VERBATIM MINUTES

- Hello?

- Hi, I thought we were, it's hard getting up initially.

- [SPEAKER] That's just 'cause I wasn't, I didn't come on earlier.

- Okay. Well, that was my guess. I knew it.

- [Speaker] That was it. I had shades, I had shades.

- [SPEAKER] I'm glad you did.

- Hi John,

- I think John is connecting to audio.

- Okay.

- Hi there.

- And here comes Alder La fave.

- Alder Stevens might have a conflict with the traffic and pedestrian meeting.

- Okay.

- But he said if it's over quickly he'll come over.

- All right.

- Hey, Lieutenant.

- Hi there how are you?

- I'm doing fine.

- Celestine, it looks like we are recording so I can hit the time now.

- Yes go right ahead.

- All right. All right. All there. We can start.

- All right. Good evening. Welcome to protection and policy for November 16th, 2020. We'll do the roll call. Hold the story rhyme here. Alder Vander Leest. I think he's here. He's muted.

- I'm here Mark.

- Okay Sounds good.

- Thank you. Then alder La fave.

- Here.

- This here. All right. And then I believe alder Stevens. I'm not sure if he's here. If he isn't. He's at another meeting right now. Alder Stevens are you here?

- You know there's two other meetings going on at the same time.

- Right. Yes I know. Poor planning I guess.

- We do have quorum now, so we can proceed.

- We have quorum so we'll be fine. All right. Approval of the agenda.

- We can do approve.

- Motion by alder Vander Leest. Seconded by alder Le Chev. All in favor. Please say aye. Before. Well, before I say aye. Well it doesn't really matter. I was wondering if any of the other alders were on the. Somebody wanted to possibly move up. One of the agenda items. Alder Scannell Could you chime in a little bit there?

- Yes, thank you. If you could move my item up I'd appreciate it. Didn't look like alder Wery's here. So if you could just bump me.

- Alder Wery will, he will be here.

- Oh, he will. Okay. Then I could follow-

- Yeah, he will be here. So is it pressing that, I mean, as far as your item. Is there any idea how long your item might take or not?

- I don't think it'll take too long. Just getting ready to report from our attorney.

- Just an update. Well, we could, well, we already voted. Can we other Attorney Bungert?

- Yes, we can. We can do a motion to amend the agenda.
- All right. Well alder Scannell would have no right to move that up to before alder Wery's.
- Sure thank you.
- All right. Number four I'd like to move up to number two.
- [SPEAKER] Motion approved.
- I'll make a motion. I'll make a motion to, to move number four to, lets see.
- After number one.
- Before number two.
- We gotta make it distinct.
- All right that sounds good. La Fave and then seconded by Vander Leest. All in favor, please say aye.
- Aye.
- Aye

- Aye. All opposed? Okay. That passes.

- And then we need to do a motion to approve as amended.

- Okay.

- I'll make it all

- [John] We've already approved it amend it.

- All right. You guys are both on today.

- I don't care if John wants to avoid it.

- You guys are fighting. I love it. Alder Vander Leest. Then I'll give it a second by alder La fave this time. So all in favor, please say aye.

- Aye.

- Aye.

- Aye.

- That passes unanimously. So when you're ready.

- Yep, one second. And onto the minutes.
- All right. Approval of the minutes. Do we have a motion for that?
- Motion to approve.
- I'll make a motion. .
- I'll give it to La fave this time. And seconded by Vander Leest. All in favor please say aye.
- Aye.
- Aye.
- Aye.
- None opposed that passes unanimously.
- All right. And on to regular business item number one.
- All right. Number one. Consideration with possible action on a request by Kokoro LLC at 875 Lombardi Avenue. To extend the issuance of their liquor license to February, 2021 staff.

- Yes, this license was granted in October. October six, 2020. The location had a fire recently which is delaying the opening. Which is why they are requesting an extension to have the license issued in February, 2021.

- So you don't have a

- Staff is not objecting.

- No objections okay. Police?

- The police have no objections either.

- Okay thank you much. I'd entertain a motion.

- I'll make a motion. Motion to approve.

- Okay motion by La fave. Do we have a second?

- Second.

- Second by alder Vander Leest. All in favor, please say aye.

- Aye.

- Aye.

- Aye.

- Aye all opposed that passes unanimously.

- All right. We are now on to item number four which has been taken up by-

- I'm going to take it up now because I saw Randy waving his hands. I can't do it as fast as he can, but anyway. Number four. Incineration with possible action. On a request by alder Randy Scannell. To have a police report on the compliance and policing of the mask mandate. Alder Scannell did you want us to start this or you wanna go right to the police?

- We go right to the police. I'll just briefly say I brought this up because I've been hearing an awful lot gotten complaints. Plus I've seen at Facebook there are some people who seem to be brazenly not wearing the mask. And even promoting people to not wear the mask. And I was just wondering how that's affecting our police. Seeing what the police are how they're handling that. So officer Mahoney.

- Smiling because I see how they're worried.

- I'm safe.

- How are they gonna handle it Lieutenant Mahoney.

- Okay. Thank you. Pretty much since the mask mandate was enacted. The policy or the procedure that happens is. Someone calls their dispatch center. They keep a running log and then keep track of where it was at. All the police jurisdictions in Brown County are working with the health department. Where if there is a violation it's turned over to the health department. In the city of Green Bay we've had 43 calls since this mandate went into effect. Some of them were multiple calls. Some of them were not actually violations of the mask mandate. In fact, one of them was someone called the complaint in the Green Bay Packers for not wearing mask on the sidelines or social distancing. Other ones were people outside, not wearing masks. What happens is when the call comes in the health

department is notified. The health department has investigated. And either sent letters or stop by and talk to the management staff at the places where complaints were done. And that seems to have solved the issue. It's not something that's on a daily basis where we're being called. That we're dealing with it. When we do talk to management staff at various places in the city of Green Bay or when the health department has they've been very accommodating to remind their employees and their customers to please wear their masks. So our procedure here at the police department is if a place calls in or someone calls in saying there's a violation. If I'm the manager at whatever business. If I ask the customer to please put their mask on. If they say no, they don't want to. And if I ask the customer to leave my establishment or leave the business and they still refuse then the police will be notified and it will be a more of a trespassing issue instead of a violation of the mask ordinance. We're still in the education phase. I do realize people aren't wearing them or it's wearing thin on some people. But with the climate nationally with people's opinion towards the police department. we still wanna to educate. There has been no citations issued in the city of Green Bay for a violation of the mandate. And there's also been no one that's been cited for trespassing for refusing to wear a mask and or leave the store when asked.

- That's good.

- Okay.

- Has there been any complaints about businesses not masking up?

- No. There were a couple of complaints where someone said an employee is not wearing a mask. The health department called or stopped by the store. The employee was wearing a mask. I'm sure we've all seen when we've been out and about. Personally, some people are wearing their mask just down underneath their nose. Or they're wearing it not how other people deem that they want to wear it. So or should wear it. So some of the calls are on that. So the health department has been educating them. Making sure that they are wearing masks and wearing them properly. And do you does the health department have the authority to issue citations or would that fall back on us? Would they contact you to say we need help?

- I honestly don't know in violation of the mask mandate. I believe it would be us. I don't know with the way the mandate was. If it's with the countywide one. If it would be a violation of the County mask mandate where they would issue or could issue that citation.

- Okay. Yeah, that's fine.

- I thought it was through the health department. Wasn't it? I thought, anyway. That was my impression. Through the health department, but okay.

- If it's about the masks. Excuse me chairman. If it's a county mask thing I think that's something we should law should look into. Who is actually responsible of enforcing it.

- Joanne. Cause if it's the County and we're city and yeah.

- Could that be something that attorney Bungert that we could report out at council.

- As far as enforcing what? Enforcing which?

- Well, as far as where the hierarchy is. As far as, you know. There's talking about the County health department There's talk about the County itself and the police department. There is 24 separate jurisdictions in Brown County.

- Right. As to the state mask mandate. I'm not sure what enforcement mechanisms are in place.

- No the county has the has one in yet right?

- The County does not have one. Sorry This is the attorney

- Okay.

- The city has one.

- Oh, that's right because the state has one.

- And The state has one.

- That's right. Yeah. That's right.

- So it falls on the local governments. Okay.

- With respect to ours yes.

- Okay. Alder Scannell do you have anything else. Or what actions are you looking for here?

- Well, I wasn't sure what actions we could even pursue. I just put that in there in case there were any. I just wanted to get a feel from the police and how they felt. if there's any problems they're running into that maybe they could. We need a step in as a city government to help them in any way or. Cause obviously COVID's on the rise and it's not good.

- Yeah. We just heard at the meeting.

- Would you be satisfied if we reported at each meeting or every other meeting?

- I think I would leave that up to the police if they feel they need to come to us.

- Well, if there's anything that's antward or different you know, if there's a spike and that kind of stuff. Then maybe Lieutenant Mahoney could tell us that.

- Yeah that's okay.

- Yeah all right.

- Or if it seems like, am sorry. Or if it seems like there is a continuation of the same place.

- There's ways of dealing with that. So Lieutenant.

- Yes. If there's a place that's a repeat offender obviously we would assist the health department looking at it more. I do have access to the spreadsheet when people call the dispatch center. So yes, I could continually monitor it. And what, like I said a couple of the places on here were repeat. I don't wanna say offenders. It almost seems like someone did not like the business. Because the followup that was done by the health department did not coincide with what the actual complaint was. So I don't know if someone had an issue with a certain business. But yes we would definitely keep an eye on businesses that are receiving multiple calls. And at that point if it comes down to it, then yes we can cite for the violation of the mask mandate.

- Okay.

- And I'm happy with even a place in that file is fine too.

- Okay.

- Lets get in place in the file room.

- And I think it's just-

- Yep. What was that Alder La fave?

- I just wanna quick say that. It sounds like they're doing a good job. Where the health department goes in with the police and they're finding out. Like that one he just mentioned. It was somebody who didn't like the business. And we don't want just to go in and say Oh, you got to do this. I'm glad that they're looking into the issue. Each individual issue.

- Well in the market place has kind of driven a lot of that too. So if you don't wanna shop there or go there then don't, you know. So

- Then don't all right.

- All right. Well I would entertain a motion then.

- Motion to receive and place on file.

- Okay by Alder Vander Leest. Do we have a second? Seconded by Alder La Fave. All in favor, please say aye.

- Aye.

- Aye. Unopposed. Thank you Alder Scannell. Thank you, Lieutenant.

- Thank you.

- All right. Next.

- We are on item number two.

- All right. Consideration with possible action. On a request by Alder Chris Wery. To review with possible action ordinance eight- .six Practice of massage or bodywork therapy. Recorded in state license and any other related ordinance. Revised ordinance is needed to combat Ashland potential escort service and prostitution masquerading as massage business. Alder Wery did you wanna start with this?

- My apologies. It's actually on it's eighth point one eight.

- I don't know if I have it correct.

- What is it again?

- 8.18.

- Okay. I was trying to look it up and it wasn't.

- I don't know if that's my inner Scribner's error or if it got transferred wrong but it's...

- It's got to be Scribner's so Pappy.

- You kinda moved on. Oh my God.

- All right go ahead.

- Am getting better.

- Its actually section 8.16 but it was passed by ordinance 8-18.

- Oh there we go.

- All that confusion.

- We're all right.

- Yeah, everybody's right.

- We're all right.

- About time.

- I was gonna blame Bucky Scribner. Oh my God Scribner no, nevermind.

- Okay.

- Whoa. That's a stretch Okay, go ahead.

- Well, I know all the story. You had worked on this and brought this forward I think back in January maybe, right?

- I've been working on this for sometime. In fact lieutenant if you could. I think it was Lieutenant Pakula. Is it Pakula?

- Yeah.

- Yeah, I've been working with him and also with Leo Weicker.

- Yeah it was detective Packla.

- He's our

- Yes.

- Detective that's in charge of I guess human trafficking and the sex trafficking. He's the one you've been working with. So we've been on that Alder Wery We've been on that for a while. But I appreciate you bringing this back up because it kind of goes in streaks. Now we kind of seem to handle take care of things and then it kind of slips away again. I don't know I just.

- It seems to be growing recently in the last few months the number of businesses. And I've been getting some unusual stories from neighboring businesses on what's going on there.

- Sure.

- We turned it over to the police department. I did go into one of the establishments to try and talk to the the owner or the manager. And nobody spoke English and they didn't know who I was. I couldn't so I didn't go very far.

- Well.

- I would be interested. I think there are some other people here who wanted to speak to it.
- Okay. All right.
- I'll make a motion to open the floor.
- Okay. Motion by La fave seconded by Vander Leest. All in favor please say aye.
- Aye.
- Aye.
- Lieutenant is there something you were gonna say?
- Oh, we can wait.
- All right. Okay I thought you were gonna say something. All right. The floor is now open for interested parties. So please unmute yourselves. State your name and address for the record and then start.
- Hi, I'll start Leah Weicker I'm at Business Improvement district Military Avenue at 425 South military.
- All Right. Okay. Thank you Leo. Go ahead.

- So we have several spas in our district and there are legitimate spas and there are ones that do not appear to be legitimate to me. Back when I first started this job in 2015, I entered one. And again I had kind of the same experience that alderman Wery just experienced. Where they just shook their head at me and didn't speak. I did consult with the police department and in spring of this year most of them were shut down due to lack of proper licensing. And then within a month they were all opened back up. And I was told that they all had a legitimate license now. But research that I've done it takes 600 hours to get a legitimate license. And every two years they have to go for continuing education credits for massage therapy or body works. The legitimate businesses in my district are concerned because they are getting calls from people thinking that they are one of the other spas that's not legitimate. And so they're feeling uncomfortable with that. What tipped me off to the prostitution and probably money laundering, human trafficking whatever it may be. Was the fact that one of the businesses has a Chicago phone number on their side. And on the main sign on the premises. When I looked into if you Google their name it comes up looking like a legitimate business. If you Google that phone number it's all prostitution and escort servicing. So it's pretty blatant what they're doing. Customers come in the back doors quite often. Some of the neighboring businesses say that their appearance of the workers are inappropriate for massage. The windows are all darkened and their hours of operation aren't always adhered to they're open very late hours. If you drive by the open sign is on sometimes 10 or 11 at night. All those are indications that something should be looked into. And I would appreciate the help to address that.

- Leo thanks for your testimony. I know I've talked to with you numerous times on this issue. And in your estimation how many legitimate spas are there in the district? and how many do you feel are not? Is there do you have a number possibly in mind?

- Yes. There's a brand new one just opened in our district. So that makes four not legitimate and three legitimate.

- Okay. Well, and I think one of the things that's unusual and alder Wery can attest to it too. Like, you know, after 11 o'clock 12 o'clock, you know, a lot of times most of the business is really dark. You know, you've got street lights but then you'll see a couple of businesses that have lights on or it's just unusual activity. So, you know, and I'll have to talk with Lieutenant as well. You know, I know that the police have looked into this but it seems to be kind of a recurring issue. And I don't know if they're just wise to us or are we just don't hit them at the right time. But I think it is a concern not only in military but I'm sure there's other areas in Green Bay that were dealing with this as well. So I think the idea to really hammer on this ordinance would be a good idea. You know, the fact like Leah said is that, you know, it takes \$600 to get a license in order to be really, you know, well positioned to do that job. And, you know, I thought for a while we would have it so that our inspectors could go in there. And if they're not legitimately licensed in that they could, you know, put the hammer down on some of that. So we just need some more tools in the toolbox here to deal with it. And I think having an ordinance that would really strengthen that and allow the police and inspection to really look at that I think would be really important. So.

- I have been working with officer Lance our community police officer. And he was in agreement with me also that we needed a stronger ordinance in order to address this.

- Okay. Well Leo I assure you that we will definitely look at this. The alders will. And I'm sure our law department definitely will take a look at that.

- They sent some sample ordinances along that. So the human trafficking piece. Sometimes what happens is the women get arrested and then they just go back to a different location. So in Iowa there were two cities in Iowa that addressed that human trafficking piece as well.

- Right.

- And there are other agencies that would work with a better ordinance that addresses the problem.

- Right. If you have any of that information please it share with us and we can incorporate that I'm sure.

- Yep.

- I didn't forward that.

- Okay.

- I have that already chairman.

- Yep Lindsey, go ahead. Oh, somebody else who wanted to talk. Alder la Fave.

- Yeah. I know alder Wery had sent me an email and he had the Iowa ordinance and I was wondering are you there Chris? Did you send it to any of the others on the committee?

- I don't think I saw it.

- I can't hear you alder Wery. We can't hear you.

- Can you hear me now?

- Yes.

- Yeah. Everybody on the committee had it .

- You're breaking up.

- You're breaking up Chris

- You're breaking up.

- You're breaking up Chris. Sorry about that.

- He must be playing on the video games.

- What video games?

- All right I think we got the gist of it. It sounded like you sent it to Leah. And then I wasn't sure I got a copy of that. Maybe I didn't but I don't think I saw it.

- Actually alderman I sent it to all of you.

- No you did. It came the other way yep.

- It came from me correct.

- All right I'll have to look at that.

- Lindsay said she got it too. Lindsay Mather also has a copy.

- Okay. All right good enough.

- Okay.

- Anything else Leah?

- I do have one other business here. If you want any feedback from one of the legitimate spas.

- Oh sure go ahead.

- Hi, my name is Ms Marie. I own Joyful state stay spa and I am

- What's your address

- excuse me.

- Your address? It's 425 military Avenue.

- Okay.

- And I am directly across the street from one of the spas that are not legitimate. I'm one number off and I am constantly confused for them. And I am getting calls that are inappropriate and they basically don't make me feel safe. To be honest with you there are very suggestive and I've had to deal with it. And I don't think I should have to do that. I started a business so I could be an entrepreneur so I could become something better. And I'm dealing with people that are well not. It's just making me very nervous.

- Right. And I don't think I should deal with that as a business owner. I have to deal with kind of trafficking my phone calls. I'm even scared not to take men clients because I'm afraid that they're not legitimate. That they're there for something else.

- Well, that's something we'll have to talk with our police department about too as well. But we understand, you know, that's not good. So.

- I did want to say just one more thing alder Steuer. That this is not an issue for military Avenue. It is across the city.

- No, and I agree with you.

- And we have the big director here and it is our responsibility as a business improvement district to make this a safe place and a good place to do business. And I don't think the illegitimate spas are helping us out at all.

- Right. Duly noted. And thank you for your testimony. Both of you. Is there anything else any other anybody else want to speak to the matter? Okay.

- Mark, I got one quick question. I was gonna ask Leah. Was military Avenue Were they awarded any type of a grant because of the COVID things that are going on in the last let's say in the last 30 days or so? I just wanted to get an update on that from you. If there was any type of grant. In other words that Jerry Avenue is gonna receive.

- So we did get the cares act. We have not received it. It's a revert reimbursable grant. And when I read the instructions on how we can spend it it's incredibly vague and unclear. And to tell you the truth

- Okay.

- I really can't even imagine how we could spend it.

- Okay Leah.

- Alder Vander Leest I don't know. We're not, that's not on the topic right now.

- Sorry. I just thought if any of those funds could be used to help in this combat of what's going on there on military Avenue ,you know, it would be a good idea to spend it.

- Okay. Well, we'll take that under advisement.

- Thank you.

- As a possibility. Anybody else, if nobody else wants to speak I would entertain a motion to close the floor.

- Motion to close the floor.

- Motion to close the floor.

- Motion by Vander Leest seconded by La Fave. All in favor please say aye.

- Aye.

- Aye

- Aye unopposed. Okay. Alder Wery What's your do you wanna just continue? I mean, what's your desire here?

- Steuer do you want me to chime in a little bit here?

- Yes. Yes please do thank you attorney.

- So as you know you and I had talked about updating this ordinance earlier this year. Pardon me. and I had, Leah had reached out to me as well about some of her concerns. The state law has changed since our ordinance was passed. So our ordinance right now basically just says you have to be licensed under state law. So the change that happened in state law allows us to actually cite people for not being licensed under state law which we weren't allowed to do before until this change in the law happened. So I have, I'm very close to finalizing a draft. I have to get some feedback from some

people but I do anticipate being able to turn this around relatively quickly and get this back to the committee.

- Well, that would be great. I would like alder Wery to be involved with that as well. Anybody else has wants to appreciate that. Let us know so that we can get it on the agenda when you're ready.

- So if you wanna just refer it to staff or if you want to just hold it however you wanna do it.

- I would say probably refer, refer to staff. Everybody okay with that?

- Yes.

- Yes sounds good Mark

- Yeah I'll make that motion.

- Okay. Motion by La Fave, seconded by Vander Leest.

- Yes. And the other discussion all in favor, please say aye.

- Aye.

- Aye.

- Aye

- It passes unanimously. Thanks alder Wery for bringing us back up.

- Thank you guys. Good job.

- Thanks Chris.

- I'd Stick around but

- No, go play your video games.

- That's right.

- Instead of going to another meeting like he should.

- All right. Are we ready for next point?

- We are on to item number three.

- Okay item number three. Consideration with possible action on an appeal by Robert Haglund regarding the re-inspection fees at 800 North Platten Street. I know Paul you're here, right? So I don't know and Mr Haglund's here as well. So we had a chance to tackle this. And I talked to Reagan briefly before this. So just to try to get it up to date a little bit as far as what's going on. So I will ,Mr. Pappy's here as well. I'm trying to figure out how to start with this. I would say Mr Haglund well unmute yourself. It's in the corner. Lower left hand corner. Are you there? Turn the speaker up. I can't hear you. Are you un? You're not muted.

- Mr. Haglund turn your mic up. So on the lower left your mic should be on and there should be something. If you, basically hover over the the left corner of this black screen you'll see an icon that says that looks like a microphone. And you could probably turn your volume up there.

- Sometimes if you go to the lower right there's an arrow that points to the North. If you hit that on the far right-hand corner there's a sound speaker button. You can hit that and they can turn it up as well.

- Well.

- I got it. It's not coming through. You're not coming through. Otherwise what we could do I suppose if he wanted Celestine could he call in on his telephone. What about it? He doesn't have a speaker. Any advice would be greatly accepted.

- He could, he can also call in and and use connect via audio via the phone. And he could just leave the meeting and call back in via phone instead of on video.

- Then we'll be able to hear that. I would hope.

- Yes. Yeah. So let me just. I don't know if he has the telephone number though.

- Give him the number.

- So if you just give me a minute I can. Oh, the chat isn't open darn it. Oh, I can share a screen. Hold on a second. Give me one second. Give me one second. Okay.

- All right. So you can see the telephone numbers Mr. Haglund right here. This one, three Oh one. If you just dial that.

- Or the Chicago number?

- Yeah. That's all we always do. The Chicago. I don't know why is that.

- Yeah. Either one, either one. They both work.

- Okay.

- So Mr. Haglund if you hear me just shake your head. Cause so I know that you understood our message or nod your head rather.

- All right. I'm going to stop share. Okay. Are, Oh, here's all here's alder Steven's.

- Okay. All right. He's back.

- And just Waiting for Mr. Haglund.

- Alder Stevens if you can hear me We have one agenda item left. We're on item number three. That's the last one we were trying to start it right now.

- All right. Thank you.

- And here he is.

- How's this. Can you hear me now?

- Yes.

- So now you need to touch

- How's this? speaker off on your computer.

- I just signed out at a zoom meeting.

- There we go. All right you're in.

- All right. That was easy.

- That was exciting. I'm doing zooms all week and now the computer's acting up or whatever. Well, listen welcome to the meeting. I will make a motion or I would entertain a motion to open the floor.

- Open the floor. Motion by Vander Leest. Seconded by La Fave. All in favor please say aye.

- Aye aye.

- Aye aye. All right Mr Haglund you have the floor for a bit. We're gonna have inspection speak as well. And the committee will probably ask questions as well. So go ahead. It sounds like there with 900 or \$950 in fees over a period of time. And I just wanna hear your side of the story and you know, your daughter was at 800 North Platten. I understand that. And then you own the house but we'll have questions as far as, you know, communication and what happened and things like that. So I want to hear in your own words, what your take is on this issue. What happened?

- On September 16th, my daughter notified me that she had gotten a letter from the inspection department saying that I needed to paint the garage and re-roof it. While as soon as I got that I called the inspection department told them I would go over and work on it and did that. And completed it and notified them that it was completed. I asked for the fines to be gone or gone because if I'm not notified and the mail is going to that address. And when I pull up the stuff from the County which is certification of compliance. It's registered with the County recorder. It's got my home address of 365 Beard Creek road. If I'm not notified at my house I can't comply with anything. And as soon as I got the as soon as I got the notification of it I complied with it. Now I don't go over there a lot because I reached last November I had open heart surgery. I was on all kinds of restrictions for that. And as soon as the restrictions were down enough I had a double hernia operation which put me in major restrictions. So I couldn't go anywhere near any place. Now my daughter and her son work at jobs that are pretty open to the public or my daughter and her husband. And the kids are out in the neighborhood. I can't take a chance of being around anyone with COVID. So I stay within. If I get mail at the house I leave it in the garage for a week before I bring it in the house because I don't wanna take any chances. Nope. My point is I didn't get notified. The mail got sent to the house. Why the city would use go to the County or whatever portion of the County they went to is beyond me. If when I was working for the police department I would go to the water department, pardon me. Because the water department on all rentals has the owner's address. So if the renter doesn't pay the water they go to the to the owner. And I'm how I got registered with the County as 800 North Platten is beyond me. I own two other properties that all my mail comes here. And as far as knowing that it's registered there I pay all my city taxes online. You don't know what's going on with that. It's my feeling. I understand that you that you have to put compliance on there. But you have to know that there is a problem. And once I knew about it, it was taken care of immediately.

- Mr. Haglund I wanted to ask you you said you got a notification on the 15th of September?

- I got notified September 16th by my daughter. She said she had just gotten a couple letters from the from the city.

- Well, I guess the question that I have and I'm sure inspection can talk about it as well but there were, you know, August 13th, 14th, 18th, 21st, 24th, 25th, 26th, 28th, 31st. September, first, second, third, fourth, eighth, 11th, and 14th which seems like a lot. But those are all before the 15th. So did your daughter get any of these notifications at all in the mail earlier that she would've said something to you?

- She would have. She claims the one that she got on the 16th. She got a one. I think she told me she got three right around that period. Then notified me right away.

- Okay.

- Well

- So those are the only ones that I knew of and I still haven't seen them.

- Okay. Well, I'm going to keep you keep this open. But I would like to go to our inspection department right now. Attorney Bungert is that all right if we can keep this open?

- Yes, that's fine.

- Okay. Well, Paul or Bill, either one of you if you would care to fill us in we would appreciate it.

- Yeah. I'll jump in. Can everybody hear me okay?

- Yup.

- Okay. As Mr. Haglund spelled out there the issue really comes down to what he had talked about in the mailing address. I can share the screen and I can show you our inspection screen and I can show you the Brown Connie land records which shows the mailing address which is where I believe the issue is created.

- Mr Pappy just give me one second to make you a cohost.

- Okay.

- There you go.

- Perfect. First one I'm going to show you is going to be our inspection.

- Okay.

- So here's our inspection screen. Here's the, the property in question in the North Platon and you can see right here is where the owner information goes to.

- Okay. Let me ask you real quickly 'cause Mr. Haglund lives on Bardis Creek road and he has two other properties where the information goes to his home address, not one of his properties. So again... Go ahead.

- I'm going to show you one more screen so...

- Okay.

- So this one is Brown County land records and this is what is pulled out of the eclipse software. Pulls it out of it. If you look down here where it says billing address, that's where our eclipse software is getting that information from. So I'm not quite sure why that's happening and I talked to Mr. Haglund about that. I'm not quite sure what's happening on the County and why that's happening but that's the address that our software uses.

- Okay.

- We send our orders to.

- Well, we understand that. I guess, have you had this issue before with owners of properties who live at a different address and have rental properties? Have you had something like this happen in the past? Like this?

- Not quite like this. We've had similar situations where they'll say they're maybe using a PO box or their address is different and then they have to update that but not quite like Mr. Haglund is experiencing.

- Well, I can understand some of the confusion and I, you know, many times at the city inspection department, you know, we're, you know, we understand the work you do and it's, you know, we appreciate the work that you folks do in the city and we've, you know, often worked with you pretty well but I dunno if there's anything, Bill or Paul, you wanted to add to that. You know, I guess, you know, just looking at, you know, all of the violations, or not violations but inspection fees, there were 18 of them for 950. I think one of them on the 28th of August was for a hundred dollars and it just, I dunno, maybe correct me if I'm wrong but it seems like if you have an inspection on August 25th and 26th, three right in a row, it's kind of like, I dunno, it just seems a little intense. I mean, it seems like there's many going on and too short, a period of time. So when was the first time that you had one, you know, on all of these issues? I mean, was there any visitation early on in this matter or was it later on after all of these inspection fees were obligated to him?

- There were multiple inspectors involved in this particular case Alder Steuer. There was a staff transition that took place at this point. So there was a couple different inspectors that were involved.

- Right, but I guess I just, you know, maybe... What was one of the... As far as your department, when is the first time that you actually had verbal contact with Mr. Haglund on this matter? Is there a date on that or any any idea when you actually contacted him? It sounded like once he got contacted that he was like, okay, sure, I'll comply. I'll do what I can. And he did mention that he had some hardships and a lot of folks have different things going on right now. That makes it difficult.

- Yeah. My very first phone call conversation with him was when Mr. Haglund note in was in September. I believe it was September 16th. So shortly after that that's when the fees stopped as we had a discussion and after that it was shortly after that that he was able to achieve compliance and the case was closed.

- Right. Well, just my feeling on the matter is that with, you know, 18 violations over that period of time it just seems, I mean, it seemed a lot violations, but inspection fees, it seems clearly exorbitant

and I realized that you said you were going to cut it in half if you will. I wanted to ask Mr. Haglund. Are you still there?

- [Haglund] Yep. I'm here.

- I just wanted to ask you, Mr. Haglund, when was the first time that you actually had a conversation with the city inspector on this matter?

- I think it was the 16th when I got notified by my daughter. I'm pretty sure I called that same day-

- Okay,

- because I said I would get it done. I'm not crazy about going over there with this COVID going on but I did it and as far as Brown County land work I have no idea. As far as I know that a realtor files that with them. So I would have no idea why they would put that address down as mine when I've worked at everything else that I have that shows my Beard Creek address.

- Yeah, that's something that, you know, like I said, it might be just an unusual circumstance. I would think that it's fairly organized elsewhere that way. Committee, do you have any questions?

- I need to ask Mr. Haglund has he upgraded the... As far as the address where things are being mailed now, has he got that under control?

- I have not gone down to the County at all. I work for Brown County. I'm a bailiff for branch six but I have not stepped foot in any of the public buildings. Lately I did call the County to try-

- I'm talking about doing it on the phone that you should, you know, you should upgrade your records so you don't run into this problem again.

- No, I did call.

- You're looking for a repeat year.

- Yeah, I've got that and I've called them and left them messages because nobody answers their phone and I've left them messages to call me so that I can update it but I have not gotten

- There would be a fine to pay

- a response back. if you don't get it updated as quick as possible so you don't run into more problems with all your property. All your properties are, you know, that they're addressed at the proper where they should be, you know, where the mail should go.

- Alderman, I agree a hundred percent and if I could get the County to return my phone calls without me having to go down and bang on their desk it would be great but I have left several messages for them to call me so I could get this straightened up.

- Well, I know some of the people in the land records office and I'll make a note of trying to contact them on your behalf.

- But anyway...

- Yes.

- Alder La Fave.

- Thanks Mark. I was going to just ask Mr. Haglund again for his correct address. I was gonna do it too, but yeah, Marcus, you can do that. That would be great.

- Yeah, actually, Mr. Haglund, give me your address again for the record.

- Okay. It's 365 Beard Creek road, Green Bay 54311.

- Okay. Okay. No, I'll definitely look into that. I have your phone number and I'll keep in touch that way but as far as all of this... No, go ahead Alder La Fave.

- I have some questions too. You know, when I was going through all these dates, I said, some are a day apart, some are two days apart, three days apart. I have businesses here. I had a business on University Avenue. It took me months to get them to comply to what they were doing with inspection. I don't understand this. Some... I'm sorry. Sometimes we're not consistent, I think, and I really questioned this constantly putting, you know, going a couple of days and giving another inspection. It is just...

- Actually, that is a good point and I was going to ask you there, Bill or Paul, on that. Like I mentioned, there were August 13th and 14th and he had a couple in between. Near the 24th, 25th and 26th and September was first, second, third, and fourth. Four in a row, and you know, if you were just an innocent bystander looking at that, it would just seem like a little bit of overkill. So I, you know, I hate to call it as such, but you know, like I said, you know, I'm just looking at the issue at face value and just kind of looking at it. It just seems like it's kind of excessive so I don't know what your take is on that.

- So I can answer that. This is Paul. Our standard operating procedure is that we try and work with the owners and get them to communicate with us for the first 15 days. After the first 15 days, then we have the option of going to these re-inspection fees where we send them notification in the mail as well and that is up to... It can be daily, but with the expectation that at least it's once a week so that we get some progress on this. In this particular case, it was daily where we had the ability to go out there daily and get them to get their attention. The reason we've switched to this approach is because we have found it very effective at getting action and getting results from people. They get three, four, five of these and then they'll call and go, what's going on? Why am I getting charged? Then they'll respond to our requests.

- I understand the dynamic here Paul. I guess the thing I'm having a hard time with is that, you know, Mr. Haglund said that he didn't really talk to anybody until the 15th or 16th of September. That's

already a month worth of attempted contacts and there was no contact. I would that there would be a, I don't know...

- No. I can speak to that too.

- Okay.

- I can speak to that too. Our protocol is that we'd extend out the orders and the re-inspection fees invoices to the address that Bill showed you that comes from Brown County. We have no other means of getting information to them other than using the address that he is responsible to have updated with Brown County. When we get re-inspection fees that come back to us because let's say, they moved and it's no longer a valid address. Then we follow up on it and say, hey, the address isn't working. They moved, they sold owners or something. In this case we had none of that 'cause it went to his daughter at the house and she never forwarded it to him.

- Mr. Haglund, could I ask you that question too?

- Sure.

- That your daughter's been living there for a while, so you know, it's, you know, I can understand where inspection's coming from because they had an address listed 800 North Platten and that's where they sent the notices, but one year. I'm having a hard time understanding why your daughter didn't contact you earlier with some of these. You know, she was getting mail obviously.

- She claimed that she got three in a row and that's when she called me. She claimed she never had gotten the other ones. I'm not there. I know she works two to three jobs. So when she looks at her mail, it's beyond me.

- Well...

- Like I say, I leave mine at a garage for a weekend, but she claimed she had just three of them dated one right behind the other and when she looked at those and finally opened it up and said, hey, you know, we've got this problem. She called me. And as far as land records, okay, realtor files that I guess. I don't know why it has that address on there because I have to do a certificate of compliance for rental units with the County that's recorded there and it has owner's name with my address here and my phone number. And as I tried to explain to the inspection department, if you want to find somebody, an owner of a place, go to within the city, go to the water department. They have that. It's right there.

- Okay. Thank you for that. Attorney Bungert, are you there?

- I am.

- I don't know if I'm out of line, but asking you anything on this matter. I mean, you listened to the testimonies. Should we, you know, the committee has to, you know, figure something out, but I don't know if there's anything else you can add to this. It might help the situation. If you can't, that's fine, but I just wanted to ask.

- Right, no.

- I mean, it's up to the discretion of the committee. Essentially the proof is on the appellant as to why they feel that he fines should not be assessed. I understand that there seems to be some sort of error or miscommunication with respect to the notices but it's really up to the discretion of the committee as to whether Mr. Haglund has met his burden of proof to overcome the fees and fines that the inspections department has assessed against him.

- Okay. All right. I appreciate that. Any other committee members? Do you have anything else to add?

- I'm just going to ask you one question, Mark.

- Yeah.

- Has the inspection department talked to Mr. Haglund about any kind of a reduction at this point?

- They have. If inspectors would fill us in I'd appreciate it. As far as what you had talked about doing, Wasn't there talk about reducing things?

- Do you want me to address it, Paul, or do you want to?

- Yeah. Either one.

- Yep, that's fine, bill. Yep.

- Okay. I had a conversation after talking to our chief building official. I called Mr. haglund back and we had offered to reduce it by \$500. So right now there was, I believe, \$950 in re-inspection fees and we offered to reduce that by 500 to 450.

- Okay. I know that's what I thought I heard. Alder Vander Leest, What's your feeling on that?

- I would say if Mr. Haglund is comfortable with it, I would say that the inspection department is reaching out in very good faith and I hope that he can get all his address squared away, as far as, you know, when things are sent that he gets him to his address properly so there's no more, you know, hiccups in there that seems to be falling into the system. So I would say if he's comfortable with the 450, I would say lets do it.

- I don't think he is, but Mr. Haglund, what's your take?

- I'm I'm not comfortable with having to pay any fines because when I found out about it, I complied immediately, and I understand and I just heard this testimony that the fines are there to get you to

comply with it. And I complied with it as soon as I found out about it. So why, Mike? Why would I have a fine if I find out that I complied with it immediately and then went above and beyond?

- Yeah. It's not so much a fine as an inspection fee, but you know, in a sense you're paying. Yes. Any other committee members want to weigh in on this before we close the floor?

- I really don't know how to-

- Okay. Yeah.

- respond to this.

- All right. Okay. Well, I think we should discuss this amongst ourselves. Mr. Haglund, I appreciate your testimony.

- Motion to close the floor.

- I appreciate you allowing me to attend the meeting and state my problems.

- Okay. Thank you. Other issues?

- All right. Thank you.

- Okay. Thank you. Close the floor by Alder Stevens. Do we have a second?

- Second.

- Second.

- Second by Alder Vander Leest. All in favor, please say aye.

- Aye.

- Aye.

- Aye.

- All opposed. All right, committee. Kind of spelled out. What else. Inspection has been taken the 950 and knocked it down to 450. Mr. Haglund doesn't feel he should pay any of that because he was notified by the time he actually physically or talked to them it was toward the middle of September and we already had 18 different violations written up. So this is kind of an unusual one. I haven't seen one quite like this in all my years on council. So I don't know. I'm looking to the committee to kind of guide me a little bit on this as well. Alder Stevens, do you have any ideas on this? What's your take?

- When was the first notice issued?

- First one was on August 13th and then there was a series of them all the way up till the 15th of September. There were 18 of them.

- So Mr. Haglund said he didn't talk to inspection.

- I don't see these letters.

- Well, it's in the agenda.

- I don't see it in the agenda.

- Attorney Bungert, do you have a copy of that? Can you share the screen?

- Who needs to share their screen?

- Can you share the screen on a list of those violations?

- Bill, Pappy is still the cohost.

- Okay.

- So, Phil, Mr. Pappy go ahead and do those.

- Alder Stevens, you said you wanted to see those, right?

- Yeah. When was the first one that we issued?

- It was August 13th as far as my recollection.

- Yeah.

- So it's basically August 13th, 14th, 18th, 21st, 24th, 25th, 26th, 28th and 31st. And then September first, second, third, fourth.
- No, I mean the compliance violation. That first violation.
- The compliance violation?
- Okay. I'll leave that to-
- I would assume that was the middle of July.
- I'm not sure.
- I'm looking it up right now, guys.
- The reason why I asked is I can't find this information on June 20 and 28th.
- I went and looked at parcel data and it says completed by 7:29, 2020. So I'm assuming the first letter was issued in July.
- June 28th.
- June 28th.
- So he would've got a letter to that effect. 800 North Platten would've got a letter on that right around that date, correct?

- Correct. Yes.

- Correct.

- The other thing, while we're looking that up, I just wanted, if bill can pull up a picture of the garage. That way you guys can see the issue as well. So as a landlord, even though it was his daughter, there's still accountability on the landlord to make sure that the building is being maintained and kept up and when you see the picture that that'll help set a frame of reference.

- Just one point because...

- But I'll write it down. I'll make my comment regarding-

- Okay.

- the information that we're seeing.

- So Bill, you're going to bring that up?

- Yep. I'm working on it right now. My computer's a little slow, but we're working on it right now.

- We're all going to be experts in our own way.

- All right. I'm gonna share. The first one I'm gonna share is a photo of the garage.

- I did drive by the garage recently and it looked pretty good from just my first reaction. Okay.

- This photo was taken in August.

- Okay. So it looks like the roof. The roof was in bad shape and needed painting.

- Yup, and some peeling paint.

- Okay.

- So I'll share another to Answer Alder Steven's question. I'm going to pull up the folder that shows the orders. All right. Can everybody see that? The date right here is when it was sent out. When the letter was drafted and you can see, as we discussed, that address that we pull comes to 800 North Platten. That comes right out of Eclipse. Right out of Brown County land records.

- Sure.

- So that's where it was sent and then once no response, that's where the invoices are sent 'cause that's all we have. That's all we can go by. Is based off of where's the last known contact information of the property owner.

- And if you looked that up in the land records too it'll show Mr. Haglund's name there, correct?

- That's what I showed you before and it has... The Brown County has not updated it. It's still listed at 800 North Platten.

- But you understand his point which I had thought it was a good point.

- Absolutely.

- Absolutely.

- As far as other I'm looking at the big picture as far as other city properties where something is sent to a house, and the renter might be getting it rather than the owner itself. And I don't know. I think that's beyond your scope. That's really not your job to do that. But is...

- I feel like the city it did do what they're supposed to do using the address that is currently on file. It's not the city's responsibility to make sure that it's correct.

- The other thing I can add to that, there's over 4,000 complaints that we do a year and this is like the first one where it's a hiccup with Brown County rather than filling out a form and get it properly registered with the County.

- Right.

- I understand you folks are doing your job. Alder Stevens, you still have the floor. Go ahead.

- Sure. Okay. Well, no. I'll hold off. Anybody else have any comments?

- Yeah.

- Chairman.

- Yes. Go ahead.

- I would make a suggestion because it could happen again. You don't know. That when they are going out and inspecting these properties and not getting any response that they then go look at the water department billing and see where... Do a double-check on the address.

- It looks like you want to comment.

- Oh, I do?

- I don't know where. I don't... Thank you, but I don't know where we would draw the line with 4,000 comments or 4,000 complaints a year and this letter went out and we didn't get anything back but you know how many times that happens with complaints where people don't respond to us? That means out of the 4,000, 3,000, we're going to check with the water department all the time to see who if the address is correct or not. It puts a bad onus on the city to have to manage a property for someone else and the system works. We're linked in with Brown County. It updates every night back and forth between the two entities. I think we're reducing stuff that we don't have to do because of this one instance.

- Right. Well, I can see the issue on both sides of the fence on this one. Literally, like I said, I pretty appreciate all the work that inspection does on all of these, but this is just seems like an unusual circumstance. So I would even entertain the thought. and committee, you can talk about this if you like. Originally it was \$950, then that fell 500 to make a 450. Considering that there should be culpability, you know, on the owner's side, regardless of certain things but I will take that 450 and divided in half and make it 225. If you want to talk about that, we can. Otherwise I'd entertain a motion from one of the other committee members.

- My comment would be... Go ahead Paul.

- The only thing I can speak to that is it can't be 225. It would have to be 200 bucks. We can't... The way the billing system set up, long story short.

- Okay.

- Must be 200 bucks.

- All right.

- Or 250.

- Or 250?

- Correct. Or 250. Yep. It has to stay in the \$50-

- Okay.

- increments.

- Well, then I would say 250. That's that's my take. So committee, I don't know how you feel about that.

- I have a comment.

- Go ahead.

- So that first letter there was issued was on the 28th of June. My understanding it took them two and a half months to respond to the city on September 16th.

- It's what it sounds like.

- So the tenant is actually the daughter.

- So there may be some type of misconnect. I feel for them, but I think we should stay at \$450.

- Okay. Alder Vander Leest.

- I would say due to all of the disconnect here, as far as the County and the, you know, the city site, I would say in this case it sounds like the 250 would probably be a good scenario as far as, you know, goodwill on the city and the landlord has some responsibility as well. So I would go along with the 250 at this point just because it just sounds like he did get the property into compliance. I understand that. It sounds like there was a bunch of hiccups in between. So I would say let's give them the 250 fee.

- Was that a motion?

- That would be a motion.

- Okay. Alder La Fave, did you have a comment or did you want to second?

- I guess I'll second it I wish we could make it zero, but yeah.

- Well, I think...

- It's not the city's fault. It's not. It's the county's fault actually. Maybe he should submit the bill to the County.

- Oh, Paul, has a comment.

- Guys, I do. It's not the county's fault. It's the landlord's. The owner's fault. This doesn't happen on other parcels. So we can't put the onus on... We can't shuffle it down the path and blame someone else. It falls on the owner. I'm more than happy with 250. Let's get it. Leave this meeting and call the County. Get it squared away but I'm not going to accept that it's our fault or the county's fault. It's not. Period.

- Okay. I think we squared it out.

- Actually, he did say that nothing else, all his everything else comes to his address. Not this address. This is the only instance and it came from the County. So there is something, Something maybe wasn't updated there. Something happened. Something went through-

- Alder La Fave.

- but yeah, so we got to... I will second that.

- Okay.

- The city's not at fault though.

- That's fine. We appreciate your comments. We have a motion and we have a second. All in favor of reducing to the 250, please say, aye.

- Aye.

- Aye.

- Aye.

- Aye.

- Those opposed?

- Alder Stephens?

- Aye.

- Oh, you said aye. Okay. All right. Okay. That passes unanimously. Mr. Haglund. We reduced it down to 250. So, you know, we tried to look at this as fairly as we could on both sides of the matter and will I will call you or contact you as far as the County what their deal is with their land records. I know those folks over there and I'll stay in touch with you.

- Okay.

- All right.

- Yeah. I got that right. I have a little problem with County being so confused since I'm also an employee of them. Well, we'll talk about that at break time or something. Anyway. All right. Thank you for that.

- All right. Thank you.

- All right. Attorney Bungert. We voted, right.

- Yes.

- Okay.

- Yep, we are on to the liquor violation report.

- Oh, man. That's so happy to hear that. Okay. Lieutenant Mahone, please continue with your informational moment.

- Okay. The good news is we have no violations during this time so we won't be here late.

- I want to do like Randy's Scannell. We'll do one of those.

- Motion to file.

- Alder Vander Leest.

- Second.

- Seconded by La Fave. All in favor, please say aye.

- Aye.

- Aye.

- Aye.

- Aye.

- Unopposed. All right. Well, we have a meeting on Thursday, correct? Attorney Bungert.

- At 5:30.

- Okay. Can everybody make it?

- I'll make her.

- Okay.

- Oh, I might have an issue.

- Will you...

- No, I'm kidding.

- You going to be on vacation?

- What?

- No, I'll be here.

- Okay. All right.

- Thank you all.

- Not vacation from you guys.

- You know the last two times I had been on vacation...

- We can have a motion to adjourn. Motion to adjourn, correct.

- Second.

- Okay. I made a motion.

- I'm sorry. Who made the motion?

- I did.

- Okay.

- Can I do that?

- I seconded it.

- All right, seconded by Vander Leest. All in favor say aye.

- Aye.

- Aye.

- Aye.

- Aye.

- Okay, our next meeting is November 19th and then that's on the fluoride issue and then our next P and P meeting is December 7th. After that. So we'll see you on Thursday. Hopefully we can do well and then roll through as best we can. I'm fired up. Believe me.

- Thanks, Mark. Good job.

- All right thanks you guys.

- Take care bye bye.

- Take care. Have a good evening.
