase and maintain, or cause to be purchased or obtained, in the types and amounts of coverage listed below, each of which shall name the City as additional insured parties.

Types of Insurance

1. *General Liability:*

a. Commercial General Occurrence policy, edition 2006 or 2010 including:

- i. Premises and Operations
- ii. Products and Completed Operations
- iii. Advertising and Personal Injury
- iv. Explosion, Collapse and Underground Hazard coverage
- v. Contractual Insurance in writing under General Liability
- vi. Broad Form Property Damage
- vii. Coverage for Independent Contractors
- viii. Care, Custody and Control coverages for City-owned materials at worksite
- ix. Endorsement naming the City of Green Bay, its employees, agents and assigns as Additional Insureds as respects work performed by the Contractor/Subcontractor for the City/Owner.

b. Limits of Liability:

Bodily Injury/Property Damage Combined Single Limits:

Per Occurrence	\$1,000,000
Products/Completed Operations Aggregate	\$2,000,000
Personal Injury/ Advertising Injury	\$1,000,000
Fire Damage Limit	\$50,000
Medical Payments Limit	\$5,000
General Aggregate	\$2,000,000

2. *Automobile Liability:*

- a. Coverages must include the following extensions:

Comprehensive Forms

- i. All Owned Autos
- ii. All Hired Autos
- iii. All Non-Owned Autos
- iv. Mobile Equipment
- v. Specialized Equipment
- vi. Contractual Insurance
- vii. Uninsured Motorists to Limit of Policy
- viii. Additional Insured Endorsement naming City of Green Bay, its employees, agents and assigns.

- b. Limits of Liability:

Combined Single Limit/Bodily Injury and Property Damage: \$1,000,000
per person/accident

Uninsured Motorists: \$25,000 per person
\$50,000 per accident

- a. Limits of Liability

- i. Workers' Compensation
 - \$1,000,000 per accident
 - \$1,000,000 disease policy limit
 - \$1,000,000 disease each employee

- ii. Employers' Liability
 - \$1,000,000

Waiver of Workers Compensation Subrogation: The workers' compensation policy is to be endorsed with a waiver of subrogation. The insurance company, in its endorsement, agrees to waive all rights of subrogation against the City, its officers, officials, employees and volunteers for losses paid under the terms of the policy that arises from the work performed by the named insured for or on behalf of the City of Green Bay

4. *Contractor's Pollution Liability (Occurrence Basis)*

Minimum Limit of Liability \$2,000,000
Must include coverage for natural resources damage
Must include waiver of subrogation endorsement in favor of the City
Coverage must include transportation, loading and unloading.

5. *Umbrella Coverage:*

The Contractor shall provide \$2,000,000 for bodily injury, personal injury and property damage per occurrence in excess of coverage carried for Employer's Liability, Commercial General Liability, and Automobile Liability

6. *Builder's Risk Insurance:*

Before commencing construction of any improvements on the Property and during any construction activities contemplated by this Agreement, DU shall obtain and keep in full force and effect and all builders risk insurance policy for all portions of the Property affected by the Project with coverage equal to the total amount of the construction contracts for all such construction activities. Nothing in this Agreement is intended to relieve DU of its obligation to perform under this Agreement and, in the event of loss, DU shall use the proceeds of such insurance to promptly reconstruct the damaged or lost improvements.

L. General Indemnity.

1. Mutual Indemnification. Each party shall defend, indemnify, and hold harmless the other party, its officers and employees, against all liability, claims, damages, losses or expenses arising out of bodily injury to persons or damage to property caused by, or resulting from, the actions and/or inactions of the indemnifying party's and/or its employees', agents' or subcontractors' own negligent and/or intentional wrongful acts, omissions or performance or failure to perform its obligations and duties under the terms and conditions of this Agreement. No party is required to indemnify any other party for the negligent or intentional acts, errors or omissions of the other party or their employees or agents.
2. This indemnity provision shall survive the expiration or termination of this Agreement. Nothing herein is intended or can be construed as requiring the City to assume any liability resulting from the design or construction of the improvements.

- M. Final Acceptance. The City shall accept the improvements for continuous maintenance upon satisfactory completion of construction as determined by the City and confirm acceptance of the same in writing by the City's Director of Public Works. The City will monitor and adjust the water levels as needed, for so long as DU allows the City to use DU's generator for this purpose, at no expense to the City. Under no circumstances shall the City be obligated to accept for maintenance any or all of the improvements if it deems that such improvements have not been satisfactorily constructed, as determined in its sole discretion. DU shall obtain lien waivers for all work completed on the improvements prior to final acceptance by the City.

IV. REPRESENTATIONS, WARRANTIES, AND COVENANTS

DU represents and warrants to the City as follows:

- A. No Material Change in Documents. All contract documents and agreements have been furnished to the City and are true and correct and there has been no material change in any of the same.
- B. Payment. DU shall pay for all work performed or materials furnished for the Project when and as the same become due and payable. DU shall not suffer any construction or other involuntary lien to be imposed upon the Property, except for liens for claims to payment that are subject to a bona fide dispute, and, in that case, such liens shall be removed by DU posting bond or other security, paying one hundred and twenty percent (120%) of the lien claimed into court, escrowing funds or promptly taking other steps to remove the lien of record. DU shall pay all other obligations relating to the Project, including all creditors holding liens or other secured interests against the Property when and as the same become due.
- C. Certification of Facts. No statement of fact by DU contained in this Agreement and no statement of fact furnished or to be furnished by DU to the City pursuant to this Agreement contains or will contain any untrue statement of a material fact or omits or will omit to state a material fact necessary in order to make the statements herein or therein contained not misleading.
- D. No Litigation. There is no litigation or proceeding pending or threatened against or affecting DU that would adversely affect the Project, the ability of DU to complete the Project or the ability of DU to perform its obligations under this Agreement.
- E. No Default. No default, or event that with the giving of notice or lapse of time or both would be a default, exists under this Agreement, and DU is not in default (beyond any applicable period of grace) of any of its obligations under any other material agreement or instrument to which DU is a party or an obligor.
- F. Compliance with Laws and Codes. The Project, when completed, will conform and comply in all respects with all applicable laws, rules, regulations and ordinances, including without limitation, all building codes and ordinances of the City. DU will comply with and will cause the Project to be in compliance with all applicable federal, state, local and other laws, rules, regulations and ordinances, including without limitation, all environmental laws, rules, regulations and ordinances.

V. DEFAULT

- A. Default. Either party shall have all rights and remedies available under law or equity with respect to any failure of the other party to perform their obligations under this Agreement, but only after providing the defaulting party with notice of such default and a failure by the defaulting party to commence attempts to cure such default within the thirty (30)-day notice period. If the defaulting party commences cure within the thirty (30)-day notice period and thereafter reasonably and continuously takes action to complete such cure, then the failure to perform shall not be an Event of Default.
- B. Remedies Upon Default. In the event of the occurrence of an Event of Default, the non-defaulting party may in its discretion:
 - 1. Termination. Terminate this Agreement;
 - 2. Damages. Sue for damages;

3. Specific Performance. Sue for specific performance;
 4. Other Remedies. Pursue any other remedies available to the parties at law or in equity.
- C. Limitation of Damages. The foregoing notwithstanding, none of the parties shall be liable to any other party for any incidental, consequential, indirect, punitive or exemplary damages. All claims and damages asserted against the City shall be subject to statutory protections of municipalities and their officials and employees, including the immunity and limitations set forth in §893.80 Wis. Stats. DU shall not be liable to the City for any damages in excess of the budgeted amount for this Project.
- D. No Waiver. Any delay in instituting or prosecuting any actions or proceedings or otherwise asserting the rights granted in this Agreement, shall not operate as a waiver of such rights to, or deprive it of or limit such rights in any way, nor shall any waiver in fact made with respect to any specific default, be considered or treated as a waiver of any rights with respect to other defaults or with respect to the particular default except to the extent specifically waived in writing.
- E. Remedies Cumulative. Except as expressly provided otherwise in this Agreement, the rights and remedies of the parties to this Agreement, whether provided by law or by this Agreement, shall be cumulative, and the exercise by any party of any one or more of such remedies shall not preclude the exercise of it, at the same or different times, of any other such remedies for any other default or breach by any other party.

VI. TERMINATION

- A. Date of Termination. This Agreement shall terminate upon the earliest of the date:
1. This Agreement is terminated because of an Event of Default;
 2. The parties agree in writing to terminate this Agreement.
- B. Survival of Certain Provisions. Sections III.M., III.N., IV. F., V. C., VI. B., and VII. C. shall survive the termination of this Agreement.

VII. MISCELLANEOUS PROVISIONS

- A. Assignment. DU may not assign its rights under this Agreement without the express prior written consent of the City.
- B. Nondiscrimination. In the performance of work under this Agreement, neither party shall discriminate against any employee or applicant for employment nor shall the Property or any portion thereof be sold to, leased or used by any party in any manner to permit discrimination or restriction on the basis of the basis of race, color, national or ethnic origin, ancestry, age, religion or religious creed, disability or handicap, sex or gender (including pregnancy), gender identity and/or expression, sexual orientation, military or veteran status, genetic information, or any other characteristic protected under applicable federal, state or local law. Retaliation is also prohibited. The construction of the Property shall be in compliance with all effective laws, ordinances and regulations relating to discrimination on any of the foregoing grounds.
- C. No Personal Liability. Under no circumstances shall any trustee, officer, official, commissioner, director, member, partner or employee of the City or DU have any personal liability arising out of this Agreement, and no party shall not seek or claim any such personal liability.

- D. No Personal Interest of Public Employee. No official or employee of the City shall have any personal interest in this Agreement, nor shall any such person voluntarily acquire any ownership interest, direct or indirect, in the legal entities that are parties to this Agreement.
- E. Force Majeure. No party shall be responsible to any other party for any resulting losses and it shall not be a default hereunder if the fulfillment of any of the terms of this Agreement is delayed or prevented by revolutions or other civil disorders, wars, acts of enemies, strikes, fires, floods, acts of God, adverse weather conditions, legally required environmental remedial actions, industry-wide shortage of materials, or by any other cause not within the control of the party whose performance was interfered with, and which exercise of reasonable diligence, such party is unable to prevent, whether of the class of causes herein above enumerated or not, and the time for performance shall be extended by the period of delay occasioned by any such cause. The foregoing notwithstanding, a Force Majeure event may not be used to avoid an Event of Default if the delay caused by the Force Majeure event exceeds ninety (90) days from the date the event occurred.
- F. Parties. Except as otherwise expressly provided herein, this Agreement is made solely for the benefit of the parties hereto and no other person, partnership, association or corporation shall acquire or have any rights hereunder or by virtue hereof.
- G. Notices. All notices, demands, certificates or other communications under this Agreement shall be given in writing and shall be considered given upon receipt if hand delivered to the party or person intended, or one (1) business day after deposit with a nationally recognized over-night commercial courier service, air bill pre-paid, or forty-eight (48) hours after deposit in the United States mail postage prepaid, by certified mail, return receipt requested, addressed by name and address to the party or person intended as follows:

To the City: City of Green Bay
 Attn: City Clerk
 100 North Jefferson Street
 Green Bay, WI 54301

To DU: Ducks Unlimited, Inc.
 Great Lakes/Atlantic Regional Office
 7322 Newman Blvd., Bldg. 1
 Dexter, MI 48130

The foregoing addresses shall be presumed to be correct until notice of a different address is given according to this paragraph.

- H. Governing Law. The laws of the State of Wisconsin shall govern this Agreement.
- I. Captions. The captions or headings in this Agreement are for convenience only and in no way define, limit or describe the scope or intent of any of the provisions of this Agreement.
- J. Execution in Counterparts. This Agreement may be signed in any number of counterparts with the same effect as if the signature thereto and hereto were upon the same instrument.
- K. Severability. If any provision of this Agreement shall be determined to be unenforceable as applied in any particular case or in all cases because it conflicts with any other provision or provisions hereof or any constitution or statute or rule of public policy, or for any other reason, such circumstance shall not have the effect of rendering the provision in question inoperative or unenforceable in any other

case or circumstance, or of rendering any other provision or provisions herein contained unenforceable to any extent whatever.

- L. Recording of Agreement. The City may record this Design, Construction & Dedication Agreement or a Memorandum of this Agreement with the Register of Deeds for Brown County, Wisconsin. Upon request of the City, DU shall execute and deliver to the City any such Memorandum or any other document in connection with such recording.
- M. No Construction Against Drafter. This Agreement is a product of the negotiation and drafting of attorneys for the parties, and, as such, the rule of construing ambiguous contracts against the drafter shall not apply to this Agreement.
- N. Venue. The venue for any proceeding involving the negotiation, drafting, interpretation or enforcement of this Agreement shall be the circuit court for Brown County, Wisconsin, all other venues being inappropriate for any such proceeding.
- O. Signatures and Counterparts. Electronic, facsimile and photocopy signatures shall have the same effect as original signatures.

- I. Director's Report 032719

PARKS, RECREATION, & FORESTRY COMMITTEE
DIRECTOR'S REPORT
WEDNESDAY, March 27, 2018

PARK DIVISION

- The ice rink season is over and all related equipment and vehicles have been cleaned and put away.
- Lots of work was done last week trying to get the water (rain and snow/melting ice) heading in the right direction at several of our parks.
- Crews are out in our parks in the flood zone area, cleaning up the messes.
- Several dozen recycled plastic picnic tables have been assembled and are ready for the parks.
- Work continues on the metal framing components for the newly constructed hockey boards for next fall construction.
- The repair of the 1966 vintage Showmobile is proving to take longer than we thought. The more we fix the more we find to fix.
- The Park/Forestry Shop Safety Blitz (a day of safety training) was held on March 20.

FORESTRY DIVISION

- Tree Removal – Along streets continues, there are less than 100 trees left on the current list excluding DPW construction requests.
- Tree Pruning – Operations have resumed. The west side crew completed Coronation Ct. and is working on S. Chestnut Ave for an upcoming DPW street reconstruction project. The east side crew has resumed pruning in the Edison Park area.

DESIGN & DEVELOPMENT DIVISION

- **Baird Creek Greenway – Pedestrian Bridge**
 - The City received a bridge alternative analysis from AECOM. It is currently being reviewed by City staff.
- **Bay Beach Amusement Park – Beach, Pier and Boardwalk Engineering**

- The consultant continues to work on the engineering detailing for the pier, boardwalk and sand beach area.
- The consultant has begun the preliminary engineering for the installation of a temporary gravel parking lot where the existing softball field is located. The Friends of Bay Beach would like to fund and install the temporary gravel parking lot.
- **Bay Beach Amusement Park – Ferris Wheel**
 - The ferris wheel frame is installed. The manufacturer will deliver the electrical equipment the last week of March.
 - The contractor is working on the concrete work and underground electrical work.
 - City crews completed the installation of the utility shed needed for the ride.
- **Colburn Pool**
 - The City reviewed the construction plans. The engineering consultant is in the process of making the final revisions. The City will be receiving the final plans from the consultant on or before April 5th. The project will go out to bid shortly after that.
 - The State of Wisconsin is still reviewing the pool plans that were submitted.
- **East River Optimist Site Improvements**
 - The storm water management, parking lot and walkway project is currently out for bid. Bid opening is scheduled for April 2nd.
- **East River Trail Expansion**
 - Staff met with the engineering consultant for the kickoff meeting to discuss the scope of work for the St. George Street canoe/kayak launch and the Main Street Plaza. The survey work has been scheduled.
- **Playgrounds**
 - On February 26th the RDA approved purchasing the proposed playground equipment for East River Van Beaver Park and Fort Howard/Jefferson Park. The equipment has been ordered.
- **Red Smith Shelter**
 - The shelter addition and walkway project is currently out for bid. Bid opening is scheduled for April 2nd.
- **Wildlife Sanctuary – 4K Nature Center Addition**
 - The contractor installed the steel beams and the underground water and sewer lines. The spancrete floor is in the process of being installed.

RECREATION DIVISION

- The Youth Indoor Soccer Skills program will run Monday, March 11 – April 15 at Edison Middle School from 6:30-7:45 p.m. The program will work on basic skills -

dribbling, passing, ball control, defense, and sportsmanship. There are 19 participants registered.

- Registration for Summer Adult Softball began in February. We will be offering Men's Slow-pitch, Co-Ed Slow-pitch and Men's Modified softball leagues beginning the week of April 23 at various parks throughout Green Bay. There are 16 teams registered.
- We are currently interviewing and hiring staff for summer positions (playground leaders, softball site supervisors, softball officials, and pool staff).
- The final week of Open Gyms will be held the week of March 24th. Sites are available on the following days:
 - Monday-Fort Howard, Eisenhower, Kennedy, Beaumont.
 - Thursday-Baird, Chappell, Wilder.
 - Saturday-Franklin (grades 7-12).
- Kids' Day will be held on Tuesday, June 25th.
- Recreation staff will participate in the City Hall Wellness Fair on March 20th.
- Recreation Staff are busy conducting interviews for all seasonal positions.
- Facility Permits are being completed for Tennis, Soccer, Softball, Baseball, Pickle Ball, and Cross Country.
- Registration is now open for Sailing Classes, and Tennis Lessons.

AQUATICS

- Southwest and Edison Pool continue to be utilized 5 days/week for local swim team practices and other community rentals.
- The final session of indoor swim lessons at Edison Pool is underway. Most of our classes are full this session. We are offering levels 1A, 1B, 2-5.
- Staff is beginning application reviews and the re-hire process for summer aquatics staff.
- A Seasonal Staff Job Fair will take place at Bay Beach Amusement Park on Saturday, March 23 from 9:30-2:00 p.m. Interviews will be held on site for Aquatics and Bay Beach positions.

BAY BEACH

- Implementation of Jolt management software continues.

- We have filled the Facilities Supervisor position. As of March 5, Stefanie Corsten has joined our team full time. We are excited for the collaboration and team atmosphere to bring growth throughout the park.
- Seasonal staff has been contacted about returning for summer employment.
- Seasonal Interviews have begun. We will be looking to hire roughly 150 new staff members.
- A seasonal Park and Recreation job fair will be held at the Bay Beach Wildlife Sanctuary on March 23 from 9:30 am – 2 pm
- The new First Aid center is completed and will be placed in a prominent place within the park.

TRIANGLE SPORTS AREA

- We closed on March 10th for the season. We will look at trends for next year and continue to make improvements.
- In the process of planning events to increase summer use not related to disc golf, as well as winter activities for next season if there is little or no snow.

WILDLIFE SANCTUARY

- The Party for Animals was held on March 21. Activities included games, interaction with the animals and party treats.
- The Bird of Prey Tour was held on March 23. Participants received a close up tour of the birds of prey.
- The annual R-Paws volunteer training day will be on March 30. This event is beginner training for individuals interested in learning about wildlife rehab.
- Registration for the 2019 summer camps is now open. Camp options include “Fantastic Beasts”, “Young Citizen Scientists” and many more. The camps start in mid-June.
- Some of the outdoor animal exhibition areas were under water in the flooding. Staff had to move some of the animals. The water has gone down and we are back to normal.
- Forestry removed several large emerald ash borer infected trees in the bird exhibit.
