Liquor Licensing

City of Green Bay

Green Bay, WI

Liquor License Types

Class A Liquor Licenses (Gas Stations, Liquor/Grocery Stores)

Every municipal governing body may issue Class "A" licenses for the sale of fermented malt beverages from premises within the municipality. A Class "A" license authorizes retail sales of fermented malt beverages for consumption off the premises where sold and in original packages, containers, and bottles. A "Class A" license authorizes the retail sale of intoxicating liquor for consumption off the premises where sold and in original packages and containers.

Class B Liquor Licenses (Bars, Restaurants)

Class "B" licenses for the sale of fermented malt beverages from premises within the municipality and may authorize an official or body of the municipality to issue temporary Class "B" licenses under sub. [\(6\)](#). A Class "B" license authorizes retail sales of fermented malt beverages to be consumed either on the premises where sold or off the premises.

"Class B" license authorizes the sale of intoxicating liquor to be consumed by the glass on the premises where sold or off the premises if the licensee seals the container of intoxicating liquor with a tamper-evident seal before the intoxicating liquor is removed from the premises. The "Class B" license also authorizes the sale of intoxicating liquor in the original package or container, in any quantity, to be consumed off the premises where sold.

A "Class B" license may be issued only to a holder of a retail Class "B" license to sell fermented malt beverages unless the "Class B" license is the kind of "Class B" license specified under par. (am) or is a temporary "Class B" license under sub. (10).

Class C Liquor Licenses (Wine)

A "Class C" license authorizes the retail sale of wine by the glass or in an opened original container for consumption on the premises where sold.

Effective May 1, 2024: (c) A "Class C" license may be issued to a person qualified under s. 125.04 (5) for a restaurant in which the sale of alcohol beverages accounts for less than 50 percent of gross receipts and which does not have a barroom or for a restaurant in which the sale of alcohol beverages accounts for less than 50 percent of gross receipts and which has a barroom in which wine is the only intoxicating liquor sold. A "Class C" license may not be issued to a foreign corporation, a foreign limited liability company or a person acting as agent for or in the employ of another.

Class “B” Premises Limitations [125.32\(3m\)](#)

- CLASS “B” PREMISES. No Class “B” license or permit may be granted for any premises where any other business is conducted in connection with the premises, except that this restriction does not apply if the premises for which the Class “B” license or permit is issued is connected to premises where other business is conducted by a secondary doorway that serves as a safety exit and is not the primary entrance to the Class “B” premises. No other business may be conducted on premises operating under a Class “B” license or permit. These restrictions do not apply to any of the following:
 - Hotel
 - Restaurant, whether or not it is a part of or located in any mercantile establishment
 - Combination grocery store and tavern
 - Combination sporting goods store and tavern in towns, villages and 4th class cities
 - Combination novelty store and tavern
 - Bowling center or recreation premises
 - Club, society or lodge that has been in existence for 6 months or more prior to the date of filing application for the Class “B” license or permit
 - Movie theater
 - Painting studio
 - Premises for which a temporary Class “B” license is issued under s. [125.26 \(6\)](#) if the license is one of multiple licenses
 - issued by the municipality to the same licensee for the same date and times, the licensee is the sponsor of an
 - event held at multiple locations within the municipality on this date and at these times, and an admission fee is
 - charged for participation in the event and no additional fee is charged for service of alcohol at the event.
 - Premises for which a Class “B” permit is issued under s. [125.27 \(5\)](#).
 - Axe throwing facility (*Effective May 1, 2024*)

Liquor License Quota

- In 1997, Chapter 125 set a quota on the number of “Class B” liquor licenses a municipality may issue. A municipality may not exceed its quota or get any more “available” licenses.
 - The City of Green Bay may issue up to 172 “available” liquor licenses.
 - A licensee who holds an “available” liquor license may conditionally surrender the license to another legal entity at the same location.
 - A licensee who fails to file renewal by June 30 will no longer hold their liquor license. The license will be placed into the pool of available liquor licenses at the next Council meeting.
 - At this time, the City has no available liquor licenses. When licenses become available the Clerk’s Office publicly notices the release of one into the pool through the Protection & Policy Committee.
 - The City of Green Bay may issue up to 32 “reserve” liquor licenses. A municipality may get additional reserve licenses based on population growth.
 - A legal entity that holds a “reserve” liquor license must pay a one-time \$10,000 issuance fee (plus the license fee prorated) to obtain a reserve license (except that the fee for initial issuance of a reserve “Class B” license to a bona fide club or lodge situated and incorporated in the state for at least 6 years is the fee established under subd. 1. for such a club or lodge)

Liquor License Limits-Location

- FROM: [125.68\(3\)](#) **RESTRICTIONS ON LOCATION.** No “Class A” or “Class B” license or permit may be issued for premises the main entrance of which is less than **300 feet from** the main entrance of a public or parochial school, tribal school, as defined in s. [115.001 \(15m\)](#), hospital, or church, except that this prohibition may be waived by a majority vote of the governing body of the municipality in which the premises is located. *The distance shall be measured by the shortest route along the highway from the main entrance of the school, church, or hospital to the main entrance of the premises covered by the license or permit.* The prohibition in this subsection does not apply to any of the following:
 - (a) Premises covered by a license or permit on or before June 30, 1947.
 - (b) Premises covered by a license or permit prior to the occupation of real property within 300 feet thereof by any school, hospital or church building.
 - (c) A restaurant located within 300 feet of a church or school. This paragraph applies only to restaurants in which the sale of alcohol beverages accounts for less than 50 percent of their gross receipts.
- The City of Green Bay has the **Fort Howard Moratorium**, which limits the “Class B” liquor licenses issued in the area **west of Broadway**. An applicant must be a restaurant with 50 percent of gross sales from food. This was set by Charter ordinance and would need a referendum to remove.
 - A person may find if their location is in the Fort Howard Moratorium by going to open data at greenbaywi.gov

Liquor License Premises Description

- Premises Description is an area printed on the license to describe (*as stated on the AB-200 form*)
 - “the building or buildings where alcohol beverages are produced, sold, stored, or consumed, and related records are kept. Describe all rooms within the building, including living quarters. Authorized alcohol beverage activities and storage of records may occur only on the premises described in this application.”
- Important to review prior to granting as once granted, it may not be taken away.
- While a broad license premises description is not void, a municipality is not required to accept a broad premises description on an initial application or amendment.
- Use of a street address is very broad and would be used to cover the entire location (the building, land areas and sidewalks).
 - The Clerk’s Office discourages granting a license with a broad description.

Liquor License Premises Description-Outdoor Areas

The Clerk's Office may only accept license amendments for outdoor areas that conform to Chapter 4 outdoor license areas

Licensed Patio

(2) *Amendment.* A licensee may apply to amend its licensed premises to include a patio. Photographs of the outdoor area are required to be submitted with the application. The application for amendment shall be subject to review in the same manner as any other license application, including administrative review, and the restrictions provided in this chapter.

(3) *Immediately adjacent.* A licensed patio must be immediately adjacent to the indoor portion of the licensed premises. For purposes of this section, a patio is immediately adjacent if it can be accessed from the indoor portion of the licensed premises without crossing any unlicensed area.

(4) *Barrier.* A licensed patio must be enclosed by a permanent fence, structure, or other barrier that clearly delineates the separation from licensed to unlicensed area. The fence, structure, or other barrier must be at least three feet in height and must clearly separate the licensed premises from any non-licensed area. Photographs of the barrier shall be provided with the application.

(5) *Ingress.* Access to a licensed patio shall be through an indoor licensed area. Ingress to a licensed patio from an unlicensed area should be limited to safety purposes only. Egress to an unlicensed area without the ability to return shall not be limited, to permit egress for safety purposes.

Granting vs. Issuance

- Once an original application is filed with the City Clerk's Office, the applicant meets with the Green Bay Police Department to discuss the business security plan. The Green Bay Police Department makes a recommendation of approval/denial and it is ready to go to the Committee/Council.
- The license may be granted subject to the approval of the proper authorities. Although a license may be granted, it cannot be issued until payment is received, and the building can pass a building, plumbing, electrical, and HVAC Inspection.
- Chapter 4.8 states any license that has not been in continuous use in a manner, indicating an ongoing business, for a period of 60 days or more shall be subject to revocation or nonrenewal. Green Bay Common Council may authorize a license extension.
- The Protection & Policy Committee may receive extension requests from license holders that cannot open within 60 days. It would be at the discretion of the Committee to extend the request.

For consideration and possible action to address and/or amend a limited number of liquor law provisions to accommodate the NFL draft in 2025 for a 9-day period:

1 – Allow licensed establishments to close at 4:00am throughout the 9-day period.

This is state legislation; we are just notifying the municipality of an objective we look to achieve. This will allow the crowd to disperse in a safe manner from the Stadium District to other areas of the city & county throughout the evening, versus everyone attempting to leave at 2:00am. Transportation, timing, and safety are extremely important. This is similar timing for the RNC in Milwaukee for the summer of 2024 (precedence).

2 – Allow patrons to purchase & consume alcoholic beverages (to include Malt, Wine, and Liquor) throughout the city & county, through streets and sidewalks set up for customer use.

Very similar to what occurs each Packer Game Day, extended to all areas for the 9-day time period, ensuring all Draft fans 21+ have similar benefits.

Most NFL Draft festivities will be held outside, which is where fans will be. Similar to other very large scale sporting events that Wisconsin held over the past decade (Bucks NBA Finals, Ryder Cup, US Open, PGA Championship, etc.), fans coming from all over will appreciate the ease of getting an adult beverage positioned in convenient locations, instead of forcing extremely long lines within a licensed facilities border.

3 – Allow licensed facilities to use their corresponding outdoor space (i.e. parking lots) for alcohol sales and consumption. By allowing all licensed facilities to maximize their space it will provide a better coordinated effort to show tourists that Green Bay is deserving of comparable future opportunities.

4 – Have a coordinated effort with the Special Events Committee to ease restrictions for street closures for customer draft parties and move swiftly to approve all applications.

Patrons of the Draft will come from all over the world. Many larger cities have held this event the past few years (Vegas, Nashville, KC) and this effort will show the attendees how much fun is possible not only in the Stadium District, but all of Green Bay and Brown County.

5 – Access city funds for assistance in marketing these plans to all attendees.

This includes signage in all Stadium District areas along with Social Media. Specifically, targeting ads and updates to all NFL Draft attendees arriving to the city (geo targeting). These objectives will include any and all updates that we work to push out to ensure a safe and fun time is had by everyone.

The best way to imagine the scope of this incredible crowd coming to Green Bay is to envision tripling a noon Sunday Packers – Bears game attendance for five straight days! A coordinated effort will need to be put in place to update a wide and far reaching group of tourists every day.

We would also like to explore city, county, and state grant options for both marketing and transportation.
