VERBATIM MINUTES

- All right, I'm gonna bring to order the meeting of the Green Bay Sexual Offenders Residency Board for July the 8th. So I first wanna start off with approval of the agenda for July 8th, could I have a motion to approve the agenda.

- I'll make that motion.

- Seconded.
- All in, or Rachel, do you want us to vote or just by voice?
- For these first few, you can do by voice, that's fine.
- All in approval, say aye.
- Aye.
- Aye.
- Aye.
- Next up is approval of the minutes for June the 10th, 2020. Could I have a motion to approve?
- Just clarification, I do believe you have to say, as for anybody opposed, because since we're doing voice and we don't know who said aye.
- Oh, okay. So back to the first one, in terms of approval of the agenda, is there anybody opposed? No opposed. So approval of our minutes for June the 10th. Could I have a motion to approve?
- So moved.
- Is there a second?
- I'll second.
- All in favor, say aye.
- Aye.
- Aye.
- Opposed? All right, we're gonna start with regular business and our first appeal is Mr. Counard, who is joining us again via video. Okay, Mr. Counard, as we get started here today, just a couple things as we potentially go over your case here, want you to make sure that you do not refer to the victim by personal name or surname. If we talk about your case, just refer to the person as the victim. Second of all, if we wanna talk to you about any potential training that's occurred, you have a right to do that either in private or public session. Which would you prefer?
- Probably private, probably.
- Okay. All right, so here in a second, just gonna pull your stuff here, make sure I've got it. Okay, okay Mr. Counard, you're looking to move to, to remain at your current address of 2760 Finger Road, is that correct?
- That is correct.

- All right, looks like you had, your case was fourth-degree sexual assault and you had a, three years, is that correct?

- That's correct.

- Okay. And one area, I didn't see the date.

- 2015, I believe.

- Okay, sir can you tell us what you actually did to the victim and how it occurred?

- Because, it was a touching incident, so. She said I touched her private part, which I didn't. It occurred in Johnson County, Kansas, but it was two years after the incident that she made her statement or gave her statement. And none of it, her statement is true. I didn't, other than the touching, there's nothing she put down on paper that is correct. And then, two years after the fact, it was ruled on by a Brown County judge and by a Wisconsin State judge in 2019. It was dismissed but Johnson County picked it up somehow and they wanted to talk to me apparently and they didn't call me or notify me or anything so they sent the U.S. Marshals over and they arrested me and threw me in Brown County jail for two days and then I bailed myself out. And then my son drove me with our wives over to Kansas City, surrendered on October 15th of 2019. And came home after sitting in front of the judge four times. We got home, he left me go on another bond on February 7th I came home. So I've been under house arrest since February 7th. But they won't, I'm supposed to be sentenced, because of the virus, on April, then on June, and now July 29th. They're pushing it back. But they won't let me come home unless I got a Wisconsin residence to come to. So that's the purpose, is to get approval from the city to live here and then I can go back to Kansas, get sentenced, and come back.

- Okay. Sir, in reading the information that was the issue, it said that you did admit to touching the victim, which you say was close to her private area. Is that true or not true?

- No I was playing with her belly button and my hand slipped between her elastic band, her underwear elastic, and I said that's it. We're done, you're my, you know, I love you, and it'll never happen again. Didn't happen before, hasn't happened since. So, but like I said, Wisconsin dismissed it, but Kansas under the laws they have in Kansas--

- [Woman] Jessica's Law.

- Jessica Law, you know, I was supposed to serve, just by touching, serve 26 years in prison. So I hired a lawyer and the judge finally agreed to, three years' probation, but I--

- I have, Dean, could you go, I'm requesting that you talk to, I think it's Commander who's on the line, Ebel, and find out what exactly he pled guilty to.

- [Paul] I would have to look at, what he actually pled guilty to. I do have the criminal complaint. And it, the case did start in Green Bay and was transferred to Johnson County, Kansas.

- And was that just simply a jurisdictional problem? Or confusion to that?

- [Paul] Correct, it was a jurisdictional problem. That's where the incident took place, in Kansas.
- Okay, so just to be clear, Green Bay did not dismiss the case because of any factual issues other than the crime did not occur in Brown County, is that correct?
- [Paul] That's correct. We did the investigation here. We did the forensic interview here in Green Bay and we transferred everything over to the jurisdiction in Kansas who then picked it up and prosecuted.
- And that's because everything occurred in Kansas?
- [Paul] Correct.
- Okay, thank you.
- And looking at what was also submitted. It doesn't look like, Missy I'm reading it here. I do see the plea agreement here. And was signed. So there is, it has been disposed of. It's on page 21.
- It's not disposed of.
- Well it says probation.
- No, he's not been sentenced. He's been convicted, but not sentenced.
- [Paul] Correct.
- Oh those are the sentencing recommendations, okay. All right. Okay, is there any more questions specifically around the case for him?
- Yeah.
- Go ahead.
- Why did you plead guilty if you didn't do anything?
- To stay out of prison.
- Well, are you saying you're innocent?
- I'm saying it didn't happen, what's that's what I'm saying.
- But you pled no contest, correct? Same as guilty, right?
- I did what my lawyer told me to do, Zach Thomas, down in Kansas.
- So the evaluation you had done by Michael Bomiello, maybe is that? I don't know how to pronounce his last name. In it, you say you did touch her leg and then went under her waistband, and now you're saying you didn't do that?

- No I touched her belly button, I said. I was playing with her belly button.
- Well it's not what was said in the evaluation. The evaluation says you were underneath her dress, underneath her leg and you said that you came close to her genital area but did not touch it. That's what it says in the--
- Well I don't know who wrote that down. I didn't write that down. I wrote down what happened. She was, my hand slipped down underneath her underwear but it didn't come close to her vagina and I just said, that's it, we're done. I love you and that's it. It's never happened again. Didn't happen before. Didn't happen again, so. It's been going on five years, so.
- And where does the victim live?
- She lives about five miles away, De Pere.
- And where did you live at the time when this all happened.
- We lived at Newberry Avenue. 2767 Newberry Avenue.
- Sir, how long have you been living at this location that you wanna get permanent residence to?
- A little over two years. Two years in April, I believe it was.
- So how did you come to us? Basically because you had to have approval before your sentencing could be completed?
- I have to have a residence to come back to, yes. Or else Kansas won't let me come home.
- Have you had any--
- But you were living at Finger Road for the last two years?
- Did I what?
- But you have, Finger Road for the last two years though?
- Since we sold Newberry, yes. It was April of '17, I believe or '18. What was, I don't even know. It's been two years in April, anyway. The big snow storm. The 30 inches of snow storm. Look it up. I moved in.
- Have you had any treatment, any sex offender treatment?
- Private session.
- Oh gosh, I'm sorry yes. Nevermind.
- So how are we gonna handle this Rachel? You need everybody on mute, essentially other than us.

- No, Shelby hopefully you can help me out. She'll send everybody else into the waiting room and then we can just continue and then when we're done with the private session, we bring everybody back in.

- Okay.

- [Shelby] Correct, so let us know when you are ready to do that and then we will.

- Okay, so I'm gonna make, Mr. Counard wants to move to private session to talk about his treatment programs. I need a motion to do so.

- So moved.

- Is there a second?

- Seconded.

- I'll second it. Okay, all in favor, say aye.

- Aye.

- Aye.

- Opposed? Okay, we're gonna go to a private session. Okay, we've moved back to public session. Okay, we are now back in public session. We just had a chance to speak with Mr. Counard in regards to his treatment programs and where his status currently is at with that. So with that, are there any other direct questions for him on the case or we can open it up to anybody, they wanna speak either for or against Mr. Counard.

- I have a few questions. Let me see if I can, toggle between, okey-dokey, pokey. Shoot. You have individuals that are listed as your support Mr. Counard?

- Do I have individuals--

- No, you listed individuals on your appeal form. You listed Carey Counard.

- Carey is my son, yes.

- And where does he live? I don't need the address, but.

- He lives in De Pere.

- And Kip Counard?

- Kip lives in De Pere, he's my son. West De Pere.

- And Crystal Becky?

- Crystal is my daughter and she lives in De Pere, West De Pere.
- And is Crystal there as well?
- No, she's not here right now.
- Okay.
- My son Kip is here though right now.
- Okay. I'm sorry, I just have to go back looking through something. No further questions.
- Okay, does anybody wanna speak either for or against Mr. Counard? Alvin, so if your wife wants to speak, she can, just, she just has to give her name and address and then she can speak for you.
- I'm Diane Counard and I live here with my husband of 58 years. We're 77 years old. He's been through a lot of medical issues. He's on tons of medication. I just about when crazy when he was in jail. And he's never done anything like that. I don't know how it happened. He doesn't understand how it happened. So counseling probably would be a wonderful idea for us but we, you know, I just want our last years to be together. I don't wanna be separated from him.
- We really don't wanna move, either.
- And I, yeah, I just can't take another move. It's, you know, I just hope that we can stay here. We are friends with, all the neighbors, you know, we've had friends wherever we go. We've been in Green Bay for 50, probably 54 years, and he's been in business. He's never, you know, never had anything like this happened. And I don't know what else to say. I'm supporting him because I love him. He's my husband. And I just wanna be with him.
- So ma'am, quick question for you. In regards to the incident with the victim, how do you think it got to this point, where the victim reported it several years later?
- She went for counseling 'cause she told her sister. And then she went to counseling and that's how it got, you know, otherwise none of us knew anything. And it just kinda went on and on and you know, just--
- My opinion is the Me Too movement kicked in. That's my opinion.
- Well, ma'am, just from a standpoint, do you believe the statement from the victim or the statement that Mr. Counard gave to the counselor that was doing the interview with him?
- I don't know. I love them both. And I can't disbelieve, but I know.
- Yeah, it's tough, we're family here.

- I'm all, you know, I don't know how something like that can happen, but I just think, with, he's had six bypasses, an aorta repair, and he's got all kinds of you know, heart medication. He has diabetes, he's on medication for high blood pressure, and all kinds of stuff. And I know that affects how we might function or how we might feel even. But I know this man. I mean, we're married for 58 years. But I mean, I've known him, probably four or five years before that. And you know, we have five children, 14 beautiful grandchildren, and I don't know. It's hard on the whole family.

- Can I ask, when did you find out about this?

- I found out after, after the, she went for counseling.

- So Mr. Counard, when this happened downstairs, and you're called up for dinner, when you went up, you didn't say to anybody what had happened? You didn't? Like, you just went on as though nothing had happened?

- Yeah, we are such a close family, we did everything.

- Ma'am, ma'am, I just actually need Mr. Counard to answer that question, thank you.

- It was like, we were going on family vacations, kissing and hugging and everything was fine for two years afterwards, you know. So, it was--

- But I mean, right after it happened, were you, you said, this is enough, or stop it or whatever. But so then, you just never thought of it again?

- No, nothing ever happened after that. She didn't say nothing. I didn't say nothing. And that was it, so.

- If I may, Renee, when you told her that it wouldn't happen again, you're saying that you merely touched her belly button. Why did you say it'll, only touched her belly button?

- Because I didn't hear any no, so I was the one that said, no. This has gone way too far. I love you, we're done. I'm not gonna ever touch you again, so.

- In what way did it go too far? It's her belly button. That's what I'm confused about.

- No, no, I slid my hand under her elastic of her underwear. That part I'll admit I did. But that was as far as I got, so.

- Okay, is there anybody else that wants to speak in regards to supporting Mr. Counard?

- I just wanna ask one question. So, where we have three years' probation, that isn't, that's the recommend sentence, but that hasn't happened. Is that correct?

- That has not happened, that's correct.

- So what logically you're thinking, you'll go back there, and you will be sentenced to three years' probation, so you wanna serve those in Green Bay?

- That is correct. And I'm gonna try and talk them into two years and that's up to me and my lawyer and the judge. Because she'll be turning 18 years old two years from September, so. But that's up to my judge and that's up to my lawyer, so. But if this COVID keeps going, they keep pushing it back, I might not get sentencing 'til who knows when. But I still need, they won't sentence me until I have a residence in, to come back to, so that's the point of this.

- And if you don't have a residence here, you'll have to go back and stay there?

- Well, I don't know what that's gonna come to, 'cause I have no idea. But I need a residence here because I wanna come back here. And they know that. My lawyer knows that. And they would, everybody's hoping that we can get a residence here in Green Bay. But that's the point that we're trying to.

- So, I guess, hey, Rachel, I guess I have a question here. Since technically he hasn't been convicted.

- No, he is convicted. He's not sentenced. Those are two different things.

- All right, okay, you're right. So is there anybody else that wants to speak in Mr. Counard's behalf?

- Are you renting or do you own your home?

- We're renting. Used to own, a renter.

- Okay, now you're renting. You do realize that you are free to live anywhere in the area that doesn't necessarily have the restrictions that the city of Green Bay does? Or in fact, there are locations within the city of Green Bay where you can live without having to appear before the Board for special permission, correct?

- I don't know. This was the, this was brought to our attention. This is what we had to do.

- To stay here.

- This was the procedure that we had to go through. That's why we're going through it.

- I don't know, you know, it was hard. We had lived in our house for--

- 40 years.

- Almost 40 years, and--

- On Finger Road?

- No, we had lived--

- Okay, first of all, Mrs. Counard, please, we're talking to your husband right now. Thank you very much. Mr. Counard, right now, the location you're living in. Is that the location where you're living at the time of, I'm sorry, at the time the--

- No, during--
- Let me finish please. At the time the crime occurred in Kansas, the Finger Road address or the Newberry address?
- Newberry.
- Okay. And when you sold your home on Newberry, okay? You moved to the Finger Road address, correct?
- Correct.
- So how long have you been at the Finger Road address?
- It was April of 2018.
- Okay, thank you.
- Is there any more questions for him or anyone else speaking for him, then we can move on to a motion? All right, does anybody wanna make a motion in regards to his appeal to stay on Finger Road here?
- I move that he be allowed to stay living on Finger Road.
- Address specific?
- Yes.
- Is there a second to that motion?
- I'll second that motion. Any discussion? Okay, go ahead and check.
- I was gonna say that it's my understanding he's wearing a bracelet and he will be under supervision when he comes back.
- No, he has not been sentenced yet.
- No, but if he get sentenced, I'm saying--
- No, he has, okay, Rachel, do you wanna talk about the jurisdictional issues about sentencing a Kansas case and whether or not the state of Wisconsin will?
- I'm not sure what DOC requirements will be here in Wisconsin. I mean, Kansas can sentence him to meet with Kansas probation agents, but as far as what transfers over to Wisconsin, I have no clear indication what would transfer over and what would not. He would have to register on the Sex Offender Registry, other than that, I'm not certain of anything.

- It's because he has not been sentenced. We don't know where probation will be. We don't know what the conditions of probation will be. Or if there will be conditions of probation. Nor do we know whether or not the court will order Mr. Counard to successfully complete sex offender treatment. We don't know anything, basically.

- Okay, let's go ahead, unless there's more questions or discussion, let's go ahead and vote.

- I do have a question. Is the ankle monitor just right now until sentencing? Do we know? Is that, or we have no clue?

- I would say we don't have a clue at this point because that'd be a part of probation, correct, Melissa.

- It could be. It depends. I mean, we just, like I said, he's not been sentenced. We don't know anything other than in a city right now, and he's gotta go back to Kansas to be sentenced. It's up to the court to decide what the court wants to sentence Mr. Counard to. So, and, and my understanding is that the motion that's made is address-specific and it's not for a specific time period, correct?

- That is correct.

- Okay.

- I would be open to an amendment for a time period.

- I think we have to vote on this one.

- Yep. So let's go ahead and vote. I think it was sent out to vote. So let's go ahead and vote. Fay, I assume, your motion, you wanted to vote for, you're wanting to vote yes to the motion?

- Yes.

- So you don't want an amendment, right?

- We have to vote on this one first before we can set up a new one. That's what Rachel has said.

- Right.

- If it fails, then we can bring up a new motion.

- Motion passes two to one to one.

- Okay, sir, you have been approved to live at 2760 Finger Road, address-specific. Do you want that sent to that particular location?

- Yes, please, and to Dory if possible.

- To who?

- The landlord.

- Oh, to the landlord.
- I can do that too.
- Yeah, I think we just would send it to you and you can make a copy of it.
- All right, thank you.
- All right, thank you very much. Okay, next up is Mr. William Charles Peters. Mr. Peters, are you on the phone? You have to take yourself off mute, sir.
- [William] Yeah I unmuted.
- All right, thank you sir.
- Okay, we are here to, let's bring up your report again real, apologize. Your request to move to 1280 Doty Street, correct? Is that correct Mr. Peters? Mr. Peters, are you there? Mr. Peters? We can't, if you're on Mr. Peters, we cannot hear you.
- [William] Can you hear me now?
- I can hear you, yes.
- [William] Okay, yeah, to 1280 Doty Street, that's correct.
- Okay, and you're currently living at that location, sir?
- [William] Yes, I am.
- How long have you been living there?
- [William] About five years.
- Okay, sir as we go over your conviction again, we ask that you not use a personal name or a surname, so why don't you first tell us about your case which it looks like, second-degree sexual assault. Is that correct?
- [William] That was back on, well it was April 14, 1995. I was convicted of that. And she was between 13 and 14 years old. Which where I met her was downtown. Prior to that, I had sexual intercourse with her. That was back in 1995.
- Okay, did you know how old the person was when you committed that crime?
- Not really, no. Not 'til after.
- Okay, how did it come to light that this was brought up for a criminal reference for you sir?

- [William] I was going by the Pyramid place, I had arrest warrant out back '95 for that case. I was living on Maple Street at the time, I believe.

- Okay, so you're saying, I mean, so, you had sexual intercourse with the victim. Are you saying it was consensual from your standpoint? I know the state does not consider that consensual under the age of 16, but.

- [William] Yes.

- Is that what you're saying?

- [William] Yes.

- Okay, Officer, do you have any details of the criminal complaint?

- [William] No, I do not.

- I'm asking the officer, I'm sorry.

- [Paul] Yeah, I have details on the criminal complaint.

- Can you give us any information as to what the victim said in regards to the incident?

- [Paul] According to the criminal complaint, the victim told Mr. Peters that she was 13 at the time of the incident.

- Does it say that, whether he forced himself on her or not?

- [Paul] It appeared that it was consensual.

- Okay. Sir, how long have you been living at this location you said?

- [William] Five years.

- Okay, did you know of our ordinance?

- [William] I didn't know about the ordinance until I was told about it.

- Who told you?

- [William] I was just told by Tristan Terry.

- Who is?

- [William] She is a probation and parole officer.

- Are you on probation for something else at this point, sir?

- [William] Yes, but it's not for this case, it's for strangulation and battery charge.
- That occurred last year, correct?
- [William] Yeah, I9, 2019. It's currently, this currently was back in November.
- Can I ask who that was against?
- [William] That was Laura Hence.
- You have any contact with the victim at all anymore?
- [William] No, I do not. I have no contact with the victim.
- Okay. Sir, are you currently employed?
- [William] I get disability right now. But I am looking for, well I'm getting disability, but I am looking for work part-time.
- Sir, what's your disability if I may ask?
- [William] I have a learning disability.
- Okay. All right is there any more questions for him or anybody have questions for him regarding the incident?
- Are you still living with your brother?
- [William] Yes I am, he is right next to me.
- So none of the charges, criminal history are against your brother?
- [William] What's that? No.
- Okay, thank you.
- And did you have treatment?
- Well there, sir, you have a right to talk about programs either in public or in private session. Which would you prefer?
- [William] I did have it, but that was back when I was on probation for this offense. That was 25 years ago. But I was looking for records, they have no records of it. But that was part of my supervision that I had to do the treatment or I wouldn't get off of probation. That was my regulation and rules for the probation. When I was on supervision, they told me that I had to have the treatment and then I took the course. But we were looking for the records, but there's no records because they said because it was that far back, they didn't have, they couldn't find it. It's out of the system.

- Okay.

- And if it wasn't part of the sentence?

- [William] Well, my probation officer put that on there for my probation. That was part of my probation that she put on there that I had to have that sex offender treatment.

- Have you had any anger, alcohol, drug treatment?

- [William] I didn't do anger or drug treatment but my probation officer right now, she's putting me in programs, but right now, because of the COVID-19, there's nothing we can do. Right now, she's getting everything set up for that. She's getting me enrolled in the programs for anger management and ALD. But I did go through anger management once before. That was a couple years ago.

- And Mr. Peters, do you have any substance abuse problems that you're seeking treatment for or attending AA or NA? Or have you--

- What's that?

- Have you gone to AA or anonymous?

- [William] No I have not. Like Alcohol Anonymous, I've never been through those programs.

- Okay. Does anybody else have any more questions for Mr. Peters? Does anybody want to speak on behalf of Mr. Peters?

- [William] My brother will.

- Sir, I need your name and address for the record, please.

- [Gerald] My name is Gerald Peters. I live at 1280 Doty Street, Green Bay, Wisconsin.

- Okay, go ahead sir.

- [Gerald] So my brother's been doing a real good job. I've been living with him for five years. He minds his own business. He stays home. Takes care of the dogs. Helps me with the rent. Keeps the house clean. He's a very good person. Doesn't, you know, doesn't try to find any trouble except for when he was dating this girl, but he's a good man. He just made a mistake when he was 18 years old and you know, 19, knowing, he understands that he made the mistake and he has to live with that.

- So, what you're saying, sir, just so I understand, so the other issue that he's had that's he's currently on probation for were related to a relationship he's no longer in?

- [Gerald] Yes.

- There's a no contact order, Dean. In the paper.

- [Gerald] No contact, yes.

- Okay. Didn't know if that was still in place or not.
- [Gerald] Excuse me sir?
- I just didn't know if that was still in place or not.
- [Gerald] Pretty sure it is 'cause he's on probation, yes.
- Okay. Is there any other questions for Mr. Peters?
- I don't know if this is for Mr. Peters, but on the landlord letter she said, who has been signing this form for previous years? What does she mean by that?
- [William] You know, because nobody ever knew that we needed to sign the form and I sent that to her and I guess maybe she was just wondering what this was about because I never knew any form had to be signed ever before until the probation officer gave me that letter.
- [Deanna] Renee, this is Deanna. I spoke with the landlord and that is the case. And she asked me if he's gone in front of the Board before, and I told her no, and she said, oh, okay. She goes, that's why I had that on the letter. She thought he had been submitting this every year.
- How come you didn't come before us when you moved there first five years ago?
- [William] Because I didn't know anything about it until my probation officer told me that I had to do the forms.
- You mean, just recently she told you that?
- [William] Yes.
- So, you registered with the state, yes? But not for Green Bay?
- [William] Right, 'cause I didn't know anything about for Green Bay 'cause my PO told me, that's when I found out was when my PO told me.
- What address did you give this, okay when you registered as a sex offender previously, what address did?
- [William] The address that I put on there was this address.
- Okay, and there's, okay just for clarification, Rachel. There's only one registry, correct? It's just depends on who you initiate the registration with. Whether it's, local law enforcement, sheriff's department, or your probation, correct?
- Yeah--
- No, Mr. Peters.

- There's one state registry protocol.
- Okay, and you've always used this address?
- [William] Yes.
- Okay. And how long have you had this particular probation officer?
- [William] Probably just, I just started in November with her.
- And you were on probation previously, correct?
- [William] Just got on probation.
- No, no, no, no. 2017, were you on probation for criminal damage to property and domestic abuse?
- [William] No, never was. I had to pay a fine.
- Okay, you only had to pay a fine. What about your misdemeanor case back in 2011 where you pled guilty or no contest to battery?
- [William] Yes, I already served--
- No, what I'm asking you is did you have a probation officer for that offense?
- [William] I, yeah, that was a 12 month, that was all that was.
- Okay, and were you living at the 1280 Doty Street address?
- [William] Then, no, that was a different address. That was a couple years ago. I was married then. That was like seven or eight years ago probably. That was like seven, eight years ago that one.
- Okay, thank you.
- Okay, does anybody wanna make a motion in regards to Mr. Peters.
- Motion to approve, address-specific.
- Is there a second?
- I will second.
- I sent the vote through, Fay. How are you voting?
- Yes.
- Motion passes three to one.

- Okay, sir, you've been approved to address specific to what was the location again here--
- 1280 Doty.
- Yep, do you want that sent directly to that?
- [William] Yes, please.
- Okay, we'll do that. Go ahead sir, thank you very much for your time.
- [William] Thank you everybody for their time.
- Next up is Ms. Plansky. Ms. Plansky are you on?
- I will, oh, I don't see her on anymore.
- I'm gonna make a motion to move her to the next position just in case she comes back on considering that we seem to always have some issues with this. Is there a second to that?
- I'll second.
- All in favor say aye.
- Aye.
- Aye.
- Opposed?
- Okay, we're gonna go ahead and move her to the next spot here. So we're gonna start next with Mr. Leo Basulto. Mr. Basulto, are you on the line?
- I checked inmate custody list for the county, and it appears as though he's in custody.
- [Woman] Hello?
- Hello, who just tried to speak.
- [Woman] Hello?
- Yes, who is this?
- [Sandy] Sandy Plansky, I'm sorry.
- That's okay, ma'am. We're just, we moved on to the next person, we're gonna take you up next. So if you just hold on just a moment.
- [Sandy] Oh, okay, thank you.

- All right, so the fact that he's not here. I'm gonna make a motion to deny him to 1239 Klaus Street.
- Seconded.
- All in favor, actually we gotta vote, sorry.
- All right, so this is a motion to deny, so a yes vote is to deny placement or approval.
- This is Fay, yes.
- Okay, motion passes unanimously.
- Okay, next we'll get to Ms. Plansky.
- [Sandy] Yes.
- Okay, you're looking for an appeal to 627 Hartung Street, correct?
- [Sandy] Correct.
- All right. Hang on a second. Bring this up. So I guess before we get started, just for the Board here, we heard her case back in March, okay, and essentially it failed, 'cause there was a tie and there was no one to break that particular tie. And then I'm seeing in June we had issues with communication here. So before we get started, 'cause this is the same address that she's asked before, so I guess my open question to the Board is do we wanna go through the entire case again or do we wanna talk any specifics as to if anything has changed with her?
- I was not here in March, so I would like to go over her case.
- Okay, as long as you know. So okay, Ms. Plansky, we're gonna go over your case again. Prior, so as we do that, just refer to the person as the--
- [Sandy] All right.
- And don't use names. So back in 1991, you were convicted of first-degree sexual assault and you were sentenced to 10 years. Can you tell us what happened in that particular case?
- [Sandy] I served a little over five and a half years. My crime was inappropriate touching, intercourse, and oral sex with a minor.
- How old were you at the time ma'am?
- [Sandy] I, gosh--
- I think it was around 38. I figured it out.
- Okay, so did you know the victims prior to the assault?

- [Sandy] Pardon?
- Did you know the victims prior to the assault?
- Please don't state your relationship to the victims. There's more than one, correct?
- [Sandy] Correct.
- Okay.
- Okay.
- Go ahead.
- So I guess my question is what was going through your mind as you were doing this?
- [Sandy] Well, honestly, I don't know. It was a very dark and stressful time of my life. There's no excuse for what happened. I'm not minimizing because I am very guilty of what I did. I didn't have a very good support system in place. I was going through counseling, but the counselor I was going, we were all going to, I knew somebody that worked there and there were a little difficult to discuss certain issues because I wasn't sure how quiet things were gonna be kept. And there wasn't many places to go back then.
- Can I ask why in March, when you were before the Board, you said it was hard to describe what happened because you don't remember? And now you know?
- [Sandy] Well, because, I wanna apologize. Because like I said, this is very difficult for me to talk about. There are certain details I may never remember. But as time goes by, some of it does come back to me. And because it was so traumatic for everybody including me, it's taken a long time to shake this out into the open in my brain. And so, working on this because there's no point in keeping it buried so deeply that I can never truly get past this. It distresses me to this day.
- So are you, are you in any treatment now? Are we, I mean, can I ask that? Or do we have to have--
- The person, ma'am, you have a right to talk about treatment programs either in public or private session. Are you okay with a public session or do you wanna move to a private session?
- [Sandy] Public is fine.
- Okay, go ahead.
- So are you in any treatment now or any counseling or?
- [Sandy] When I have something that really bothers me, there is a hotline number that I have that I call when I need to talk to somebody or I have very close friends that I can discuss these things with. Like there's somebody I work with, she's a very good friend of mine. And she will listen to me and make some suggestions. I've also learned that journaling my thoughts is a very good way for me to deal with issues. I will type everything out that is bothering me. I will print it out. I will read it. Think

about it, and once I've gotten past that particular issue, I will rip up the paper which for me is a way to relieve that. And get it, get me past that moment.

- Are we talking, are you, when you're talking about issues and you're talking to your friends, your friend about it, are you talking about issues related to this crime?

- [Sandy] Yes, I can trust her with anything. She does not repeat what I say.

- Now are you talking about, okay. Is that your friend or when you call the hotline?

- [Sandy] Well, I've told the hotline once or twice because I didn't have anybody to talk with at the time. And the hotline helped me just with that. It helped me get out of my system what I was dealing with at that moment, and that's something I will continue to do is reach out to somebody. And I'm thinking about going back to treatment for a while just to help me with this. But with the COVID obviously, that's not gonna work right now.

- They have tele-health. You can still get therapy. Tele-health therapy.

- [Sandy] Right, I'm going to get my tele-health therapy. I need to do this for me. Nobody else, just me.

- Ma'am, are you currently employed?

- [Sandy] Pardon?

- Are you currently employed?

- [Sandy] Yes I am, I work at All-City Communications.

- How long have you had that position?

- [Sandy] Three and a half years.

- Okay. And how long have you been living at this address?

- [Sandy] Six and a half years.

- And just, Renee, did you have any more questions? I don't wanna cut in.

- No, you can go ahead.

- Okay, Ms. Plansky, now you've lived there for six years and you were charged with failure to register, is that correct?

- [Sandy] Pardon, I'm sorry?

- Did you, were you charged with failing to register as a sex offender in 2018?

- [Sandy] Yes, I mailed in three letters, and somehow they--
- That's not what I'm asking. That's not what I'm asking.
- [Sandy] Okay, I'm sorry.
- That's okay.
- [Sandy] Yes, I was charged with that.
- And you pled no contest?
- [Sandy] Yes.
- Okay, and did you have a probation officer?
- [Sandy] I do now, yes.
- How did you learn that you are not supposed to be living in your current address without coming before the Board?
- [Sandy] My probation advisor, probation officer advised me that I needed to register with the city or get permission to live here.
- Okay, when did you probation officer tell you that, you needed to ask permission from the city to stay in your residence.
- [Sandy] Let's see, that would've probably been way back in February--
- Of?
- And I sent in the paperwork originally--
- What year?
- [Sandy] This year, 2020.
- Okay, so just to be clear, you were charged in 2019, November, with failure to register and you were convicted last year in 2019, and you were notified in early part of 2020, correct?
- [Sandy] Yep. It may have been late 2019. I'm sorry I don't remember specifically. It was either late '19 or early 2020. That was with all the paperwork, I filled it out and sent it in, I also had my landlady signed the paperwork.
- Yeah, so back in March she came in front of the Board, and it basically was a tie vote, which meant denial at that particular point. So I guess a question is, I guess for the city, Rachel, why didn't we go up there and give notice?

- [Sandy] Yeah, I'm still trying to remember everything. It may never happen, but I am working very hard.

- Community police officers were, community police officers were notified. I'm not sure why nobody came out to visit. And then, Ms. Plansky had resubmitted another application so at that point no citation was issued because she had reapplied with updated information.

- And Dean, just to be clear, it was, I believe I voted against last time because Ms. Plansky had no proof, provided no proof that she completed sex offender treatment. She also said she did not remember what happened. And she submitted proof and I can honest, I can say this, and I do have a question. Ms. Plansky, do you know how you were able or do you remember anything about your sex offender treatment?

- [Sandy] When I was at, we had a group that met weekly. We discussed what happened and we learned how to recognize our triggers and how to change the reaction. So say somebody was pushing my buttons, I'd stop and think or I'd leave the room to regroup. That's one of my triggers. Or if I get really stressed I would listen to relaxing music or read a good book or talk to somebody. And again, the journaling. And also, where's the list, Fon-du-lac or Ellsworth, we had to write a letter to our victims, which was never mailed. We left it in our group to make sure we were not minimizing or blaming, but also help--

- My question for you is how are you able to participate, remember what happened?

- [Sandy] There's some pieces I did remember at the time. And are the same bits and pieces I remember now. There are some gaps in my memory, yes. And talking with others helped me as it still does.

- Contact with your victims now?

- [Sandy] No. Which I respect.

- All right, so is there any other questions?

- I'd like to make a motion.

- Go ahead.

- I'd like to make a motion to deny Ms. Plansky's request. What my concern is with regard to public safety. She knew she had to register, she failed to register. The fact that Ms. Plan, I don't know how anybody can get anything out of sex offender treatment if they don't remember what happened. They only know bits and pieces. I'm concerned that she's not seeking additional treatment. For this, I understand speaking to friends is very helpful. Due to the nature of this particular offense and the egregious nature of the underlying, I'm very concerned. So my motion is to deny.

- All right is there a second? I'll make a second motion.

- Rachel, you're on mute.

- You should have the vote. Fay, it's a motion to deny. So yes is to deny, no is--
- I vote no.
- I didn't get a vote.
- Yours didn't pop up?
- It did right now.
- Okay. Motion to deny passes three to one.
- All right, Ms. Plansky, you've been denied to live at 627 Harting Street, or Hartung Street. So you're gonna have to find a new place to live and so if you don't remove yourself from that location, officers will arrive and not only will you be fined, but your landlord would be fined as well. So it doesn't mean you cannot reapply sometime in the future or to a different location, but you cannot live at this location.
- [Sandy] Is there anything I can do to become approved to live here?
- You know, I can't speak for any other Board members, but again, I think the thing that Melissa brought up in regards to sex offender treatment programs and things that will give us more confidence in terms of understanding where you're currently at would probably be appropriate. But you know, I can speak--
- [Sandy] Okay, sorry. So didn't my agent send in the paperwork that was available? I know she emailed it over and it was supposed to be sent to you.
- I receive, I think everybody received it. I saw that. But even though she showed, that provides proof that you participated in the treatment and completed it, I still have my concerns. And those are the concerns I stated earlier.
- [Sandy] So how much more, would it help getting myself back into treatment?
- Yes.
- Yes.
- [Sandy] Okay, I will definitely do that. I will do some research, get myself enrolled in treatment. I will send you proof that I am enrolled in treatment if that will help. Not a problem.
- Speak with your probation officer. That individual is there to help you.
- [Sandy] Okay, I will speak with her. I will get into treatment. And we'll take it from there.
- Ms. Plansky, it's important to note that you're not approved to live at that address currently. There is no pending return date or anything like that. You've been denied to live there. I just wanna be clear.

- [Sandy] Okay.
- All right, thank you. On to the next case. So, Mr. Joshua Lemerond.
- It says via telephone, do we have to call?
- [Joshua] Hello?
- Mr. Lemerond?
- [Joshua] Yeah.
- Okay, great, we just wanted to go ahead and get up to date on your case. You're back for a 60 day review in regard to your treatment program. Again, I just wanna give you the option. You can do this in the private or public session, which would you prefer?
- [Joshua] You can do public.
- Okay, the last time we looked at approving you for 60 days pending you giving us information regards to really proof that you're in treatment. So I'm just going back to look here to see if we got that. So it looks like I have here, and correct me if I'm wrong, Hagar Enterprises, Limited in terms of your treatment programs. Is that correct sir?
- [Joshua] Yeah, with Pablo.
- Yep.
- [Joshua] Yeah, did they send you guys the letter from my assessment?
- Yes, we got the letter.
- [Joshua] All right.
- So does anybody have any questions in regards to this information?
- Well, you had your assessment, but are you in treatment?
- [Joshua] No, from what my probation officer told me, she said that he ain't doing no treatment right now 'cause of the COVID. And I talked to her last week.
- I mean, looking at this letter and it says, he is recommended to participate in treatment. Goals in treatment are to be done by investigators which justified led to the offense. This is what Pablo said. But you're saying right now there's, he's not seeing anybody.
- [Joshua] Yeah, that's what my probation officer told me. And she told me that Pablo's supposed to get a hold of me and I don't have his number or anything.
- Well, it's right here on his letterhead, along with his--

- [Joshua] Yeah, I never got the letter. He sent it to my probation officer.
- I'm just saying, if you wanna get a hold of him, that's the number to call.
- But he doesn't have it. Mr. Lemerond, you need to contact your probation officer and see if you can get that information from your probation officer and contact Pablo because even, he may be starting Zoom meetings. That's what a lot of classes are doing right now.
- [Joshua] All right. Yeah, I gotta call her tomorrow, so.
- I would suggest even if you didn't, you need to call her and get that information.
- [Joshua] All right.
- All right, what do we wanna do here folks? Do we wanna give him an extension to get this, 'cause obviously he has reached out.
- Motion to approve, address-specific, for a period of 60 days and when he returns, an update that shows that he's starting, enrolled and participating, actually started classes.
- Is there a second to that motion?
- I will second.
- All right, I just sent the vote.
- This is Fay, yes.
- Okay. Thank you. Motion passes unanimously.
- Okay, sir, you will get a letter indicating that you have to come back in 60 days and have that proof of documentation as requested.
- [Joshua] All right.
- All right, thank you.
- [Joshua] Thank you.
- Next up is Mr. Curtis Brabbs.
- He's there, but it's on mute.
- Mr. Brabbs, can you take your cell phone off mute, please?
- [Curtis] Hello? Hello?
- Hello.

- [Curtis] Hello?

- Hello.

- Hello, can you hear us?

- [Curtis] Yeah.

- All right. Okay, last time we had met, we gave you a 60 day opportunity to provide documentation and I'm looking through it here. And you guys see it? I'm--

- No. No, I did not see any.

- Sir, so you were supposed to provide us documentation from your PO in regards to your treatment programs via Skype.

- [Curtis] Yeah, they were supposed to be sent. I did the assessment already and I did three, like talking sessions with the counselor and it was mainly just to kinda get to know each other, get to kinda ask a couple questions, and my first group is tomorrow.

- Who was supposed to send it to the city?

- [Curtis] My counselor was gonna send a copy to my PO and to the city. And I just talked to my PO before this call because I was kinda, I didn't know how to get in on a Zoom, I don't really know how to work the electronics that much, but as far as I know, everybody should've gotten those already. I had the assessment done right after I talked to you guys last time and then like I said, we had three sessions where we just talked on the phone, and he asked me a few questions, I asked him a few questions about, 'cause you know, we can't meet in person, so we're just over the phone. But my first class is tomorrow and it's over the phone.

- Okay, Mr. Brabbs. It's your responsibility to make sure that the people who need this, who are supposed to send in the documentation send it in. Okay, that's your responsibility. You need to call and make sure that they actually follow through.

- [Curtis] I did that. You didn't, I'm saying though, you didn't even ask me that. I did, I just talked to the guy. I just talked to him on Friday. And I just talked to my PO right before I talked to you guys.

- Well--

- When did he say he sent it?

- [Curtis] Well, when I talked to him on Friday, he didn't give me a specific day, he said he sent it and I told him I needed it, the assessment sent, and he said he was also sending one to my PO or that he also had sent one to my PO. And when I just talked to my PO she didn't say anything about it. As far as I know, she got hers too. I'm not, I'm not 100% sure on it, 'cause I didn't ask her, but she didn't ask me about my assessment or nothing. She knew I was having it done. And she's been in contact with my counselor also. They talk on the phone.

- May I make a suggestion then? Or make a motion? Motion to approve address-specific for a period of 30 days and in the event that Mr. Brabbs' counselor sent it off on Friday, giving him the benefit of the doubt, just so we can get things moving along?
- Is there a second to that motion?
- I will second.
- All right, you should have the vote.
- [Curtis] I've done everything that I was supposed to do.
- Mr. Brabbs, there's a vote going on.
- Well, sir, you haven't. Because again, as Melissa said, they should've sent it to you and you should've brought it to the city. That's how things--
- [Curtis] Yeah, but they're not allowing us to go down to these offices. We can't go in these buildings.
- That's not exactly what I said. What I said was it's his responsibility to make sure that they sent it. Mr. Brabbs already said he spoke to the counselor, counselor said he sent it without providing a date. What I suggest is giving him the benefit of the doubt, we just put it over for 30 days.
- Yep, and that's the motion, so all I can say is let's see how the vote goes here.
- Fay, what's your vote?
- Yes.
- Motion fails two to two.
- Okay. Motion has failed. Sir, so at this particular time, you can reapply in 30 days, but you are not gonna be allowed to live there anymore. And so we don't have that documentation at this particular point.
- [Curtis] So I have to move out and then go reapply in 30 days.
- Yep. Motion failed to extend your term of 60 days, which was we were supposed to get--
- [Curtis] I thought Melissa just said to extend it for 30 days.
- That was the motion and it failed. So she gave that suggestion. It was brought to a vote, and it was a tie, which means it fails. Okay?
- [Curtis] But look, I got into treatment. I've done the assessment.
- Mr. Brabbs, just for a second. Can I make another motion? I'm thinking of another motion.

- [Curtis] I start the program tomorrow.

- Okay, Mr. Brabbs, we understand. You already told us. Just give us a minute please. How many times has Mr., I can't toggle unfortunately between all the different tabs. How many times has Mr. Brabbs been before us for this particular address? If any--

- February, May, and now today.

- Okay, in February, what was the problem? Why was it put over 'til May?

- We gave him 90--

- Uh--

- Wait, Mr. Brabbs. Just wait, I'm asking, please.

- Again, we gave him 90 days to get his assessment done.

- Okay, but that's, we had COVID. We had COVID.

- Yep, yep.

- Okay, so in May, what was?

- So in May, we gave him another 60 days to get documentation to us that he did get this done.

- Okay.

- So he's basically had, you know, 150 days.

- [Curtis] Look, I've done all I could do. And not only that, to speak on this, I'm paying for this myself. The counselor, isn't paying for, I had to pay for that assessment myself. And I'm paying for every class myself. This is coming out of my pocket. I've done the assessment. I've done three programs with him and my first initial class is tomorrow. And I've done everything. And I even checked up before 'cause I knew we were having this class, and I called him on Friday and he said it was sent. He said he was taking care of it. I've done everything I've done.

- Okay, Mr. Brabbs--

- [Curtis] Ever since I've been out of prison, I've worked, I've maintained my own residence, vehicle, I got my license. I have not been in no trouble. I've not had no contact with nobody. My PO, they don't--

- Okay, Mr. Brabbs. I understand Mr. Brabbs. I know you're very frustrated. I get that. Can you just hold it a second. Is there any possible way to contact the probation officer to see if the probation officer received any information?

- Not at 5:30 at night.

- Okay.

- Here's what I'm willing to do, Melissa. I mean, I'm willing to make--

- I just, because here's the thing. We just approved someone who's not been sentenced yet to live within the city of Green Bay who's never had any sex offender treatment. And we don't know what's going on. And this is somebody who here, and has been processing. Do you see, it seems like, it just doesn't make sense to me.

- Well, I'm not gonna compare this to anybody else's case, 'cause every case is different. And so, but my, I'm willing to make a motion that if the city receives the information by Friday, 5:00 PM, that what he's saying is true, then I would grant 30 days so we have a chance then to review it.

- [Curtis] What would you need 30 days for?

- Hey, if you speak one more time, I'm just gonna deny, we're gonna deny you unless you've been asked a question, okay? So you need to be quiet.

- I don't think that's appropriate.

- Well, I'm tired of him jumping in.

- He can't see us. He doesn't know what we're, we're not in a room.

- Yes, but he should be quiet until it's his turn to talk like all the others. He can wait until he's asked to talk.

- And I will explain it. So the motion I want to do is essentially give him an opportunity the next two days to get that information, they can fax it, they can email, they do whatever to the city to prove that what he's saying is true, okay? And then he'll come back in 30 days and we have a chance to look at it. So what I'm basically saying is, I'm gonna give, I'm gonna make a motion to allow him to stay where he's at for an additional 30 days as long as the information that he said they sent gets to the city by end of day Friday. And then when we have a chance to review it at our next meeting, then we can make a final determination.

- I will second that.

- Well, I haven't made the motion yet, but that's what I want to do. I'm gonna make a motion, address-specific, to allow Mr. Curtis Brabbs to stay at 1950 Fiesta Lane for 30 days so long as the documentation as to his assessment and class schedule is submitted to the city by end of day, business, 5:00 PM this Friday, which would be July 10th.

- I second that.

- All right, the vote has been sent.

- I'm saying yes.

- Okay. Motion passes unanimously.

- Okay, Mr. Brabbs, here's what you need to get done, okay. That information that was requested in terms of your assessment and your class schedule in regards to your sexual offender treatment needs to be at the city desk no later than 5:00 PM this Friday. If it's delivered to the city by 5:00 PM on Friday, you'll automatically be for 30 days in that residence, and give us a chance to review this so then we can have final disposition on this. So they're gonna need to email it or somehow get it to the city by Friday or you're gonna be denied. Do you understand that?

- [Curtis] Yes, I do. And I would like to speak for a second.

- Go ahead.

- [Curtis] I got out of prison on December 10th, 2019. The judge had released me two years early based on good behavior when I filed my early release petition. I had gotten in no trouble I was in prison. On December 10th, when I got out, on December 16th, I had my license. Flat, four days after that I had my own vehicle and I got it insured. On December 26th, I started work. When the PO came to me about getting assessment done, because I was not court-ordered to do treatment. I was only court-ordered to do an assessment. I had to sit there and go through all this. I had to pay for that myself out of my money. And the classes that this guy is doing, I have to pay out of my pocket. Every Friday when we do a class, I have to pay for it. And I've done everything. I have been in no trouble with the law. I have had no probation violations. But yet, I'm sitting here being treated, I told them to send it. I've never even seen the guy. I have to do everything through the phone. His office isn't even open. It's not like it's been very easy to get through all of this. But you know--

- Sir.

- [Curtis] I've done all of this, but yet I'm sitting here being treated like shit.

- Well, sir, you brought yourself into this own situation by assaulting--

- [Curtis] Yeah, and I've done everything to get myself out of it too. I paid for all of this.

- Well, sir, you're getting the opportunity to live in the city of Green Bay when the city itself says we don't want any sexual offenders anywhere near the location you want to live. So this Board is giving you the opportunity to live within the city and has provided a mechanism for that. You know, whether you agree or disagree with that, that's your choice. You can vote for somebody different to change the law. But this--

- I'm not asking for that.

- This Board is giving you this opportunity and the city has allowed that, or else there wouldn't be an opportunity for you to live in the city of Green Bay.

- [Curtis] You know what though? Like, just like you said, I've been through three of these meetings. And I've heard all of the people talk. And how many times have you guys approved people who haven't even been doing anything? I've done everything that they want me to do. I've sat here and watched you guys. I've seen you on every one. And I've seen you do this. But yet you treat me like,

you know, like, I called him on Friday to make sure that it was sent. To make sure it was prepared for today. I just got done calling my PO before I got on the thing to make sure that everything was situated. I've done everything I can do. Because they didn't do it, you're talking about kicking me out, that's what you were before this motion. Where am I supposed to get this money for rent, security deposit, to move? I mean--

- Mr. Brabbs. You didn't confirm with the city of Green Bay that your documentation had been received. That's what was required of you.

- [Curtis] You know, I have not even received the documentation myself. I have never even seen the assessment. I did the assessment on the phone with the guy. I've done everything with him over the phone. His office, which is at Oneida Behavioral Health, is not open to the public. They don't even go to work there. He's at his home. I don't have fax machine, I don't have copy machine here. I don't have anything. I don't have nothing. But I work every day. My car is registered. I've done everything I have. And I have some just, and they were supposed to send over one thing. But I'm the one who gets, you know?

- Mr. Brabbs, your agenda item has been voted on, we need to continue on with the meeting.

- Does he know exactly who this has to go to?

- [Curtis] No, can you guys give me a fax number or something so I can contact my PO and they're gonna wanna talk to you guys?

- The law department's fax number is 920-448-3081.

- [Curtis] 448--

- 3081.

- [Curtis] 3081. It will be sent tomorrow. I promise you that.

- I was gonna say, that's the fax. How can he check on it? Is there a number he can check?

- He can call after it's faxed. After they say it's faxed, you should call the law office.

- The law office's general phone number is 920-448-3080.

- [Curtis] 3080?

- Yes, the general number and the fax number are one digit off. The main phone number is 3080, the fax is 3081.

- [Curtis] Okay.

- All right thank you, Mr. Brabbs.

- [Curtis] It will be sent tomorrow.

- Okay, next up is Mr. Robert Hass.
- [Robert] Hello, can you hear me?
- Yes, we can hear you, thank you.
- [Robert] All right.
- Okay. All right Mr. Hass, we're here to hear your appeal to move to 421, correct?
- [Robert] Yes sir.
- All right, and you are currently at 1617 Kellogg?
- [Robert] No, I'm not. I was at 1761 Shawano Avenue, Apartment 11. I was discharged this past Sunday. I'm currently staying at the Village Inn until tomorrow morning. And then--
- You're at the TLP?
- [Robert] No, I'm not anymore. Yes, I was at the TLP when I applied for 421 Cherry.
- Okay, and why were you the TLP, sir? What were you at the transitional area for?
- [Robert] I was released from Sheboygan County Jail back in April of '20.
- And what were you released from?
- [Robert] I was released on a signature bond 'cause I was facing a new case from 20 years ago. That case got dismissed on April 5, 2020.
- Okay, from 20 years ago?
- [Robert] Yeah, 'cause, go ahead. That was in regards to a sexual assault case against my brother.
- Okay.
- It's dismissed though.
- Right. Before that, before you were at TLP, were you still at that location where we last approved you at?
- [Robert] The last address that you guys approved me at, I got denied because I was in jail. Actually, and I wanna take that back. The address that I applied for two years ago, I was denied 'cause of rule violations. That was the Kellogg Street.
- All right. Okay, so it looks like the last two times, back in February of '18 and of '18, you were both denied 617 Kellogg and of 421 Cherry Street last time again back in February of '18. So I guess--

- The reason why--

- Go ahead.

- [Robert] The reason why I was denied 421 Cherry back in February 2018 is because I was doing a sanction because of rule violations I was doing.

- So how many, how many times have you been involved with the law since November of '17, sir?

- [Robert] Three times.

- Because back when we approved you to 421 Cherry in '17, one of the things we talked about was Thinking for Change certification of completion. And again, we are talking about your treatment programs, so we can go onto private session if you prefer. I think you're the last case though, but I think you're the only one on, but if you want us to go that direction we can.

- [Robert] No, I can do it public.

- Okay. So back then, you know, you were working on your again, Thinking for Change certificate of completion and that you were gonna be in SOT treatment as well. Did that ever finish happening? Obviously, you know, we approved you for that because you brought that in, but did you continue to get completion of your SOT or not?

- [Robert] I'm currently in SOT with Marshall Fitzpatrick over the phone and we meet every Thursday. I just have asked him on Monday to email Deanna a letter for the Board.

- Yep, we've received that.

- Yep.

- All right. And then also I had a volunteer named Terry from Circles of Support who also sent an email to you guys.

- So are you currently employed, sir?

- [Robert] Yes, sir. This Saturday will be two months.

- Where are you at?

- [Robert] TNT Crust.

- Okay. Does anybody have any more questions for him?

- What I'd like to know is, you completed, it shows you completed SOT treatment back in October of 2018. Why, well how many times a week are you meeting with Kirkpatrick and Associates?

- [Robert] Once a week.

- And is this one individual or a group.
- [Robert] Group.
- And why are you meeting with them?
- [Robert] Because I have to, it's court-ordered to do treatment.
- What?
- [Robert] For sex offender treatment because when I completed the SO three program, my facilitator I had, Rebecca Kurnst, she recommended that I do SO four.
- And is this, it's not in person is it?
- [Robert] Not right now.
- Okay, so you're doing it on the phone or what?
- [Robert] I do it over the phone.
- Okay, and who is the person that you're actually meeting with? Who's the facilitator or the therapist?
- [Robert] Marshall Fitzpatrick.
- Kirkpatrick, got it. Excuse me.
- Sir, why do you think we should approve you to this location this time?
- [Robert] I'm currently following my rules. I'm open and honest with my PO, with group. I'm reaching out for help via Circles of Support, AA. I just started doing, attending AA again this past Monday. And this address is a sober living house, so I would like to be around other guys that are in recovery to be able to you know, reach out if I feel a urge to use.
- How many people will live there or do live there?
- [Robert] A total of 10 guys.
- Are there any other sex offenders?
- [Robert] Not that I'm aware of.
- And will you be attending any programming while you're living there?
- [Robert] AA and NA and any other recovery programs. It all depends on if there's any meetings, like any buildings that have meetings 'cause I do not have that capability on my phone for a Zoom or any other online thing to attend the meetings.

- I'm sorry, I did not understand that. So, if they have, is it a requirement of the sober living house that you attend AA or NA meetings?

- [Robert] Yes, it is.

- And are those, daily, weekly?

- [Robert] Daily.

- And do you have to provide, do you have to have a card or attendance sheet or something that provides proof that you're attending those meetings?

- [Robert] No.

- Just don't show up, I'm sorry.

- [Robert] The one on Monday nights, the guy that runs the sober living house, he also attends that AA meeting. And he also attends some other ones too.

- Okay, who's in charge, I see that this is a facility owned by the Divine Temple Church of God and Christ. Okay. Who, what program is it? Is there a particular name?

- [Robert] At the address I'm trying to go to?

- Well, it is an official program?

- [Robert] I can't give you a direct answer because I don't fully know. But the house is called My House.

- Okay, that's what I was getting at, thank you.

- All right, does anybody wanna make a motion, unless there's any more discussion anybody wants, questions.

- Motion to approve, address-specific.

- Is there a second?

- Second.

- All right, you should have the vote.

- And mine is yes.

- Okay, thank you, Fay. Motion passes unanimously.

- All right sir, you've been approved to live at 412--

- [Robert] 412, it should be 421.
- 421, I'm sorry. 421 Cherry Street. So we will send it to that location so it's there unless you want it sent to a different location.
- [Robert] That address will be fine.
- All right, thank you very much.
- [Robert] Thank you.
- Okay, our next meeting is scheduled for August the 12th at 4:00 PM. Does anybody have anything else they would like to talk about or we can take a motion to dismiss.
- I just have one question, Rachel, going back to that first person, Alvin Counard. Are you able to tell me how I voted?
- Yes, I am.
- I'm confused on that one.
- You voted, you voted no.
- No against, Fay's approval.
- Correct.
- Thank you, okay that's what I wanted to check.
- Does anybody wanna make a motion to dismiss?
- I'll make a motion to dismiss.
- Is there a second?
- Or a motion to adjourn?
- Adjourn, I'm sorry.
- Only if we can do this in City Hall next month.
- Yes, please, come on!
- I'm working on it. I mean, we're trying to figure it out. Okay, so who made the motion?
- I did.
- Melissa, are you on mute on purpose?

- Dean, did you second that motion?
- I'll second it.
- Okay. And did we take a voice vote or?
- Take a voice vote, all in favor say, aye.
- Aye.
- Aye.
- Opposed? We are dismissed.
- Have a great weekend.
