AGENDA OF THE COMMON COUNCIL

TUESDAY, NOVEMBER 18, 2025, 4:30 PM
In person at City Hall, Room 203 - Council Chambers.
Virtual attendance also available via Zoom.
AMENDED

A. Zoom Meeting Information.

1. Join Zoom Meeting Online:
   https://us02web.zoom.us/j/89274696903

   Or call in by phone: +1 312 626 6799
   Meeting ID: 892 7469 6903
   Passcode: 209710

   If you wish to speak at this public meeting or leave a comment, please fill out the online Comment Form and submit by 4:30 PM on Council meeting day. More detailed Zoom Instructions can be found online.

B. Roll Call.

1. Alders: Brian Johnson (District 9), Bill Galvin (District 4), Jennifer Grant (District 1), Jim Hutchison (District 2), Bill Morgan (District 3), Craig Stevens (District 5), Joey Prestley (District 6), Alyssa Proffit (District 7), Jim Ridderbush (District 8), Ben Delie (District 10), Melinda Eck (District 11), Kathy Hinkfuss (District 12).

C. Pledge of Allegiance.

D. Invocation.

E. Approval of the Agenda.

1. Approval of the agenda for the Tuesday, November 18, 2025, meeting of the Common Council.

F. Report by the Mayor.

G. Announcements.

H. Report of the Joint Finance/Personnel Committee (November 13, 2025).

1. To approve the request for new positions in 2026 and reclassifications.
2. To approve the Mayor's Recommended 2026 Budget as proposed.
3. To approve the 2026 borrowing request as amended.
4. To approve the 2026-2030 Capital Improvement Plan.

I. Resolutions.

1. Resolution authorizing for future 2026 Borrowing.
2. Final Budget Resolution 2026.

J. Committee of the Whole

1. For consideration and possible action on a request from Moski Corporation to consent to the Collateral Assignment of Development Agreement 2025-04 to Associated Bank for 1116 Hobart Drive Multifamily Development.
2. For consideration and possible action on General Ordinance 34-25 Relating to Animals Prohibited in City Parks and Farmers' Market Locations.

K. Referral of Petitions & Communications.

L. Adjournment.

1. Next Meeting: December 2, 2025.
2. Adjournment of the Tuesday, November 18, 2025, meeting of the Common Council.

1) SUPPLEMENTAL INFORMATION: The Video of this meeting, Agenda, Agenda Packet, and Minutes are available online at www.greenbaywi.gov/Meetings.
2) ACCESSIBILITY: Any person wishing to attend who requires special accommodation because of a disability, should contact the City Safety Manager at 920-448-3125 at least 48 hours before the scheduled meeting time so that arrangements can be made.
3) QUORUM: Please take notice that a majority or quorum of the Common Council will attend this committee meeting and will constitute a meeting of the Common Council for purposes of discussion and information gathering relative to this agenda.
4) REPRESENTATION: The party requesting the communication, or their representative, should be present at this meeting.

Report to the
Joint Finance/Personnel Committee of the City of Green Bay

MEETING DATE	PREPARED BY
November 18, 2025	

AGENDA ITEM # H.1

To approve the request for new positions in 2026 and reclassifications.

BACKGROUND

RECOMMENDATION

To discuss during the individual departments 2025 budget approval.

FISCAL IMPACT

October 24, 2025

Dear Common Council Members and City Taxpayers:

The 2026 City of Green Bay budget is not a flashy one. As has been the case with my past budgets, this plan focuses on providing our most essential services while managing rising costs responsibly. However, as I've said in the past, this budget also reflects the ongoing need for our state legislature to provide greater flexibility to local governments to diversify the revenue streams available to us. If we want to reduce our long-term debt and reduce property taxes, and we all should, Green Bay and other communities must have the authority, with support from our voters, to levy a local sales tax.

In the absence of additional support and flexibility, we will continue to maximize the resources we have by getting smarter with how we deploy services, measure our performance, and respond to resident needs. You won't see this work reflected in a particular line-item, but under the auspices of our "Connect Green Bay" initiative and as a strategic imperative, we are identifying opportunities to streamline operations, embrace technology, and measure performance. This includes enhanced use of software tools, data dashboards, and cross-department collaboration to ensure that every tax dollar delivers the greatest possible value and every resident has the opportunity to gauge our performance.

The only levy-funded position we're proposing to add reflects this commitment, as it is a financial and data analyst in the Fire Department, which will advance our broader effort to use data and technology to deliver services more effectively.

Regarding the nuts and bolts of the document in front of you, total proposed expenditures are rising to $143.8 million, a 3.2% increase over 2025 but well below the state's Expenditure Restraint Program limit of 3.3%. The primary cost drivers fall into two major categories: increased debt service payments and enhanced employee compensation.

Debt service payments are increasing by $2.3 million, reflecting recent infrastructure investments and higher interest rates. Regular salaries are going up another $2.8 million, while overtime is expected to grow modestly. We are mitigating the effects of these costs to our budget by proposing to better manage the employee vacancies an organization of our size regularly experiences by increasing the savings associated with staff turnover to $2.6 million.

What's the tax effect of these numbers? With a 2026 levy totaling $67 million, up 3.4%, the resulting mill rate is proposed to be $8.37 per $1,000 of assessed value. This 3.0% increase equates to $60.00 more in property taxes for the average $250,000 home on an annual basis or $5.00 per month. In equalized terms, the mill rate is decreasing 5.4%, reflecting continued and unprecedented property value growth across the city.

In short, the 2026 budget is a fiscally responsible plan, meeting the needs of our residents by investing in essential services and continuing to modernize how we serve our community. It's a proposal that balances fiscal discipline with the service commitment we've made to our residents, ensuring Green Bay remains strong, safe, vibrant, and well-positioned for continued growth in the future.

As always, I welcome the input of our Common Council and community members as we begin the public process of adopting a spending plan for the City of Green Bay for 2026, and I look forward to the discussion ahead.

Eric Genrich, Mayor
City of Green Bay, Wisconsin

CITY OF GREEN BAY GENERAL FUND POLICY	
Title: General Fund Policy	**Policy Reference:** Chapter __1__
Policy Source: Finance Department	**Legal Review Date:** August 19, 2016
Finance Committee Approval: August 9, 2016	**City Council Approval:** August 17, 2016

1.1 Definition. Fund balance is intended to serve as a measure of the financial resources available in a governmental fund (general operating budget of the City). A Fund Balance Policy is intended to provide guidelines during the preparation and execution of the annual budget to ensure that sufficient reserves are maintained for unanticipated expenditures or revenue shortfalls. The Fund Balance Policy should be established based upon a long-term perspective recognizing that stated thresholds are considered minimum balances. The main objective of establishing and maintaining a Fund Balance Policy is for the City to be in a strong fiscal position that will allow for better position to weather negative economic trends.

1.2 Purpose. In the course of a normal fiscal year it may be necessary for the City of Green Bay to have on hand sufficient cash to mitigate current and future risks such as revenue shortfalls and unanticipated expenditures and ensure stable tax rates. It may also be necessary to have a reserve of cash to meet known seasonal fluctuations in revenue causing temporary cash flow shortages.

A formally adopted policy shall help eliminate any ambiguity regarding what constitutes an appropriate purpose of maintaining available fund balances as well as demonstrate a commitment to long-term financial planning. This policy will be a positive factor in the municipal market's assessment of the City's credit quality. Bond rating agencies may look unfavorably if the unassigned fund balance of the City falls below the parameters established in this policy. This policy will allow the city to secure and maintain investment-grade bond ratings which, in turn, reduces bond interest rates.

1.3 Policy. The City of Green Bay shall maintain an unassigned general fund balance along with a contingency reserve to pay for needs caused by unforeseen emergencies, as well as meet working capital. This policy applies to all General Operating Funds to which the City has direct control. The policy will follow the parameters sited below:

1.3.1 It is desirable to have an overall general fund balance be maintained at a minimum of 17% to a maximum of 25% of the most recent prior year's expenditures. Prior year expenditures will be used as a measure since they are more predictable than revenues as a measurement source. Of this general fund balance, reserves will be categorized as non-spendable, restricted, committed, assigned and unassigned.

1.3.2 The City will reserve non-spendable, restricted, committed and assigned fund balances as required by generally accepted accounting principles or by the governing body.

1.3.3 Fund balance categorized as unassigned fund balance will be termed unassigned fund balance. The City shall maintain at a minimum of nine percent (9%) to a maximum of sixteen percent (16%), or two months of the previous year's general operating fund expenses in these categorizes.

1.3.4 Insofar as the unassigned fund balance cash reserve is intended for emergency use only, the City of Green Bay will establish a contingency reserve to provide for unanticipated expenditures nonrecurring in nature, or to meet unexpected small increases in service delivery costs for any budget year.

1.3.5 The contingency reserve shall be budgeted at a minimum 0.5% to a maximum of 1% of general fund expenditures. Any unexpended funds from this reserve shall be used in subsequent budget years to fund the contingent reserve fund. Use of the contingency will be by the approval of the Mayor and Common Council.

1.3.6 Use of excess funds in the general fund, after the appropriate designations have been made shall be limited to fund one time expenditures that do not increase recurring operating costs, or other one-time costs approved by the Mayor and Common Council.

1.4 Procedure

1.4.1 It shall be the responsibility of the Finance Director to monitor the fund balance.

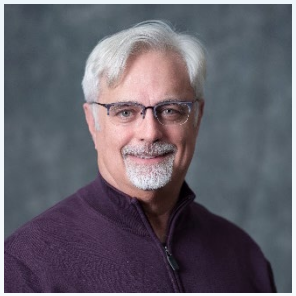

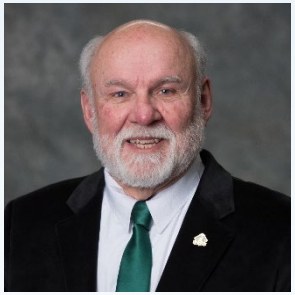

1.4.2 If the unassigned fund balance falls below 9% of the prior year's actual expenses, the Finance Director will prepare and submit a plan for expenditure reductions and/or revenue increases that will restore the general fund balance to an acceptable level within a one to three year time frame.

1.4.3 The Finance Director will recommend an amount to be budgeted in the Contingency Account as part of the annual Executive Budget.

1.4.4 Application for use of the contingency funds or excess unassigned fund balance will be made to the City Finance Director who will forward the request with a recommendation to the Finance Committee for their recommendation to the Council. Upon approval and passage of a resolution amending the contingency budget, the approved amount will be encumbered for use as approved. The approved expenditure will be made from the appropriate expenditure account. A transfer of funds will be made from the Contingency Account or unassigned general fund balance to the expenditure account only upon determination by the City Finance Director that the overlying department budget will be exceeded because of the approved expenditure.

ADMINISTRATIVE SERVICES DEPARTMENT

Fulltime Employees 24
Parttime Employees 1

City of Green Bay
2026 Budget Comments

Department: Administrative Services

Mission: Wisely manage the city's finances, equipment, information, and resources with full transparency.

Activities:

Finance: The Finance Department is responsible for accurately reporting the financial position of the City of Green Bay to ensure all transactions comply with City policies, generally accepted accounting principles (GAAP), and regulations established by authoritative governing bodies. Key functions of this division include payroll processing under multiple labor contracts, issuance of accounts payable payments, treasury management including oversight of the City's investment portfolio, coordination of the annual audit and budget process, tax roll preparation, debt management, and preparation of the Comprehensive Annual Financial Report (CAFR).

Clerk: The Clerk's office is often the first stop for residents visiting City Hall. Election administration, records management and license issuance are the three main duties of the office; we also process payments for the Treasurer and other departments. In election administration, the clerk's office works with the Wisconsin Elections Commission and the Brown County Clerk. The office employs 300 seasonal election workers and contracts with over two-dozen community partners for polling locations. The clerk maintains election records within its purview, common council agendas and minutes, ordinances, resolutions, agreements and issues legal notices. The clerk's office issues licenses such as dog, cat, liquor and bartender licenses, among many others.

Assessor: The Assessor's office is responsible for discovering and listing all residential and commercial real within its jurisdiction. We also defend assessed values before the Board of Review, Department of Revenue and Circuit Court. The City has approximately 36,000 real estate property tax parcels valued just over $11 billion dollars. The State of Wisconsin Department of Revenue is responsible for assessing manufacturing real property in the City of Green Bay.

Purchasing / Print Shop: The Purchasing division effectively serves City departments and other agencies in procuring goods and services while assuring a fair and competitive opportunity to all qualified vendors. Central to this responsibility is stewardship to City taxpayer dollars by using sound, prudent, equitable and consistent procurement practices following City purchasing policies and procedures. The print/mail room, located in City Hall, processes all the daily incoming and outgoing mail in accordance with US Postal Service regulations and offers printing services for all City departments through automated workflows and digital black & white or color production.

2025 Accomplishments and Key Performance Indicators:

Finance

- The finance division received the GFOA certificate for the City's 2023 Annual Comprehensive Financial Report for the 42st consecutive year. This document provides financial and background information pertinent to the City in conformance with generally accepted accounting principles and is a key source of information for the City's rating agency, bond holders, taxpayers and the general public.
- The City continues to collect property taxes in December and January for the real estate (first installment).
- 5yr CIP 2026-2030 presented with the 2026 proposed budget.
- The treasury function managed a portfolio with gross transactions of over $625 million averaging $52 million dollars per month.
- Managed and implemented economic development projects from a financial perspective for various TID activity.
- Continue to work through Federal and State COVID related grants including ARPA.

Clerk

- Provided liquor licensing update and election report to Protection and Policy Committee for better transparency.
- Provided guidance to those seeking information about other departments or other government functions.
- Utilized ARPA dollars to translate documents from English to Spanish for Clerk's office (and other City Departments).
- Utilized provisional liquor licensing, to the benefit of business owners.
- Updated our website to provide more information for voters, license holders and campaign finance filers.
- Streamlined and systematized license forms.
- Created a comprehensive training curriculum for poll workers.

Assessor

- Below is a summary of building permits and sales reviewed by year as well as the number of real property parcels in the City along with the assessed value and ratio to equalized value. Values do not include manufacturing.

Assessor's Office Statistics	2023	2024	2025
Number of building permits reviewed	2,980	3,312	3,435
Estimated building costs	$347,864,501	$501,456,700	$504,927,258
Number of sales reviewed	3,450	2,904	2,724
Number of real property parcels (Non-MFG)	35,137	34,987	35,023
Assessed Value of Property (Non-MFG)	$8,721,755,000	$8,205,803,700	$8,278,170,600
Assessed to Equalized Ratio	0.8965	0.7984	0.7329

- Completed the review of potential development projects to determine an assessed value for TIF or development agreement purposes.
- Preparation for the 2027 City-wide revaluation. Reviewing sales, updating records, and establishing new models.
- Used the computer assisted mass appraisal system to determine 2025 values.
- Sent staff to several continuing education classes, and Leagues Annual Assessors Institute.
- Staff continued work on their annual responsibilities including permits, reviews, and sales.

Purchasing

- In 2025, the Purchasing Department continues to use Purchasing Cooperative Contracts when available. This approach has proved to be efficient and cost-effective, reinforcing the city's commitment to competitive purchasing and securing advantageous contracts for various services and goods.
- The Purchasing Department continues to utilize grant-funded purchases, capitalizing on available external funding for city projects.
- The City has continued and expanded the Enterprise Leasing Program for its vehicle fleet. This program is aimed at maintaining and upgrading support vehicles, which contributes to both cost savings and improved operational efficiency across city departments
- The Purchasing Department is committed to enhancing opportunities for Minority Business Enterprises (MBEs). Initiatives include notifying vendors of procurement opportunities and integrating mechanisms such as Amazon Business to recommend MBEs for credit card purchases. These efforts promote inclusivity and diversity in the city's vendor pool.
- In collaboration with the legal department, the department ensures that all contracts are compliant and risk mitigation measures are in place. This partnership is critical to safeguarding the city's interests and promoting responsible contract management practices.

Overall, these initiatives reflect a proactive strategy by the Purchasing Department to improve procurement processes, streamline operations, and promote fairness in the city's purchasing activities.

Purchasing Statistics	2023 TOTAL	2024 TOTAL	2025 YTD
Number of solicitations/Contract Buys	150	134	154
Value of Purchases	$14,431,563	$7,960,650	$ 15,556,953
Revenues/Savings Generated	$341,782	$390,564	$ 417,320
P-card Transaction Count	14,329	14,855	12,592
P-card Spend	$5,696,004	$5,926,493	$ 4,398.094
P-card Average Transaction	$416.62	$401.98	$ 349.28

This report highlights the division's efforts to enhance efficiency, reduce costs, promote inclusivity, and ensure responsible procurement for the City of Green Bay in 2025.

Print Shop

- The Print Shop, located in City Hall, handles the daily incoming and outgoing mail. They ensure that all mail is processed in accordance with US Postal Service regulations. This includes sorting, stamping and ensuring that mail is sent out efficiently and accurately.
- The Print Shop provides printing services to all City departments. This can include the production of various documents, forms, brochures, and other printed materials that departments may require.
- To streamline operations, the Print Shop likely employs automated workflows which can help increase efficiency in mail processing and printing tasks.
- The Print Shop offers both digital black & white and color production services, allowing City departments to choose the appropriate printing options for their needs.

The Print Shop handles mail processing and offers printing service to support the communication and documentation needs of City departments. There is an upgrade coming in January 2026, with the purchase of a new envelope printer the Printshop will be able to create and print all city envelope requirements.

Document Center Statistics	2023	2024	2025 YTD
Copier Count	736,369	1,037,976	636,624
Number of Print Jobs	854	1175	1053
Mail Count (Outbound) Quantities Subject to Elections	117,939	179,181	111,231

2026 Goals:

- Ensure transparent, accurate, and fair elections by maintaining compliance with current election laws and implementing best practices in election administration.
- Annually upgrade and enhance the City's ERP software to leverage new features, streamline workflows, and improve efficiency across departments.
- Strategically manage City debt to maintain financial stability while supporting investments in aging infrastructure and future capital needs.
- Evaluate and refine the annual budget process to identify opportunities for greater efficiency, collaboration, and transparency.
- Strengthen workforce continuity through ongoing cross-training initiatives and succession planning to preserve institutional knowledge and support staff development.
- Expand voter accessibility and engagement by providing election and voter information in multiple languages to better serve Green Bay's diverse community.

Major Increase/Decreases in 2026 Budget:

- Reduction in room tax collections to return to pre–NFL Draft levels.
- Increase of $1.1 million in State Aids, including General Transportation Aid, State Building Aid, and Shared Revenue.
- Increase in seasonal salaries and overtime to ensure adequate staffing levels for four scheduled elections in 2026.
- Increase in Assessor's contractual services to initiate the 2027 citywide revaluation process.

Personnel Changes in the 2026 Budget:

- None

66% of GIS Coordinator & GIS Analyst positions funded by DPW

City of Green Bay
2026 Budget Comments

Department: Green Bay Information and Technology Services (GBITS)

Mission: "Our mission is to empower our organization by delivering reliable, secure, and innovative information technology and data services. We are dedicated to supporting operational efficiency, enhancing communication, and enabling informed decision-making through seamless access to accurate and timely information. We strive to continuously improve our systems, ensure data integrity, and provide exceptional service to meet the evolving needs of our users."

Activities:

1. **Data Management and Storage**
   - Data Collection and Organization: Collecting and categorizing data to make it easily accessible.
   - Database Management: Maintaining databases, ensuring data integrity, and organizing data storage solutions.
   - Backup and Recovery: Implementing procedures for data backup and disaster recovery to prevent loss of information.
2. **Information Systems and Technology Management**
   - System Maintenance: Ensuring that information systems, including hardware and software, are maintained, updated, and running efficiently.
   - IT Support: Providing technical support to users, troubleshooting issues, and resolving system-related problems.
   - Software Development and Customization: Developing or customizing software tools to meet the specific needs of the organization.
   - Network Administration: Managing network infrastructure, ensuring connectivity, and implementing security protocols.
3. **Security and Compliance**
   - Data Security: Implementing cybersecurity measures to protect sensitive information from unauthorized access, breaches, or cyberattacks.
   - Compliance with Regulations: Ensuring that information management processes comply with industry standards and legal regulations (e.g., GDPR, HIPAA).
   - User Access Control: Managing permissions and ensuring that only authorized personnel have access to sensitive data.
4. **Knowledge Management**
   - Information Sharing: Facilitating the sharing of knowledge and resources within the organization through platforms like intranets, wikis, or knowledge bases.
   - Document Management: Organizing, storing, and retrieving documents, ensuring that critical information is available to users when needed.

- Content Creation and Curation: Developing, curating, and managing content to support decision-making, research, or organizational learning.

5. Digital Transformation

- Automation of Processes: Leveraging technology to automate manual processes, improving efficiency and accuracy.
- Implementation of New Technologies: Evaluating and integrating new technologies, such as artificial intelligence, cloud computing, or big data analytics.
- Digital Tools Training: Educating staff on new software, tools, and platforms to ensure effective adoption and use.

6. Data Analytics and Reporting

- Data Analysis: Performing data analysis to support strategic decision-making, providing insights based on data trends.
- Reporting: Generating reports and dashboards that provide valuable metrics and performance indicators for stakeholders.

7. User Training and Support

- Training Programs: Developing and delivering training sessions for staff on how to use information systems, databases, and software tools.
- Documentation: Creating user manuals, FAQs, and other documentation to guide users through system usage and troubleshooting.

8. Vendor and Asset Management

- Vendor Relations: Managing relationships with third-party vendors, ensuring contracts are up-to-date and services are delivered as agreed.
- Hardware and Software Asset Management: Tracking and managing IT assets like computers, servers, and software licenses, ensuring they are updated and replaced as necessary.

9. Innovation and Strategic Planning

- Research and Development: Exploring new technologies and methodologies to improve organizational efficiency and information management.
- Strategic IT Planning: Aligning information services with organizational goals, planning for future growth, and technological advancements.

10. Customer Service and Engagement

- End-User Support: Offering ongoing support to users to ensure they can access and utilize the information systems effectively.
- Feedback Collection: Gathering feedback from users to improve services, address pain points, and enhance system functionality.

2025 Accomplishments and Key Performance Indicators:

1. **Cyber Security**
   a. Lead: Deputy IT Director/Cyber Security Specialist
   b. Action Plan: Implementation of new Cyber Security systems and continual monitoring/updating/mitigation of issues and cyber events. Maintain certifications and memberships in Cyber Security organizations. Firewall updates and MFA implemented for all remote access.
   c. KPIs: Security Audits, Log Analysis, Cyber Events
2. **Data Center Upgrades**
   a. Lead: IT Director/Deputy IT Director
   b. Action Plan: Core

i. Core Switch Replacement **complete**.
ii. ESX Host Server replacement **complete**.
iii. SAN storage server replacement **complete**.

c. **KPIs:** Completion percentage, Network performance monitoring

3. **Online Payment System(s)**
   a. Lead: IT Director/Programming/Web Development Staff
   b. Action Plan: Programming staff working on various online payment processes. Initial testing of live payment system in progress. Currently implementing Tyler Payments to allow invoice payments online.
   c. KPIs: Usage statistics, survey departments and end users
4. **Expand Application Development to the Cloud**
   a. Lead: IT Director/Programming Staff
   b. Action Plan: Working to leverage cloud-based applications. Currently researching and investigating options for future development. Many vendors are offering cloud options, and we evaluate each system on a case-by-case basis and when cloud infrastructure makes sense, we implement.
5. **Website Open Data Portal**
   a. Lead: IT Director/Web Development Staff
   b. Action Plan: Continual evaluation of data required to create an Open Data Portal and implement live on website. Work with departments to gather/organize/report data to public. Currently working on Data Governance procedures to identify data locations and use to create KPI's for all departments.
   c. KPIs: Web statistics, surveys
6. **Decommission and Consolidate Older Aging Systems**
   a. Lead: IT Director and all Staff
   b. Action Plan: Identify older aging systems and look for:
      i. possible consolidation into other existing system
      ii. cloud based system options
      iii. Re-development if determined best option
   c. KPIs: Number of systems decommissioned or consolidated

2026 Goals

1. **Cyber Security:** Continual improvement and implementation of new systems to meet cyber threats. Constant monitoring of cyber systems and network activity. Maintain certification in Cyber Security and leverage all resources available to increase digital security. Continually provide end user cyber training. Always looking for grant money to increase our cyber footprint.

2. **In House Programming:** Our focus over the last few years has been the complete upgrades to all City Hall data Center equipment and endpoint network infrastructure. That project is coming to an end, and we look forward to focusing on in-house programs and software/applications. We look for possibly way to consolidate and/or retire older applications, while evaluating opportunities to migrate to the cloud when appropriate.

   a. Continue to support legacy systems and work to update to current technologies.
   b. Develop change management system that meets needs of departments and evolve as requirements change.

c. Provide training to programming staff to ensure new technology is used.
d. Evaluate needs for continued development vs. outsourcing to a vendor or other application.

3. **Open Data:** As we update our Open Data portal these are goals, we use to drive this initiative:
    a. Promote Transparency and Accountability
    b. Foster Innovation and Economic Growth
    c. Improve Public Services
    d. Encourage Collaboration and Research
    e. Empower Citizens and Communities
    f. Increase Efficiency and Reduce Costs
    g. Enhance Data Quality and Interoperability
    h. Support Sustainable Development and Social Impact
    i. Promoting Trust Between Government and Citizens
    j. Support Emergency Response and Crisis Management

4. **User Support**: The primary goals of IT user support are to ensure that technology services run smoothly for end users, enhance productivity, and resolve issues efficiently. These goals are typically aligned with improving user satisfaction, minimizing downtime, and enabling the optimal use of IT resources. Here are the IT user support goals commonly pursued by organizations:
    a. Enhance User Satisfaction
    b. Reduce Downtime and Minimize Disruptions
    c. Increase Efficiency and Productivity
    d. Improve Technical Knowledge and Training
    e. Standardize and Streamline IT Processes
    f. Provide Scalable and Flexible Support
    g. Ensure System Security and Compliance
    h. Improve Reporting and Metrics
    i. Support New Technology and Digital Transformation
    j. Cost Management and Resource Optimization

2026 Challenges

1. Cybersecurity Threats and Data Privacy

- Increased Cyber Attacks: Cybersecurity threats, including ransomware, phishing attacks, and data breaches, are becoming more sophisticated. Information Services must strengthen their defenses, particularly with the rise of remote work and cloud-based services.
- Data Privacy Compliance: With the increased use of AI in many applications and systems, data security and privacy are of concern. Training users on awareness of personally identifying information (PII) as it relates to potential risks when using AI.

2. Hybrid Work and Remote IT Support

- Supporting a Hybrid Workforce: With many organizations adopting permanent hybrid or remote work models, Information Services will need to ensure seamless, secure access to company resources for a distributed workforce. This requires robust cloud infrastructure, secure VPNs, and enhanced collaboration tools.
- IT Support for Remote Employees: Providing technical support to remote employees poses logistical challenges. Information Services will need to optimize remote troubleshooting processes and adopt technologies like remote desktop tools, AI-based support bots, and cloud-managed services.

3. Digital Transformation and Emerging Technologies

- Adoption of Emerging Technologies: The rise of artificial intelligence (AI), machine learning (ML), blockchain, 5G, and Internet of Things (IoT) presents both opportunities and challenges. Information Services will need to assess how to effectively integrate these technologies into existing systems while managing costs and training staff.
- Cloud Migration and Optimization: As organizations continue migrating services to the cloud, Information Services must ensure they're optimizing cloud resources for cost-efficiency, scalability, and security. Managing multi-cloud environments can be particularly complex.

4. Data Management and Analytics

- Handling Big Data: As data generation accelerates, organizations will need advanced tools and methodologies to collect, store, process, and analyze vast amounts of data. Efficient data governance, including metadata management, data quality, and data lifecycle management, will become critical.
- Turning Data into Insights: Information Services must help organizations move beyond data collection to actionable insights. Implementing advanced analytics platforms, integrating data from diverse sources, and delivering real-time reporting will be crucial.

5. Budget Constraints

- Cost Management: Information Services departments will need to manage tight budgets, balancing investments in cutting-edge technologies with the need to maintain and upgrade existing systems. The high costs of cybersecurity measures, cloud services, and new technologies may pose significant challenges.
- Maximizing ROI on IT Investments: Demonstrating a clear return on investment (ROI) for IT initiatives, particularly in the areas of cloud migration, AI integration, and digital transformation, will be essential in securing future funding.
- Continually looking for grant opportunities.

6. Managing IT Complexity and Legacy Systems

- Integrating Legacy Systems with Modern Infrastructure: Many organizations continue to rely on legacy systems that may not easily integrate with modern cloud-based platforms or AI technologies. Information Services will need to develop strategies to maintain or upgrade these systems without disrupting critical business processes.
- System Interoperability: As organizations adopt more digital tools and platforms, ensuring that these systems can work together seamlessly will become a growing challenge. APIs, middleware, and integration platforms will be key to achieving interoperability.

Major Increase/Decreases in 2026 Budget: All increases are due to substantial increase in maintenance/renewal charges.

Personnel Changes in the 2026 Budget: Fully Staffed

Law Department

LAW DEPARTMENT

Fulltime Employees 8

City of Green Bay
2026 Budget Comments

Department: Law

Mission: It is the mission of the Law Department to provide high quality municipal legal services to the City of Green Bay, facilitate the City's operations, and protect the City's interests. The Law Department strives to maintain fairness and integrity while representing the City, including the Mayor, Common Council, Boards and Commissions, and all City departments. The Law Department strives to provide dependable legal advice, find practical and innovative solutions to problems, and promote accountability in accordance with the letter and spirit of the law. The Law Department also focuses on ensuring laws are applied consistently and in a community-oriented manner to improve the quality of life in the City of Green Bay.

Activities: The Law Department provides legal services to all departments within the City. The primary activities of the Law Department include the following:

General Municipal Representation. The Law Department provides general municipal representation to all City Departments. This includes drafting ordinances, resolutions, policies, conducting research and drafting legal memorandums and opinions, and drafting and reviewing contracts, agreements, and similar transactional legal documents. Attorneys regularly attend Common Council, committee, and commission meetings to provide legal guidance to the members. Additionally, attorneys remain current on trends and updates in numerous legal areas, including development, land use, employment and labor law, licensing, inspections, ethics, Indian law, and environmental law.

Litigation. The Law Department represents the City in all legal matters. For matters which the department does not have the capacity to handle in house or which are assigned by our insurance carrier, the City Attorney engages outside counsel and manages all cases to ensure City interests are protected and work is done in a cost-efficient manner. Lawsuits range from enforcement actions and property damage claims to civil rights litigation. From August 2024 to July 2025, the Law Department represented the City in 19 active litigation or administrative law matters in federal and state court, 14 of which were carried over from prior years. Of these, 6 cases have been resolved or dismissed.

The Law Department continues to oversee the two national cases in multi-district litigation matters to recover potential damages for the City of Green Bay. These two actions involve PFAS contamination in municipal water systems and overburdened public safety resources due to increased thefts of Hyundai and Kia vehicles. These actions will continue into 2026. By initiating these actions and engaging outside counsel skilled in these complex litigation matters, the City ensures its best chance of recovering damages for the benefit of the community.

Claims & Liability Insurance. Wisconsin State Law 893.80 provides persons an ability to file a claim against a local government. The Law Department administers the claims process from receipt to conclusion, including managing the Claims Committee. In addition, the Law Department works closely with our insurance carrier to ensure the City's claims are resolved in the most cost-efficient manner and evaluates our evolving coverage needs. From August 2024 to July 2025, the Claims Committee processed and acted upon 61 new liability claims naming the City as a responsible party and continues to monitor claims until the expiration of their statute of limitations. The Law Department also administers auto-physical damage and property claims including recovering damages that previously went unpaid. Finally, the Law Department assists with the intake and management of all certificates of insurance, further confirming that certificates of insurance meet all limit requirements as they relate to City contracts.

Prosecutions. The Law Department is responsible for the prosecution of violations of City ordinances and is dedicated to principles of fair and impartial justice administered with respect and equality. From August 2024 through July 2025, the Law Department conducted pre-trial conferences on 2,013 citations (consistent with totals of 2050 and 2035 in the two years prior), represented the City in 631 contested parking tickets (an increase from 530 and 557 in the two years prior), and prepared for and conducted numerous trials and evidentiary hearings in the municipal and circuit courts. These proceedings include violations of operating while intoxicated, traffic, parking, inspection, theft, and numerous other offenses. The City Prosecutor also collaborated with the Green Bay Police Department's Crime Prevention team and Community Police Officers, along with City Inspectors, in conducting 63 nuisance abatement meetings and 5 liquor license correction meetings to address recurring, neighborhood-impacting concerns.

Records Requests. The Law Department responds to requests for public records on behalf of numerous City departments, ensuring that compliance with the law is maintained, consistency among requests is achieved, and confidential and exempt data is not disclosed. From August 2024 to July 2025, the Law Department received and responded to an approximate 30% increase in public records requests, totaling 414 requests. This work produced over 45,000 pages of documents, which is an approximate 10% increase from 2025. As of current, we are on track to exceed 450 requests, which is 50 more requests than last year.

2025 Accomplishments: A sampling of the Law Department's accomplishments in 2025 is provided as follows:

- Drafted or reviewed more than 159 agreements for City Departments, including more than 50 for economic development and complex property transactions including purchase agreements, hold harmless and indemnification agreements, transfer agreements, development agreements, settlement agreements, easements, leases, access agreements, intergovernmental agreements, and memorandums of agreement, among others.
- Continued centralization of all insurance matters, including all insurance and claims related matters, certificates of insurance and auto/physical liability records.
- Focused on cross-training staff in department functions to ensure continuity of services during times of absences.
- Responded to over 400 records requests.
- Took a multifaceted approach to reduce and resolve new and pending litigation bringing the City's active litigation count to its lowest in recent years.
- Assisted in resolving compliance disputes for City contracts.
- Administered liability claims against the City with $47,668.20 in total claims paid of $227,995.57 requested in relief.
- Managed complex real estate transactions including overseeing the acquisition of the Green Bay-Press Gazette Building and Green Bay Drop Forge.
- Drafted and reviewed over 85 ordinances, resolutions, plans, and policies of varying complexity for the City.
- Assisted the City in the recovery of more than $500,000.00 related to PFAS litigation.
- Coordinated substantial discovery in litigation at a cost-savings to the City.
- Conducted a review of administrative costs and implemented changes to reduce costs for software subscriptions by 71%.
- Initiated collection efforts on delinquent invoices and payment agreements.
- Continued implementation of the Records Retention Schedule to maintain compliance with records management and maintenance.

2026 Goals:

- Complete a comprehensive review of Green Bay Code of Ordinances and adopt proposed updates.
- Fully implement electronic signatures for documents pursuant to state law.
- Implement new law department software system and continue to fully operate paperless, to increase department efficiency and productivity, including in the areas of filing and record keeping.
- Initiate electronic recording in the County by all departments.
- Continue maximizing cost-efficient training opportunities to ensure staff remains up-to-date on current trends in the legal community.

- Implement key performance indicators.
- Develop new and update current templates for frequently used agreements.

2026 Challenges:

The Law Department is carrying two vacancies into 2026, due to challenging recruitment conditions. Based on an evaluation of current needs, the Law Department will continue to implement planned changes in position classifications to maximize capacity in critical areas. The Law Department will respond to these challenges by continuing to create efficiencies where possible and to leverage technology and other tools to promote productivity to the highest extent possible.

Major Increase/Decreases in 2026 Budget: None.

Personnel Changes in the 2026 Budget: Vacant Deputy City Attorney Position changed to Paralegal.

Part Time Employees **3**

City of Green Bay
2026 Budget Comments

Department: MUNICIPAL COURT

Mission: To provide a forum for justice regarding all City ordinance matters

Activities: The administration of justice and collection of forfeitures

2025 Accomplishments and Key Performance Indicators:

- Fixed interior and exterior security cameras to improve safety at the courthouse
- Hired new Spanish speaking clerk
- Updated language on notices to clarify and better reflect expectations of juveniles returning to court for status conferences
- Added new court times for juvenile return dates

2026 Goals

- Replace bullet proof windows near front desk to ensure safety of court staff
- Continue to review policies and procedures as they pertain to juveniles to ensure justice and fairness in each case
- Potential adjustments of bond amounts for high-volume tickets
- Continuing review of internal processes to find further efficiencies

City of Green Bay
2026 Budget Comments

Department: Human Resources

Mission: The mission of the City of Green Bay Human Resources Department is to serve as a strategic partner in driving organizational success - delivering innovative people solutions, fostering a culture of safety, engagement and equity, and aligning talent strategies and risk management with the City's vision and community impact.

Activities: Human Resources has responsibility for Labor Relations; Benefit Administration; Recruitment and Selection; Investigations and Disciplinary Actions; Fitness for Duty evaluations; Affirmative Action, Classification and Compensation; Training and Development; Worker's Compensation; and Risk Management.

2025 Accomplishments and Key Performance Indicators:

- Implemented 2.5% wage increase for general/seasonal employees and investigated wage compression solutions for Public Safety.
- Negotiated three agreements (1-year: Public Works Labor Association & Electrical Workers and 3-year: Bus Operators).
- Teamed with PFC to implement new Patrol Officer recruitment process, reducing time to fill by 35%.
- Filled 95 total vacancies, the director level roles and critical Public Safety positions (17 Firefighters, 10 Police Officers).
    - Automated reference check process and insourced credit check solution.
    - Implemented language testing for positions with bilingual requirement.
    - Time to fill has been reduced by 15% from 2024.
    - Monthly turnover rate is 1.1% compared to monthly governmental turnover rate of 2.25%.
- Administered Workplace Culture Survey and adopted "Your Voice – Our Culture" logo to communicate action.
    - Created Workplace Engagement Committee with representatives from every department.
- Provided several developmental training sessions including mental health, resiliency, Authentic Conversations, teamwork and customer service.
- Created and distributed FMLA Leader FAQ document guiding leaders to be aware of potential challenges.
- Modified formal exit interview process to increase visibility to Director level leaders; created proactive solutions.
- Held several employee appreciation events (Bowling Event, Food Truck, Golf Outing and City Hall-oween event).
- Conducted an Americans with Disabilities Act inventory of City Hall first-floor restroom ensure accessibility.
- Revitalized Brown County United Way campaign; increased engagement 300% from 2024.
- Achieved first ever score of 100 on the 2024 Municipal Equality Index scorecard.
- Achieved 63% participation in Health 1265 program.

- Lead a successful Wellness Fair with several vendors; approximately 150 employees attended.
- Reimagined health options with an additional plan, Surest. Transparent/no deductible design with upfront pricing.
- Strategically developed recommendations for 2026 health plan:
    - Revised PPO plan with minimal premium increase as well as a 9% decrease in vision.
    - Added short-term disability and two voluntary lines of service, Identity Theft and Pet Insurance.
    - Negotiated decrease in cost share model for FSP saving $125K.
- Completed health plan dependent audit, to verify eligibility.
- Assisted Public Safety in planning/facilitation of safety plan for the 2025 NFL Draft, resulting in one reported minor injury.
- Processed over 80 workers compensation claims and assisted/led investigation of 84 injuries/incidents resulting in 40% reduction in claims versus budget.
- Worked with WI State Patrol to provide CMV load securement training for Public Works, Parks, and Water operations staff.
- Relocated Risk Management into the HR main office streamlining communication and strategic direction.
- Implemented prescription direct bill program with national vendor to assure availability at all hours.
- Facilitated transition to new property insurance carrier, bringing improved tracking of assets/better communication.
- Completed property appraisal of all 102 city-owned buildings/contents and contractors' equipment valued at over $600M.
- Continued to audit 700+ vehicle fleet and property insurance schedules to better reflect true valuation of assets and ensuring adequate insurability/loss recovery.
- Implemented several security improvements to City Hall including improved software, entry protection, and enhanced visibility.
- Gained operational efficiencies among existing staff by shifting workloads internally and across departments.
- Improved utilization of Certificate of Insurance tracking software to process over 1,000 certificates each year, increasing contractor compliance.

2026 Goals

- Negotiate four agreements (Bus Mechanics, Police Officer, Police Supervisory, and Fire Fighters.
- Create talent management solution identifying top talent and ensure developmental programs are in place/available for succession planning.
    - Update performance management process to include updating forms, exploring automation and inclusion of self-assessments.
- Infuse Emerging Leader/Perfecting Leader training modules into talent management process to further enhance the leadership skills.
- Continue to prioritize mental health and well-being amongst employees by training leaders.
- Continue to develop and implement a strategy to better utilize and adopt tools from Neogov Learn to enhance employee training.
- Review and update portions of the online New Hire Orientation program.
- Continue to develop KPIs to enhance decision making and implement process improvements based upon data.
- Drive Workplace Culture committee to recommend programs, policies and activities to improve work experience and take action on Workplace Culture survey.
    - Conduct Workplace Culture Survey to evaluate progress and determine next steps.
- Partner with department leaders to address issues raised stay and exit interviews.
    - Work with department leaders to establish plans and goals to improve engagement.
- Review and finalize new process for notifying Common Council of vacant positions.
- Explore the hiring process to identify where we are losing diverse candidates and make appropriate changes.

- Expand utilization of current HR software to gain efficiencies in personnel actions.
- Continue to explore and implement creative strategies to reduce health care costs.
- Create a strategic communication plan for health plan utilization to include getting the right care at the right time, choosing effective prescription options and prioritizing preventive care.
- Evaluate providers for pre-employment physicals and DOT drug screens.
- Continue to grow the Health 1265 program while encouraging employees to actively engage in their health and well-being.
- Continue to work on completing items outlined in the Human Resources Compliance Audit.
- Continue to work on completing items outlined in Green Bay's ADA transition plan.
- Implement a workers' compensation Nurse Triage Line for immediate reporting and treatment of work-related injuries.
- Utilize a new preferred health provider network for workers' compensation claims.
- Develop an online reporting process for non-medically treated injuries and vehicle accidents.
- Publish an updated City Safety Manual, with up-to-date revisions and industry best practices.
- Continue to evaluate and implement new occupational safety training plans for various departments, based on risk exposures and scope of work.
- Evaluate future feasibility of the employee influenza vaccine clinics.
- Continue working with the GBWU and Safety Coordinator to develop safety programming that will best benefit all employees.
- Continue developing a comprehensive analytical review of accident data on a bi-annual basis, assisting departments to identify largest risk factors related to injury, property damage and total costs.
- Finalize implementation of mass communication software and evaluate alternative use cases for various business purposes.
- Update City Hall emergency response plan and create a standardized procedure to prepare for a variety of incidents.
- Improve utilization of COI tracking software to enhance visibility and information access for employees.
- Partner with the Law to review existing contractor insurance requirements.
- Maintain a perfect score of 100 on Municipality Equality Index.

2026 Challenges

- Recruiting and retaining excellent employees within existing pay plan to fill crucial positions across the City and ensure we have the staffing levels to provide excellent services to the community.
- Ability for Human Resources to provide in-house leadership development training and employee training with current staffing levels.
- Automation possibilities within current software systems on hand to expand on our data tracking for KPIs.
- Working with providers to ensure that medical expectations are met and employees receive timely care when needed.
- Continue to focus on a culture of safety, reducing employee injuries and vehicle accidents. Continue to build strong culture of engagement between employees and their leaders.
- Continue researching opportunities for financial savings in Workers Compensation with rising medical cost challenges.
- Potential for high-cost medical experiences.

Major Increase/Decreases in 2026 Budget: None

Personnel Changes in the 2026 Budget: None

Community & Economic Development

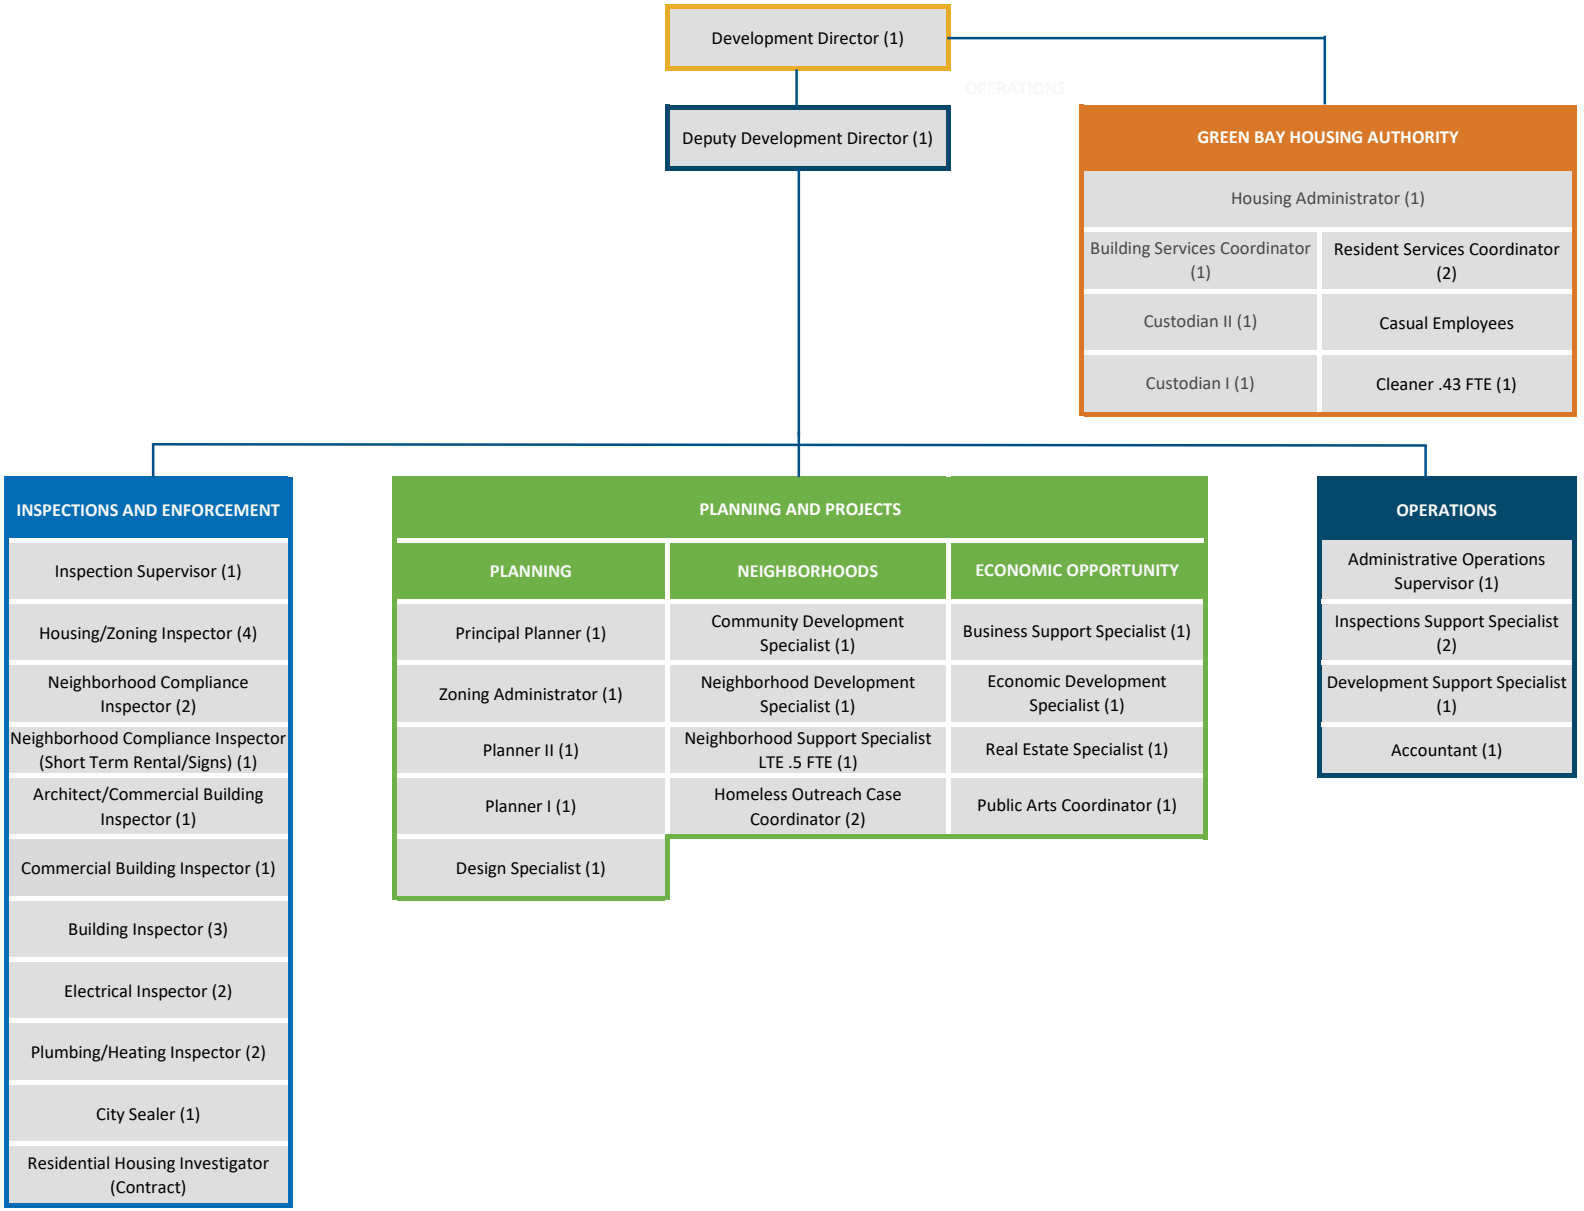

COMMUNITY AND ECONOMIC DEVELOPMENT DEPARTMENT

Full-Time Employees: 44
Part-Time Employees: 2
Contract Employees: 1

City of Green Bay
2026 Budget Comments

Department: Community and Economic Development

Mission: We make our community more safe, accessible, productive, and innovative.

Activities: Through strategic initiatives in which we convene and connect people, adopt and enforce policies, create and manage programs, and improve and enhance properties, we link and leverage our natural, built, human, and social assets in order to generate valuable products, services, and experiences within the City.

The Department supports several Commissions and Committees, including

- Plan Commission
- Redevelopment Authority
- Board of Appeals
- Landmarks Commission
- Green Bay Housing Authority
- Green Bay Public Arts Commission
- Green Bay-Town of Scott Joint Plan Commission
- Annexation Commission
- Tax Incremental Districts Joint Review Board

2025 Accomplishments and Key Performance Indicators:

- Funded the creation of high quality, accessible housing options at all price points.
    - Financially supported the creation of 395 units (As of 10/01/2025)
        - Market rate/workforce/affordable: 198/95/102

- Developed high quality developments at all price-points and in all areas of the City.
    - Sold and/or developed 14 of 22 actively marketed City- and RDA-owned properties (as of 10/15/2024)
    - Approved 12 planning options
    - Approved 8 large-scale development agreements
    - Approved 9 small-scale development agreements
- Directly engaged with and offered support to businesses (as of 10/9/2025).
    - Completed 76 business retention visits
    - Directly leveraged, through City assistance, over $30,340,000 in new business investment.
- Continued to streamline and clarify public-facing and internal review/approval processes
    - Completed 188 plan reviews (as of 10/1/2025).
    - Issued 3,310 permits
    - Approved 293 site plans
    - Addressed 2,706 code compliance complaints with a 93% closeout
- Planning Division facilitated:
    - 50 actions through the Common Council,
    - 24 variances
    - 36 historic property projects
    - 400+ new single-and two-family lots approved through planning actions
    - 275+ new apartment units approved through planning actions
    - Planning approvals on significant projects, including:
        - UWGB Master Plan adoption
        - St Mary's Hospital expansion
        - Municipal boundary clean-up with the Village of Bellevue
        - University Heights Commerce Center land-use changes
        - Comprehensive Plan Update

2026 Goals:

- Fund the creation of high quality, accessible housing options at all price points.
    - Financially support the creation of 400 units
        - Market rate/workforce/affordable: 150/100/150
- Promote equitable community investment throughout the City of Green Bay.
    - $7,500,000 invested in the community
- Develop high quality developments at all price-points and in all areas of the City.

    - Sell and/or develop 10 actively marketed City- and RDA-owned properties
    - Approve 15 planning options
    - Approve 5 large-scale development agreements
    - Approved 10 small-scale development agreements
- Support business development:
    - Complete 100 retention visits
    - Complete 30 business attraction contacts
    - Conduct annual Business Walk to survey at least 50 businesses
    - Directly leverage, through City assistance, over $30,000,000 in new business investment.
    - Retain 250 jobs and support the creation of 100 jobs through direct City funding assistance.
- Streamline and clarify public-facing and internal review/approval processes
    - Maintain 15 days maximum building permit approval timeline.
    - Maintain short-form permit turnaround time to 1-2 days.
    - Create and Sustain an Educational Public Outreach & Social Media Strategy
    - Maintain 90% case closeout rate

2026 Challenges

- Permit approval timelines increase in Spring/Summer due to increased work volumes with limited staff capacity
- Technology upgrades needed to improve efficiencies with permit processing and customer service experience
- Development continues to be increasingly challenging due to large funding gaps caused by high interest rates and construction costs

Major Increases/Decreases in 2026 Budget:

- Decrease contractual services - $25,000 moved to partial salaries for Historic Preservation work
- Decrease Gas, Oil, Lube and Vehicle Repairs - $7,000 with savings related to hybrid leased vehicles
- Increase Neighborhood Associations Mini-grant request - $10,000

Personnel Changes:

- Decrease in grant-funded staff due to the sunset of the Office of Violence Prevention

City of Green Bay
2026 Budget Comments

Department: Police

Mission: "We, the members of the Green Bay Police Department, are dedicated to providing service through a partnership with the community that builds trust, reduces crime, creates a safe environment, and enhances the quality of life in our neighborhood."

Activities:

Operations Division

- Patrol services, including emergency call response and initial investigation of criminal complaints.
- Training Unit – Provides training for newly hired and in-service employees.
- Special Weapons and Tactics team – Provides specialized tactical response for high-risk incidents.
- Dive team – Provides specialized water rescue, recovery, and evidence collection services.
- Marine Unit – Provides safety and enforcement services on the East and Fox Rivers and the Bay of Green Bay.

Investigations Division

- Detectives – Conduct follow-up investigations and case preparation for prosecution.
- Brown County Drug Task Force
- Forensic analysis of physical and, increasingly, digital evidence.
- Property and evidence management
- School Resource Officer program
- Records Unit – Processes written records and provides public records services.

Community Services Division

- Traffic safety services, including enforcement and education.
- Behavioral Health Unit – Provides follow-up to address mental health crisis cases.
- Community Policing Unit – Problem-solving and community outreach.
- Animal Protection Unit – Response to issues regarding domestic and wild animals, including animal abuse investigations.
- Canine Unit – Specially trained officer/dog teams provide patrol support and detection of narcotics and explosives.

Professional Standards Division
- Administrative investigations and oversight of our accountability process
- Recruiting and hiring

Administrative Services
- Business management – Finance, fleet, and facilities services.
- Information Technology

Communications Team
- Provides media relations and internal communications
- Crime Prevention

2025 Accomplishments and Key Performance Indicators

- We coordinated the public safety planning process and provided police services for the 2025 NFL Draft. Over 600,000 people attended this event over 3 days, with only one arrest, 3 municipal citations, and 8 ejections.
- We recruited and hired a Mental Health Nurse Practitioner to conduct annual mental health check-ins will all employees, as well as critical incident support and wellness education for all members of the department.
- We completed the upgrade to the new Green Bay Electronic Reporting Program (GERP) records management system.
- With the aid of a US Department of Justice COPS grant, we expanded our Neighborhood Response Team to four officers.

2026 Goals

We have four priorities in the Green Bay Police Department: public safety, community engagement and inclusion, the health of the organization, and the effective and efficient use of public resources. Each of our goals for 2026 is related to one or more of these priorities:

- Reduce crime and the fear of crime
- Reduce disorder in public spaces
- Develop and implement a comprehensive traffic safety plan
- Achieve and maintain full staffing, both sworn and professional staff
- Leverage technology to increase efficiency in police operations

Service Demand:	2023	2024	2025*
Calls for Service	70,890	68,259	49,711
Reports Written	14,336	13,686	9,835
Traffic Stops	9,564	9,831	7,328
Public Records Requests	1,371	1,549	1,164
Page Count	59,359	65,106	46,934
Video Requests		1,609	2,143
Hours of Video Requested		665	734

Offenses (IBRS)	2023	2024	2025*
Person	1,464	1,757	1,114
Property	3,153	2,859	1,524
Society	1,785	1,821	1,041
Total	6,402	6,437	3,679

2026 Challenges

- Recruiting, particularly for sworn police positions, continues to be challenging
- Demand for service often exceeds available resources
- Continued increase in demand for public records, particularly video footage, requiring extensive redaction
- Escalating costs for information technology and labor
- The changing threat environment has dramatically increased the police resources needed for large events
- Existing facilities do not meet the Department's needs

Major Increase/Decreases in 2026 Budget:

- Increase Community Service Officers by 3 FTE and assume responsibility for the City Hall Security program
- Department Turnover increased from $75,000 to $748,744

Personnel Changes in the 2026 Budget:

- Added 3 FTE Community Service Officer positions

Fire Department

FIRE DEPARTMENT

Fire Personnel 212
Full-Time Support Staff: 6

City of Green Bay
2026 Budget Comments

Department: Fire

Mission: The mission of the Green Bay Metro Fire Department is to protect and educate our community, show compassion to all, and continue the honored tradition and dedication of the fire service.

Activities: The Green Bay Metro Fire Department will continue to deliver the best professional service that is efficient and cost effective for the citizens of Green Bay, Allouez and Bellevue. This service delivery includes public education, fire prevention, training, fire investigation, emergency medical services, fire suppression, hazardous materials, water rescue and technical rescue services.

2025 Accomplishments and Key Performance Indicators:

- Maintained ISO Class 1 classification.
- Successfully led planning efforts and staffed the NFL Draft.
- Placed into service 2 new ladder trucks and numerous support vehicles.
- Placed into service a new joint Fire/Police incident command vehicle.
- Continued facility layout planning and site development for a new fire station and administrative headquarters.
- Graduated two separate hiring classes for a total of 17 new hires.
- Placed new battery powered extrication equipment into service.
- Total incidents to date 14,145 (as of 10/8/25).
- Developed a series of Key Performance Indicators to serve as metrics moving forward.

2026 Goals

- Work with City Staff, developers, and architects to design and build new Fire Station 1 and administrative offices.
- Continue work on the 2024-2029 Community Driven Strategic Plan.
- Partner with the Firefighter's Union to develop a Rank Academy to prepare our staff for promotion.
- Execution of current grant awards.
- Continued exploration of grant opportunities to augment traditional funding sources.

- Place orders for two new fire engines for future delivery.
- Refurbish Marine 1.

2026 Challenges

- Long lead times for apparatus purchases.
- Increase in calls for service.
- Ensuring our personnel have the tools and resources available to ensure physical and mental health.
- Evolving technology.

Major Increase/Decreases in 2026 Budget:

- Significant increase in revenue due to GEMT funding.
- Grants continue to provide significant budget offsets for Paramedic training and community risk reduction efforts.

Personnel Changes in the 2026 Budget:

- Data and Financial Analyst position added

City of Green Bay
2026 Budget Comments

Department: Department of Public Works

Mission: The Department of Public Works mission is to provide efficient municipal services and to maintain and construct public works facilities in a cost effective manner for the citizens of Green Bay.

Activities: The Department of Public Work consists of an Operations Division (Electrical, Street, Motor Equipment, Parking and Sanitation Section), Utility Division (Stormwater and Sanitary Sewer Utilies), Engineering Division (Project Development and Construction Services), Facilities and Bridges Division and Traffic Division.

2025 Accomplishments and Key Performance Indicators:

Operations Division

- Strengthened Mechanic training utilizing area Technical School programs (Motor Equipment)
- Replaced in-ground fuel tanks and pumps, and 1 salt storage shed (Buildings & Grounds)
- Continued to advance use of technology by streamlining data entry and invoicing processes to improve accuracy and efficiency (Sanitation)
- Provided uninterrupted services to residents throughout the year, including **exceptional service in preparation for and during the 2025 NFL Draft**
- Expanded License Plate Recognition parking enforcement system
- Supported special events and public safety through the deployment of barricades and signage.

Utility Division

- Expanded the City's adopt-a-pond program through the creation of the Adopt-A-Pond story map.
- Completed the Seymour Park West Stormwater Pond and drainage swale to provide for stormwater treatment reduce flooding in the area.
- Continued work on grant funded flood resiliency projects including East River Emilie Park wetland scrape, East River Van Beaver Park wetland scrape, and Connect the Bay coastal resiliency and habitat restoration design, and Atkinson Marsh (also known as Tank Farm Marsh project) final design and implementation planning.

Engineering, Facilities and Bridges, and Traffic Division

- Resolved construction quality issues and completed work on the City Hall Reroof project that started in 2023.

- Started CAD based databased of major City Facilities that can be developed to house and maintain facility component information and assist in making data based capital improvement and maintenance decisions.
- Utilized new technology (Cyvl) to conduct PASER ratings on all City streets.
- Completed the 2nd year of the new Mill and Pave program as another pavement restoration method and strategy for extending pavement life.
- Secured grant funding to upgrade traffic signal controllers, cabinets and video detection equipment to current technological standards.

2026 Goals

Operations Division

- Improve recruitment/retention of field employees (all sections)
- Continue implementing available technology to streamline DPW practices (Street and Sanitation Section)
- Establish a Sanitation Supervisor position to reduce staff to supervisor ratio (currently 30+:1) and to free up the Sanitation and to provide daily boots-on-the-ground oversight of collection operations, balance workload distribution, enhance route performance, and ensure consistent application of policies and procedures
- Upgrade current tablet-based in-field data collection system to a user-friendly and more integrated iPad platform
- Expand public education efforts regarding proper trash and recycling rules and processes
- Continue upgrading traffic signal controllers and detection for traffic movement efficiency and safety
- Enhance employee training in areas of safety, equipment, and traffic control.
- Implement camera systems and improvements within the Cherry St. and Pine St. parking ramps.

Utility Division

- Continue to support development through the planning, design, construction and maintenance of regional stormwater management practices and green stormwater infrastructure projects.
- Improve stormwater management and treatment in alignment with TMDL and MS4 plan goals.
- Continue Infiltration and Inflow (I&I) planning efforts and implement the use of new technology, IT Pipes, to help identify and plan for needed system repairs.

Engineering, Facilities and Bridges, and Traffic Division

- Develop a comprehensive 5-year Capital Improvements Plan for major City facilities (City Hall, DPW Garges, Parks Shop, Fire Stations, Police Station).
- Continue development of Facilities database.
- Complete the final phase of hydraulic rehabilitation on the Main Street Bridge over Fox River (Nitschke).
- Complete DPW West and East Side Garage facilities projects (sand bunker, street sweeping dewatering facility, vehicle car wash repairs).
- Focus on pavement repair projects and on-time delivery of projects in 2026.

2026 Challenges
Across all divisions, DPW continues to be challenged by workload (core services and increased scope of services), availability of equipment and condition, staff turnover and training, managing rising costs within available budgets, while maintaining a high level of service. DPW plans to tackle these challenges through work planning, prioritization, improved communication and teamwork.

Major Increase/Decreases in 2026 Budget:

- Salary and fringe costs appear in the budget as an increase, but the actual increases are less than shown. Actual salary and fringe increases are consistent with the general cost of living and routine step increases. The accounting of administrative overhead contributions from the Stormwater and Sanitary Sewer Utilities is presented as a separate budget line item in 2026 instead of including it in the salary and fringe calculations, which gives the appearance of higher salary and fringe costs.
- The materials and supplies line item is higher in 2026 because the projected amount of salt purchased is higher. Salt expenditures vary from year to year based on the amount of salt purchased and/or used in the previous year.
- Blacktop and joint sealing materials and supplies were removed from the levy budget and budgeted under the wheel tax fund, as they were in prior years.
- The lease payment for Department of Public Works pickup and SUV fleet was added to the Department of Public Works budget.
- Revenue for street excavation permits and repair has declined from prior years due to less underground utility work for telecommunications projects.

Personnel Changes in the 2026 Budget:
Within the 2026 budget, the Department of Public Works proposes the following personnel changes:

- Personnel responsible for facilities and bridges work were shifted from the Engineering Division – Special projects section to a newly created Facilities and Bridges Division under the direction of the Facilities Manager position, which was created within the 2025 budget.
- The reclassification of a vacant Project Coordinator to Engineering Technician – Bridges.
- The reclassification of a vacant Streets Division Laborer to a DPW Operations Supervisor for Sanitation.
- The reclassification of a vacant Engineering Technician position to Traffic Manager.
- Changes in funding allocation split for an Engineering Technician (24% decrease in levy funding) and a Sewers Superintendent (15% decrease in levy funding) within the Utility Division (Stormwater and Sanitary Sewer Utilities).

These changes have a net impact of $0 on the levy supported budget since any added costs are offset by a reduction in cost.

Parks, Recreation & Forestry

PARKS, RECREATION & FORESTRY

Forestry division funding allocated to Storm Utility 100% for 2025 (18 employees)

Full-Time Employees: 95
Part-time Employees 10

City of Green Bay
2026 Budget Comments

Department: Parks, Recreation & Forestry

Mission: To promote wellness and energy through dynamic programs and attractive community spaces.

Activities: The Parks, Recreation & Forestry Department is comprised of nine divisions consisting of Park Maintenance, Design & Development, Conservation Corps, Recreation/Pools, Forestry, Bay Beach Amusement Park, Wildlife Sanctuary, Administration and City Hall.

2025 Accomplishments and Key Performance Indicators:

Park Maintenance

- Installed new playground at Farlin Park.
- Replaced roof at Tank, East River VanBeaver and Eisenhower shelters.
- Replaced pool filters, roofing and repaired the water slides at Joannes Aquatic Center.
- Installed new batting cages and backstop netting at Joannes Stadium.

Design & Development

- Installed splash pad, basketball court, open shelter and playground at Farlin Park.
- Acquired $2.4 million EPA grant award for the Bay Beach Amusement Park.
- Completed conceptual master plan for Joannes Aquatic Center.
- Completed renovations to Seymour Park.
- Added ballfield lighting at Perkins Park.
- Installed East River Trail section from Baird to Irwin.
- Triangle Hill snowmaking infrastructure installed.
- Installed a dog park at East River Meyer Park.

Conservation Corps

- Engaged over 500 volunteers to complete various projects.

- Removed over 150 acres of invasive species across numerous parks, including removing 25,000 invasive shrubs and 7,000 gallons of invasive plants.
- Identified 5 new locations of Rusty Patched Bumble Bee (Federally Endangered).
- Installed 21,000 native plants and 150 native shrubs.
- Installed a Storybook Trail at Red Smith Park. Mulched and maintained 2.5 miles of trails.

Recreation/Pools

- Organized and hosted successful NFL Draft Events: Field Fest at Historic City Stadium and Draft City Music Fest.
- Ran Parkee Program at 16 park locations.
- Hosted the following events: Frenzy on the Fox, Chill Chaser, Kids' Day, Track & Novelty, Sports Tournament, Drama/Skit Day, Theme Days, Games Day, Color Run, Glow Zumba, LEGO event, Pooches in the Pool, Grooves on the Green, and Howling Halloween Hike.
- Restructured and brought back the popular FIT in the Parks series.

Forestry

- Treated 1,300 Ash trees, planted 600 trees.
- Continued 2nd year of a 5-year tree inspection/prune cycle program.
- Planted first block of tree whips in new tree nursery.
- Recognized as a Tree City USA for the 43rd year.
- Implemented GIS based tree inventory and work order/tracking system.
- Implemented pilot project to utilize biochar in tree planting projects.

Bay Beach Amusement Park

- Completed construction of the new West End Train extension and family restrooms.
- In conjunction with the Green Bay Optimist Club, held two private evening events for children with special needs.
- Hosted extended hours night special events, three free community movie nights and four free concerts.
- Installed new POS and inventory system.
- Upgraded Incident reporting, documentation, training, and recording processes and revamped all training documents.

Wildlife Sanctuary

- Completed electrical upgrades to the Raptor Walk cages to meet new federal requirements.
- Worked with NWTC to rebuild several large cages at the Raptor Walks and Woodland Building.
- Full enrollment with 80 students in the OAK 4K program.
- Security system upgrades installed.
- Naturalist led programming included 150+ school programs, 50+ community group programs, and nearly 400 other public programs.

Administration

- Assisted in the installation of a new POS system at Bay Beach, Container Bar and Triangle Hill.

- Continually reworking materials to fit branding initiatives.
- Sold and distributed 1372 pool passes.

City Hall

- Replaced flooring in a few staff offices.
- Renovated the Park Admin front office.
- Renovated DPW Offices.

2026 Goals

Park Maintenance

- Improve Park Seasonal training/Orientation.
- Revise mowing routes to improve efficiency.
- Develop operation plans for Shipyard, JBS and Leicht Park improvements.

Design & Development

- Complete the engineering and construct a new shelter with restrooms at Leicht Park.
- Complete the construction of the JBS park and boulevard and barn.
- Complete the construction of Shipyard Phase II park development.
- Finalize the design for the Joliet Park habitat improvements.
- Work with Military Bid district to plan a joint use facility at Murphy Park.
- Complete a master plan for St. Johns Park.
- Procure playground equipment for Colburn Park and Beaumont Park.
- Complete the engineering for the Joannes Aquatic Center Phase 1 improvements.

Conservation Corps

- Launch a Roving Crew and partner with neighboring communities.
- Restore 125 acres of parks/greenways.
- Install 5 new pollinator plantings, officially completing the corridor at a o.5-mile distance between plantings.
- Host 500 volunteers.
- Launch plant kit giveaway with free kits for Green Bay residents.
- Secure funding for the continuation of the Conservation Corps and to start the Community Corps program.

Recreation/Pools

- Create a Department Sponsorship and Donation packet.
- Update policies on alcohol, dogs in parks, sponsorships & advertising.
- Evaluate and update all Fees & Charges for programs, facilities and rentals.
- Create programming guides for our new facilities: Shipyard, Leicht Park, and JBS.

- Continue to evaluate and enhance the local pickleball experience.

Forestry

- Work closely w/ city staff to refine tree protection and construction conflicts.
- Continue with the GIS tree inventory process.
- Finalize and incorporate construction specifications to DPW Construction Specifications Handbook.
- Build upon the 5-year pruning cycle program.
- Work with other city departments pertaining to project design and planning with urban forestry efforts in mind.
- Develop an urban forest canopy cover plan, incorporating both tree planting efforts and tree preservation concepts.

Bay Beach Amusement Park

- Work with the Friends of Bay Beach to add a ride.
- Introduce a web-based maintenance tracking and ride repair program.
- Upgrade the west end bathrooms including addition of a new family restroom.
- Revamp the rental and catering program.
- Have all rides up and running at the start of the 2026 season.
- Complete engineering for the Bay Beach Amusement Park Shoreline Improvements and begin construction.
- Develop auditing process for concession staff.
- Complete HVAC and winterization renovations to the main pavilion dance hall.
- Refinance bond.

Wildlife Sanctuary

- Generate a comprehensive strategic and master plan to help guide the future of the sanctuary.
- Continue AOC Grant design work for habitat improvements.
- Work with NWTC to replace several additional cage structures.
- Develop and distribute further educational and marketing materials in other languages.
- Explore potential new offerings to increase rental frequencies.

Administration

- Extend social media presence to reach additional customers and seasonal applicants.
- Research and implement point-of-sale equipment for sales in outlying parks.
- Streamline program and class signup procedures.
- Research and implement credit card fee chargebacks to customers throughout our point-of-sale locations.

City Hall

- Continue updating flooring through a number of offices.
- Complete the 1st Floor meeting room renovations.
- Bid out the electric service replacement.

2026 Challenges

- With the addition of several new parks and amenities it will be difficult to develop a comprehensive operations plan including maintenance and programming, without additional resources being dedicated to the Parks Department.
- City bonding limits are not high enough to meet the replacement needs for aging Park infrastructure and equipment.
- Reliant on donations and Friends Groups to tackle new park initiatives due to lack of City funding.
- Increase in the homeless population has caused neighborhood concerns throughout the City, not just the downtown area.

Major Increase/Decreases in 2026 Budget:

- Added One Park Facilities Supervisor for Bay Beach Amusement Park to the table of organization.
- Proposed a 2% increase to seasonal salaries in 2026 because no pay increases were provided in the 2025 budget. This increase is necessary to stay competitive with surrounding communities.
- Added $11,500 in overtime to clear snow on sidewalks adjacent to the parks on the weekends.
- Added $15,000 in Building Repairs to replace bathroom locks in 2 park shelters.
- Added $50,000 in revenues by creating a roving Conservation Corps crew that will charge for work done in surrounding communities.
- Decreased equipment repair by charging $70,000 to the Storm Water Utility. As of 2025, Forestry is 100% funded by utility.
- Reduced fuel budget based on projected market rate.
- Expenses increased for regular salaries and benefits.

Personnel Changes in the 2026 Budget:

- One Park Facilities Supervisor was added to the table of organization. This position will be funded 100% by Bay Beach Amusement Park revenues and therefore does not affect the general levy. This position is necessary due to the need to generate additional revenue to ensure we are meeting our budgetary needs.

City of Green Bay
2026 Budget Comments

Department: Transit

Mission: Green Bay Metro (GBM) is committed to providing safe and dependable transportation to jobs, schools, medical services, and other destinations.

Activities: GBM provides public transportation to the cities of Green Bay and De Pere, villages of Ashwaubenon, Allouez and Bellevue. Currently the public transit system consists of three modes of transportation: Fixed Route, Microtransit, and Paratransit. Service includes 11 full-service routes, 3 limited-service routes, 4 game day routes, and microtransit zones. We continue to experience increased ridership since the pandemic.

2025 Accomplishments and Key Performance Indicators:

- First battery electric bus was introduced into Metro's fleet in April 2025.
- 20,000 trips provided over the three days of the NFL Draft.
- Safety and security enhancements - Installation of live feed video system on all transit buses will be completed in December 2025.
- Complete installation of e-paper signs. (Six real-time bus stops with audio for disabled riders)
- Achieved utilization rate of 3.0 for GBM On Demand.
- Install new system-wide radios.

2026 Goals:

- Five additional battery electric buses will be delivered in 4th quarter of 2026.

- Continue to increase On Time Performance for all services. System standard is >90%.
- Implement vehicle mitigation security barriers at transit facility.
- Green Bay Metro will host the Wisconsin Public Transit Association Annual Conference in the fall of 2026.
- Replace and upgrade vehicle fuel system, including software.
- Implement a new fare system. Current fareboxes have exceeded their useful life and are no longer supported.
- Continue to educate the community on various transportation options.
- Monitor service levels and explore potential expansion opportunities for the community.
- Create additional partnerships with other area communities and businesses.
- Explore new transportation technologies that assist in improving safety, mobility, efficiency, and system performance.
- Analyze cost per mile for efficiencies.

2026 Challenges:

Monitor Federal and State funding challenges given the current climate.
Continue to attract and maintain new bus drivers.
Secure funding for replacement of transit facility roof.

Major Increase/Decrease in 2026 Budget:

2026 budget has an overall decrease of 2.0%. Changes are a result of finalized paratransit and microtransit contract.

Personnel Changes in the 2026 Budget: No personnel changes for 2026 are currently proposed.

Matthew Knott, Fire Chief
Cheryl Renier-Wigg, Development Director
Christopher Davis, Police Chief
Valerie Joosten, Director of Public Works
Patricia Kiewiz, Director of Transit

CAPITAL IMPROVEMENT PROGRAM

The Capital Improvement Program (CIP) is a planning tool based on long-range physical planning and financial projections that forecast the City of Green Bay's capital needs over a five-year period. The CIP includes a detailed description of every capital project anticipated to be initiated during the five-year period.

GOALS:

- MAINTAIN a systemic approach to capital projects affording the opportunity to plan the location, timing and financing of the needed public improvements.
- DEVELOP a realistic program of capital spending with the projected fiscal capability to finance such projects, avoiding sharp changes in the tax levy or bonded indebtedness.
- ENABLE the City to evaluate the needs of the entire City of a strategically oriented framework.
- CREATE awareness with the public and private investors of the scope of the City's capital improvements.
- ENHANCE opportunities for participation in federal and/or state grant and aid programs.

The CIP continues to evolve as project planning needs to respond to the strategic community direction. Changes in economic conditions or other project related issues may alter time lines. Funding mechanisms change and projects become more or less feasible based on changes. City management continuously looks for opportunities for efficiency which often change the projected needs for capital.

The CIP is updated annually to ensure consistency and the reflection of changing strategic needs, cost fluctuations, and financial resources. The CIP document incorporating the changes is then submitted to the Finance Committee and Common Council for consideration.

City management staff employs experience-based judgment to identify which projects can be accomplished in a given year, within the limits of the City's control. As would be expected, the data available and expenditure data for early years are more precise than later years.

The City's Capital Budget is a significant part of the 2026 budget. It represents costs associated with capital projects in the first year of the 2026-2030 CIP. Such projects may include land or building acquisition, additions to or renovations of existing buildings, construction or reconstruction of street and utility infrastructure, major equipment purchases, and fleet replacement.

FUNDING SOURCES

Funding Sources for the CIP include the following:

- 1 to 20 – year General Obligation Debt - Notes
- 20 – year General Obligation Debt - Bond
- State Shared Revenue
- Tax Levy
- State Funding
- Federal Funding
- Grants
- Vehicle Registration Fees
- Fund Balance
- Transfer from Bay Beach Bonding
- Lease Enterprise Program
- American Rescue Plan Act
- Other Funding Sources:
    - Sanitary Sewer
    - Storm Sewer
    - Bay Beach
    - Parking Division
    - TIF Funding

MAJOR CAPITAL PROJECTS

Major Capital Projects are typically large construction projects related to major infrastructure within the City of Green Bay. The majority of these projects are coordinated by the Department of Public Works and include major road reconstruction, minor road reconstruction, asphalt resurfacing, storm sewer installation and improvements, facility upgrades and/or expansions and park system improvements.

The vast majority of these projects are funded by 10 year or20 year general obligation debt.

Some major capital projects are partially funded with State and/or Federal Grants, most grant programs are competitive in nature and must be applied for and scored by the appropriate state agency in order to be eligible for the funds.

EQUIPMENT REPLACEMENT PROJECTS

Equipment Replacement Projects typically consist of major technology items, communications equipment and similar items.

Many of the items are funded through short term (10 year) debt and some of the items are funded through operating funds within each department.

FLEET REPLACEMENT

Fleet Replacement typically consists of the City's vehicles and other heavy motorized equipment. The Police Department, Department of Public Works and Parks, Recreation and Forestry Department generate the most fleet replacement requests due to their heavy use of vehicles for their job duties.

Large specialized equipment such as Fire Trucks and Backhoe/Loaders are major investments, and the City should plan accordingly in order to avoid large peaks and valleys as it relates to borrowing for our fleet replacements.

It is important to note that a vehicle's mileage is only one factor to be considered as it relates to its replacement. The vehicle's total running hours and maintenance costs should also be considered. In many cases, the type of driving/work being completed by City vehicles is different than an average residential driver.

Total Capital Projects Summary By Year

Department	Finance Description	2026	2027	2028	2029	2030	Total
	GENERAL LEVY:						
Elections	Election-DS950		$284,000				$284,000

Description of Expenditure

NEW FIRE STATION Headquarters and Station 3

Justification Information

Combining the fire department headquarters and Station 3 into a single new building offers substantial benefits, including enhanced operational efficiency, cost savings, and improved safety. It fosters better communication, coordination, and community service, while also providing an opportunity to modernize infrastructure and incorporate advanced technologies. The consolidation supports effective emergency management, aligns with long-term strategic goals, and ensures that the fire department is well-positioned to meet current and future needs.

MUNIS Financial Information

Funding Source	$8,000,000.00	General Levy Borrowing	2027
Funding Source	$7,000,000.00	General Levy Borrowing	2026
	$15,000,000.00		
Expenditure	$7,000,000.00	FIRE STATION (NEW)	2026
Expenditure	$8,000,000.00	FIRE STATION (NEW)	2027
	$15,000,000.00		

How will this improve our service level and efficiency

A new fire station and headquarters enhance service levels and operational efficiency by improving response times, streamlining operations, and modernizing infrastructure. The consolidated facility supports better training, communication, and coordination, while also providing cost savings and improving working conditions. It strengthens community service and engagement, and aligns with long-term strategic goals for growth and adaptability. Overall, the new building represents a significant investment in the future effectiveness and efficiency of the fire department.

Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$37,400.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$37,400.00

Description of Expenditure

Garage doors/openers - Stations 2

Justification Information

Garage doors in fire stations are extremely large and constantly operating. They wear out quickly and these doors are at their expected life. If the doors do not work their is a delay in response times which is a disservice to the citizens and opens the city to potential liability.

MUNIS Financial Information

Funding Source	$37,400.00	General Levy Borrowing	2029
	$37,400.00		
Expenditure	$37,400.00	Garage Doors/Openers - Station 2	2029
	$37,400.00		

How will this improve our service level and efficiency

Replacing the doors that have reached their useful life will reduce maintenance costs and calls to vendors after hours for emergency repairs.

Description of Expenditure

Introduction
The windows at Green Bay Fire Station 6 are currently over 50 years old, dating back to 1969. This justification outlines the need for their replacement to enhance energy efficiency, improve safety and comfort, and maintain the operational effectiveness of our facility.

1. Age and Condition
Outdated Materials: The windows are made from materials that are no longer standard in modern construction, leading to poor insulation and increased energy costs.
Wear and Tear: Over five decades, the windows have likely suffered significant wear, including deterioration of seals and frames, which compromises their effectiveness and safety.
2. Energy Efficiency
High Energy Costs: The old windows contribute to increased heating and cooling costs due to poor insulation and drafts. Modern windows are designed to be energy-efficient, significantly reducing energy consumption and costs.
Sustainability Goals: Replacing the windows with energy-efficient alternatives supports our commitment to sustainability and responsible resource management.
3. Safety and Security
Improved Security: Newer window designs incorporate enhanced security features that provide better protection against break-ins and other safety concerns.
Fire Safety Compliance: Up-to-date windows can meet current fire safety regulations, ensuring that we maintain compliance and protect our personnel and the community effectively.
4. Comfort and Functionality
Enhanced Comfort: Modern windows offer better temperature control and noise reduction, creating a more comfortable working environment for our firefighters.
Operational Effectiveness: Improved visibility and functionality of new windows can enhance the operational effectiveness of the fire station, allowing for better monitoring of the surrounding area.
5. Aesthetic Appeal
Improved Appearance: Replacing the windows will enhance the overall appearance of Fire Station 6, contributing to a more positive image for the department within the community.
Community Relations: A well-maintained facility reflects positively on the department and fosters community trust and support.

Justification Information

The windows at Green Bay Fire Station 6 are well beyond their expected lifespan and require immediate replacement. Upgrading to modern, energy-efficient windows will provide numerous benefits, including reduced energy costs, improved safety and comfort, and enhanced aesthetics.

Investing in this upgrade is essential to ensure the ongoing effectiveness and sustainability of our fire station. We strongly recommend prioritizing the replacement of the windows to better serve our personnel and the community.

Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$21,840.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$21,840.00

Description of Expenditure

Repave lot at St 4.

Justification Information

The main parking lot at St 4 is cracked and failing. The cracking allows erosion underneath the surface which worsens the situation and can eventually cause a significant failure and damage to fire apparatus and vehicles. It also creates a slip/trip/fall hazard for the visiting public and employees.

MUNIS Financial Information

Funding Source	$21,840.00	General Levy Borrowing	2026
	$21,840.00		
Expenditure	$21,840.00	Lot St 4	2026
	$21,840.00		

How will this improve our service level and efficiency

Normal preventative maintenance instead of emergency patchwork repairs. Additionally, less chance of damage to fire apparatus and vehicles. Less risk to employees and public from uneven surfaces.

EST INITIAL INVESTMENT	$420,000.00

Description of Expenditure

Concrete Repairs and Overlay - Construction

Justification Information

The bridge deck has degraded beyond minor repairs and in need of rehabilitation to prevent degradation of the substructure.

MUNIS Financial Information

Funding Source	$420,000.00	General Levy Borrowing	2027
	$420,000.00		
Expenditure	$420,000.00	Bridge Rehabilitation - Webster Avenue	2027
	$420,000.00		

How will this improve our service level and efficiency

Rehabilitation will help prevent the need for catastrophic repairs and provide safe travel for the public.

Description of Expenditure

East Shop HVAC - Construction

Justification Information

The HVAC system is original to the building. Many of the components are failing, outdated and are not efficient. Additionally, the addition of fresh air intakes and an exhaust system is recommended to be installed. The upgrades and additions are recommended by the BSA building study to improve energy consumption and to improve air quality.

Financial Information

Total Project Cost	
Initial Cost	200,000.00
Maintenace/Cost of Operation	$0.00
Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$200,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$200,000.00

Description of Expenditure

Connect electrical shop roof drains to storm sewer.

Justification Information

Currently, the roof drains for the electrical shop outlet onto the pavement between the electrical shop and East Side Shop. In the winter this area becomes ice covered and is a constant safety issue, even with salt.

MUNIS Financial Information

Funding Source	$200,000.00	General Levy Borrowing	2028
	$200,000.00		
Expenditure	$200,000.00	ESG - Electrical Shop Roof Drains	2028
	$200,000.00		

How will this improve our service level and efficiency

Removing storm water from the concrete surface will help prolong the life of the pavement and minimize safety concerns due to ice.

EST INITIAL INVESTMENT	$19,500.00

Description of Expenditure

Installation of occupancy sensors.

Justification Information

Occupancy sensors should be installed in offices, toilet rooms, and storage rooms to provide energy savings. This was recommended by BSA during their building evaluation.

MUNIS Financial Information

Funding Source	$19,500.00	General Levy Borrowing	2027
	$19,500.00		
Expenditure	$19,500.00	ESG - Occupancy Sensors	2027
	$19,500.00		

How will this improve our service level and efficiency

Increased energy efficiency will result in cost savings.

Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$180,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$180,000.00

Description of Expenditure

Electrical Shop HVAC/Plumbing/ and receptacle replacements.

Justification Information

The building was constructed in 1988, the original HVAC system has reached it's maximum life expectancy and the addition of makeup air and exhaust units are needed. The plumbing is also original, the addition of thermal mixing valves and recirculation pumps and backflow preventers are necessary. Additionally, GCFI receptacles are necessary. Tthese items were included and recommended for upgrade in the BSA building evaluation to improve efficiency and to meet codes.

MUNIS Financial Information

Funding Source	$180,000.00	General Levy Borrowing	2027
	$180,000.00		
Expenditure	$180,000.00	ESG-ELECTRICAL SHOP HVAC/PLUMBING CODE/Receptacles	2027
	$180,000.00		

How will this improve our service level and efficiency

The HVAC upgrades will improve the efficiency of the system and save on operational costs. The plumbing items will bring the facility up to code.

Description of Expenditure

MAIN BUILDING ELECTRICAL

Justification Information

The electrical system of the main building is original to the building which was constructed in 1952. The main distribution panel and branch panels are showing signs of corrosion and wear on the circuit breakers. Due to these items are no longer serviceable and parts are not in production, the upgrade is recommended in the BSA building study to improve electrical efficiency and safety.

MUNIS Financial Information

Funding Source	$32,000.00	General Levy Borrowing	2029
	$32,000.00		
Expenditure	$32,000.00	WSG -MAIN BUILDING - ELECTRICAL	2029
	$32,000.00		

How will this improve our service level and efficiency

Upgrading to available equipment will reduce down time if future maintenance is needed.

Description of Expenditure

MAIN BUILDING CODE/ADA

Justification Information

The building was constructed in 1952 and does not meet the current ADA code to include, accessible routes into the building, handrail height, bathroom and lavatory fixtures and stair shaft doors. The upgrade to meet the current ADA code is recommended in the BSA building study to improve efficiency and safety. The project will also include installation of audible and audible/visual alarms to meet code requirements.

Repair stairwell cracking and install a fire rated door.

Justification Information

The existing building stairwell has settled resulting in cracking. Left un-repaired, the cracking may result in additional repair costs and safety concerns. The fire rated door is necessary to provide at least one code compliant means of egress from the 2nd floor. These items were included in the BSA building evaluation.

MUNIS Financial Information

Funding Source	$9,000.00	General Levy Borrowing	2027
	$9,000.00		
Expenditure	$9,000.00	WSG - Building D Stairwell Repairs	2027
	$9,000.00		

How will this improve our service level and efficiency

This work will reduce future repair costs and contribute to the overall safety of the facility.

CIP-Expenditure

City Expenditure ID	581				
Expenditure Name	**WSG - Building D Trench Drains**			**City Project ID**	0
Expenditure Type	MAJ	**Expenditure Status**	ACTIVE		
Category	Building	**Priority**	2		

Department Details

Department	DPW CITY HALL-OPERATIONS	**Department Head**	Valerie Joosten	**Project Contact**	Trista Hobbs

Budget Information

Add/Replace	Replace	**Replacing Asset**		**Mileage**	0
Useful Life	0	**Condition**		**Age of Equipment**	0

Financial Information

Total Project Cost	
Initial Cost	55,000.00
Maintenace/Cost of Operation	$0.00
Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$55,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$55,000.00

Description of Expenditure

Replace existing trench drains in shop floor.

Justification Information

The existing trench drains do not adequately collect the water from the floor creating slip hazards and unsafe conditions.

MUNIS Financial Information

Funding Source	$55,000.00	General Levy Borrowing	2027
	$55,000.00		
Expenditure	$55,000.00	WSG - Building D Trench Drains	2027
	$55,000.00		

How will this improve our service level and efficiency

New trench drains will improve building drainage and overall safety.

Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$50,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$50,000.00

Description of Expenditure

This proposed funding will be used to replace the playground at Badger Park. The scope of work will include the purchase and installation of new play equipment, wood chip surfacing and an ADA accessible walk and ramp into the playground.

Justification Information

This playground was originally installed in 1996 and is one of the oldest playgrounds in the park system. For playgrounds of this age, it becomes difficult to find replacement parts when items break.

MUNIS Financial Information

Funding Source	$50,000.00	General Levy Borrowing	2026
	$50,000.00		
Expenditure	$50,000.00	Badger Park - Playground Replacement	2026
	$50,000.00		

How will this improve our service level and efficiency

In order to replace the playgrounds on a 25 year cycle, the City needs to replace two playgrounds per year.

Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$200,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$200,000.00

Description of Expenditure

This funding would used to construct trail improvements in the Baird Creek Greenway. The City is in the process of hiring a trail consultant to recommend what trail improvements will have the biggest impact to the trail system.

Justification Information

The mountain bike trail system in the Baird Creek Greenway has the potential to be a regional attraction if some funding can be invested into trail development. To date, the majority of the trail maintenance funding has come from a combination of the Baird Creek Preservation Foundation and the Baird Creek Mountain Bike Group.

MUNIS Financial Information

Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$350,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$350,000.00

Description of Expenditure

There is a culvert located within the entrance drive to the Beaver Dam Park parking lot located off Springdale Lane. This culvert is failing and is need of repair. $50,000 was bonded to engineer this project in 2023. This funding will cover the cost of construction to replace the culvert.

Justification Information

We have blocked vehicular access to this parking lot until the culvert can be repaired, due to the concern of the culvert collapsing from the weight of a vehicle.

MUNIS Financial Information

Funding Source	$350,000.00	General Levy Borrowing	2027
	$350,000.00		
Expenditure	$350,000.00	Beaver Dam Culvert Installation	2027
	$350,000.00		

How will this improve our service level and efficiency

This repair will allow this parking lot to be utilized by the public again.

Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$500,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$500,000.00

Description of Expenditure

This funding will be used to redevelop the property where MacArthur School currently sits and convert it to parkland. The City will initiate a masterplan process to determine what facilities are desired by the community.

Justification Information

The Green Bay Public Schools has made a decision to close MacArthur School. In 2027 the School District will demolish the school and deed the property over to the City for Beaver Dam Park expansion.

MUNIS Financial Information

Funding Source	$500,000.00	General Levy Borrowing	2029
	$500,000.00		
Expenditure	$500,000.00	Beaver Dam Improvements	2029
	$500,000.00

Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$150,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$150,000.00

Description of Expenditure

This funding will be used to develop a new dog park at a park location yet to be determined. The majority of the funding will be used to install a perimeter fence to define the boundary of the dog park.

Justification Information

The Parks, Recreation and Forestry Department is working on comprehensive planning for dog parks throughout the City. There are currently 3 dog parks planned in the City. There is enough of a demand to accommodate 1 additional dog park.

MUNIS Financial Information

Funding Source	$100,000.00	General Levy Borrowing	2027
	$100,000.00		
Expenditure	$100,000.00	Dog Park - Location To Be Determined	2027
	$100,000.00

Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$400,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$400,000.00

Description of Expenditure

This funding will be used to resurface the trail with new asphalt and repair or replace the gravel base. We are also considering raising the elevation of the trail to prevent this section from being under water at times of high river conditions.

Justification Information

This asphalt trail section was installed over 30 years ago and the asphalt is starting to fail. There are many sections of the trail that have heaved due to adjacent tree roots, which has caused tripping concerns.

MUNIS Financial Information

Funding Source	$400,000.00	General Levy Borrowing	2027
	$400,000.00		
Expenditure	$400,000.00	East River Trail - Repave West Bank Grignon to Goodell	2027
	$400,000.00

Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$75,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$75,000.00

Description of Expenditure

This funding will be used to convert two tennis courts into 6 dedicated pickleball courts.

Justification Information

There were originally 4 tennis courts at Edison Park. In 2020, 2 of the tennis courts were converted to 6 dedicated pickleball courts. The 2 remaining tennis courts are are being used as 4 temporary pickleball courts with movable nets. This has become a popular pickleball destination. There is a desire to covert the remaining 2 tennis courts into 6 dedicated pickleball courts to create a 12 court pickleball tournament facility.

MUNIS Financial Information

Funding Source	$75,000.00	General Levy Borrowing	2029
	$75,000.00		
Expenditure	$75,000.00	Edison - Renovate Tennis Courts into Pickleball Courts	2029
	$75,000.00		

How will this improve our service level and efficiency

This will help to fulfill the demand for additional pickleball courts in the City.

Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$200,000.00

Description of Expenditure

This funding will be used to construct a new concession stand with restrooms at Edison Park to support the ballfield and pickleball needs.

Justification Information

There is a desire by the City and user groups to install a new concession stand with restrooms to accommodate the ballfield and pickleball groups, currently activating the park. This funding would be used to install the utilities leading to the shelter. We will work with the user groups to allow them to fundraise for and install the building.

Maintenace/Cost of Operation	$0.00
Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$50,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$50,000.00

Description of Expenditure

This funding will be used to do the site work in order for us to replace the tot play structure that was purchased and installed in 1992.

Justification Information

The tot playground intended for ages 2-5 is one of our last remaining wood playground structures in the Park System and is currently our oldest playground structure in the Green Bay Park system. The wood support posts are starting to rot.

MUNIS Financial Information

Funding Source	$50,000.00	General Levy Borrowing	2026
	$50,000.00		
Expenditure	$50,000.00	Fisk Park - Playground Replacement	2026
	$50,000.00		

How will this improve our service level and efficiency

In order to replace the playgrounds on a 25 year cycle, the City needs to replace two playgrounds per year.

CIP-Expenditure

Financial Information

Total Project Cost	
Initial Cost	400,000.00
Maintenace/Cost of Operation	$0.00
Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$400,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$400,000.00

Description of Expenditure

Portions of the Fox River Trail along the east bank and west bank are constructed with brick. Over time, these bricks are becoming weathered and have heaved or settled significantly. In addition when these trail sections were constructed, they were not built to the City's standard trail width. This funding will be used to widen the trail, add a concrete band edge and replace the brick with asphalt. The City will apply for grants to help fund the cost of this project.

Justification Information

This project will cost a total of $400,000, $200,000 in 2027 General levy Borrowing and $200,000 in potential grants. The heaving and settling of these paving blocks are creating trip hazards throughout these trail sections. There will be a cost savings to the City be switching from brick to asphalt. On a yearly basis we hire a brick contractor to fix the worst areas. This service will no longer be needed if asphalt is used.

MUNIS Financial Information

Funding Source	$200,000.00	General Levy Borrowing	2027
Funding Source	$200,000.00	Grants	2027
	$400,000.00		
Expenditure	$400,000.00	Fox River Trail - Replace Bricks and Widen Path	2027
	$400,000.00		

How will this improve our service level and efficiency

This will improve user safety by widening the trail and repairing tripping hazards.

CIP-Expenditure

Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$220,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$220,000.00

Description of Expenditure

This funding will go towards the installation of a 10' wide multi-use trail from Bond Street to Taylor Street. The City is currently working with adjacent property owners to secure trail easements. Staff will seek matching grants to help fund this project.

Justification Information

Currently the West Side Trail ends on Bond Street. The desire is to connect this trail to the existing Mountain Bay Trail in Howard. The Village of Howard has already taken steps to connect the Mountain Bay Trail to the City Limits on Taylor Street for us to meet up to.

MUNIS Financial Information

Funding Source	$220,000.00	General Levy Borrowing	2028
	$220,000.00		
Expenditure	$220,000.00	West Side Trail Construction – Bond Street to City Limits	2028
	$220,000.00		

How will this improve our service level and efficiency

This will improve regional trail connections.

Financial Information

Total Project Cost	
Initial Cost	150,000.00
Maintenace/Cost of Operation	$0.00
Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$150,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$150,000.00

Description of Expenditure

The City is working with the DNR to develop a grant application to complete a significant habitat restoration project at Joliet Park. We are hopeful that this construction grant will be approved. As part of this project, the City would also like to pave the parking lot and drive, install a paved walk to the water's edge and add storm water management.

Justification Information

It is likely that the DNR will fund 100% of the cost for the habitat improvement portion of this project. We are hopeful that the future grant will also fund a portion of the parking lot, paved walk to the water's edge and storm water management. Anything that the grant does not fund, the City may have to fund.

MUNIS Financial Information

Funding Source	$150,000.00	General Levy Borrowing	2027
	$150,000.00		
Expenditure	$150,000.00	Joliet - Parking Lot Paving and Shoreline Improvements	2027
	$150,000.00		

How will this improve our service level and efficiency

This project will have a significant impact on wildlife habitat improvements and public access to the bay.

TOTAL INVESTMENT	$100,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$100,000.00

Description of Expenditure

This funding will be used to replace much of the wood pedestrian control fencing adjacent to the walks and animal cages.

Justification Information

This fencing keeps the public from physically entering the exhibits for safety reasons. The majority of this fencing is over 30 years old. The main posts and top rails are made of wood and are beginning to rot. We are to the point where patching is not successful. Complete replacement is necessary.

MUNIS Financial Information

EST INITIAL INVESTMENT	$500,000.00

Description of Expenditure

This funding will be used to make improvements to the Joannes Sk8 Park.

Justification Information

The existing skatepark is nearing 25 years old. Skating trends have changed since this skatepark was originally built. We have consistently heard from the community that more features for beginner/intermediate skaters/bikers should be added. The City hired a skatepark design consultant to assist with the public input process to develop a skatepark masterplan, meeting the demands of the community for new skate park features.

This funding will be used to add an auxiliary parking lot to the west of the main parking lot at Triangle Hill.

Justification Information

With the recent upgrades to Triangle Hill, which include a new bike skills course, summer programming by the Baird Creek Preservation Foundation and new snow making capabilities, there is a need for additional parking stalls to be added to the facility. There is not enough space to increase the size of the existing lot, so an auxiliary lot will need to be added.

MUNIS Financial Information

Funding Source	$275,000.00	General Levy Borrowing	2028
	$275,000.00		
Expenditure	$275,000.00	Triangle Hill - Expand Parking	2028
	$275,000.00		

How will this improve our service level and efficiency

The additional parking stalls will provide additional parking capacities, which should increase revenues in the winter months and provide a better user experience.

Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$500,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$500,000.00

Description of Expenditure

This funding will be used to redevelop VT Pride Park, per the approved masterplan. It is not sure at this time, which elements of the Masterplan will be constructed as part of Phase 1 construction.

Justification Information

There has been an ongoing effort to improve the VT Pride neighborhood. The Masterplan was designed to compliment the adjacent JBS development.

MUNIS Financial Information

Funding Source	$500,000.00	General Levy Borrowing	2028
	$500,000.00		
Expenditure	$500,000.00	VT Pride - Park Improvements	2028

Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$100,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$100,000.00

Description of Expenditure

This funding will be used to replace asphalt shingles on various Park buildings throughout the City. The exact locations have not been determined yet.

Justification Information

There are various shelters throughout the parks where the shingles on these roofs have reached their lifespan. If the shingles are not replaced there is the possibility of water damaging the building structures, which could in turn add to the cost to repair this roof in future years.

MUNIS Financial Information

Funding Source	$50,000.00	General Levy Borrowing	2029

Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$450,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$450,000.00

Description of Expenditure

There are underground gas storage tanks that need to be replaced at the park shop.

Justification Information

The existing tanks were installed in the 1990's. These tanks are used daily to supply fuel for all equipment and vehicles for the Parks, Recreation and Forestry Department. This replacement will ensure we are in compliance with underground gas tank storage regulations.

MUNIS Financial Information

Funding Source	$450,000.00	General Levy Borrowing	2027
	$450,000.00		
Expenditure	$450,000.00	Park Shop - Replace Underground Gas Tanks	2027
	$450,000.00		

How will this improve our service level and efficiency

This is needed for safety and insurance compliance.

Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$1,700,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$1,700,000.00

Description of Expenditure

This funding will be used to construct Phase 2 of the Joannes Aquatic Center masterplan, which is the replacement of the water slides and stair towers.

Justification Information

The water slides were built in 1996. In the spring of 2025, the City repaired portions of the structural steel on the slides and replaced rotted lumber throughout the stair tower structure. This was a temporary repair. It is expected that additional structure repairs will be necessary and the slide structure and staircase tower will need a complete replacement in approximately 5 years.

MUNIS Financial Information

Funding Source	$1,700,000.00	General Levy Borrowing	2030
	$1,700,000.00		
Expenditure	$1,700,000.00	Joannes - Slide Tower Replacement	2030

Total Project Cost	
Initial Cost	2,250,000.00
Maintenace/Cost of Operation	$0.00
Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$2,250,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$2,250,000.00

Description of Expenditure

This funding will be used for the proposed Phase 1 improvements to the Joannes Aquatic Center, which include; replacing the pool gutters, re-plastering the pool basin, adding play features and shade structures in the zero-depth pool areas and replacing the deck furniture.

Justification Information

The Joannes Aquatic Center opened in 1996. It is nearly 30 years old and is in need of some major maintenance repairs just to keep this facility open to the public. If this funding is not allocated towards the repairs, we cannot guarantee that we will be able to keep the pool open from year to year. The Parks Department hired a consultant and created a masterplan for this facility. This funding would be used to pay for the necessary repairs and ensure that the repairs fall in line with the implementation of the phased masterplan.

MUNIS Financial Information

Funding Source	$1,125,000.00	General Levy Borrowing	2027
Funding Source	$1,125,000.00	General Levy Borrowing	2026

Total Project Cost	
Initial Cost	500,000.00
Maintenace/Cost of Operation	$0.00
Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$500,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$500,000.00

Description of Expenditure

This funding will be used to engineer and construct a Heated Storage Building for housing Park vehicles and equipment. The City is currently exploring the option of either adding on to the existing building or constructing an alternate free-standing building. Adding this heated vehicle storage building will have an added benefit of freeing up additional space in the unheated building for more cold storage of seasonal equipment, which is also needed.

Justification Information

As our equipment continues to get bigger and the number of vehicles and equipment increases, the existing Park Shop indoor parking facility is unable to house all the daily equipment. This leaves expensive equipment and vehicles exposed to harsh temperatures, precipitation and exposure to sunlight that can degrade fiberglass booms and equipment stored on the trucks. Equipment that would be stored in this building would include; aerial lift trucks, chip trucks and chippers, flatbed trucks and skid loaders. Much of this equipment runs on diesel fuel and has sensitive hand controls that the operation can be affected by extended exposure to harsh weather conditions.

MUNIS Financial Information

Funding Source	$100,000.00	General Levy Borrowing	2026

Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$900,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$900,000.00

Description of Expenditure

This funding will be used to re-plaster the pool basin at the Resch Aquatic Center.

Justification Information

The Resch Aquatic Center was built in 2007. Since then, minor repairs and sealing have been done to the pool basin. We are anticipating that we will need to re-plaster the entire pool basin by 2030. This funding would allow us to hire a contractor to complete the necessary maintenance work. If this money is not allocated to the repairs, we cannot guarantee that we will be able to keep the pool open from year to year.

MUNIS Financial Information

Funding Source	$900,000.00	General Levy Borrowing	2030
	$900,000.00

Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$160,000.00

Description of Expenditure

This funding will be used to construct a 4K Playground/Exploratory Area.

Justification Information

There is a nature based play area near the Dick Resch Learning Center that is used primarily by the 4k classes at the Wildlife Sanctuary. This area does not have traditional playground equipment and is more of a nature-based play space. There is a desire to add improved play features to this space.

Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$400,000.00

Description of Expenditure

This funding will be used to replace the floating boardwalk connecting the Observation Building area to the Nature Center area.

Justification Information

The floating boardwalk that spans the lagoon by the waterfall feature is a main connector for pedestrian access and circulation throughout the facility and it's also a popular location for feeding waterfowl. The lumber was replaced fairly recently on the boardwalk, but it's anticipated that a full replacement will be needed by 2028.

Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$150,000.00

Description of Expenditure

This funding will be used to repave Old Sanctuary Road at the Wildlife Sanctuary.

Justification Information

Old Sanctuary Road is a heavily used, paved asphalt path, used by pedestrians and staff for exploring, viewing wildlife, and maintaining the facilities at the Wildlife Sanctuary. This access route is cracking and crumbling and needs repair. This funding will be used to mill and pave the road for better ADA accessible access within the park.

Description of Expenditure

In 2020 the City bonded for $50,000 for engineering services to design upgrades to the mechanical equipment in City Hall. The City issued a Request for Proposals and found that the cost of the engineering will be more than originally anticipated. The City is working with a consultant on a predesign study to determine a more refined scope for the reissuing of the RFP. The cost of the preliminary study is $9,000. With the remaining 2020 funding and the amount being requested for 2021, it is anticipated that this will be enough funding to cover all of the engineering fees needed to complete the construction plans and specifications.

Description of Expenditure

Phase 2 of the mechanical replacement will consist of installing new vertical duct work from the basement to the roof penthouse. This will provide the mechanical infrastructure necessary to support the equipment replacements and accommodate expanded ventilation. This also would provide adequate fire stopping and dampers as required by code. Air Unit 4 will also be replaced in this phase. This air unit is original to the building and serves the basement, first floor and council chambers.
This funding will be used to purchase all of the materials and hire a contractor to complete the installation.

Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$2,400,000.00

Description of Expenditure

Streetscape improvements for the 200 block of Washington St and sections of N Adams St. Alders Johnson and Proffitt are both in support. Purpose is to address the current crumbling infrastructure of planters, benches, tree beds, etc. that were installed in the late 1970's when Port Plaza Mall was built. New developments like Nova Green Bay, we would love to see the blocks adjacent to them get a facelift to include the hardscapes and amenities that will be agreed upon on our forthcoming Streetscape Standards guide that we are currently working on with ISG.

Justification Information

ISG cost estimate - ISG under contract for one more year using the City's ARPA funds and we want to make sure we can find a way to implement their good work.

MUNIS Financial Information

TOTAL INVESTMENT	$19,630,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$19,630,000.00

Description of Expenditure

The Shipyard is critical future redevelopment of the South Broadway corridor. This major redevelopment project involves remediating brownfields, repurposing vacant and underused structures, and enhancing a residential neighborhood on the near west side of the City. Includes parcels on W. Mason, S Broadway, Arndt St.

Justification Information

The City and/or RDA is committee to invest on million dollars within three years into residential acquisition, rehabilitation, and development projects in the neighborhood to the immediate west of the property. The Shipyard will generate additional economic activity and tax base, both residential and commercial, office and recreational uses.

Description of Expenditure

Base Station Radio

Justification Information

Acquiring a base radio for your fire station provides significant benefits in terms of communication reliability, coordination, and safety. It enhances operational efficiency, supports integration with existing systems, and offers long-term cost-effectiveness. By improving communication infrastructure, the base radio helps ensure that your fire department can respond effectively and safely to emergencies, ultimately contributing to better service for the community and more efficient use of resources.

MUNIS Financial Information

Funding Source	$21,200.00	General Levy Borrowing	2029
	$21,200.00		
Expenditure	$21,200.00	Base Radio St 7	2029
	$21,200.00		

How will this improve our service level and efficiency

Acquiring a base radio for your fire department significantly improves service levels and operational efficiency by providing reliable, clear communication, enhancing coordination, and ensuring safety for personnel. It supports effective incident management, integrates seamlessly with existing systems, and offers cost-effective, durable, and compliant communication solutions. These benefits collectively contribute to a more effective and responsive fire department, ultimately enhancing the quality of service provided to the community.

TOTAL INVESTMENT	$17,150.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$17,150.00

Description of Expenditure

NEW COMMERCIAL DISHWASHER - STATION 4; includes dishwasher, plumbing for grease trap, and installation

Justification Information

These dishwashers reach temperatures that are capable of killing viruses and bacteria that often are not killed by water temperatures found when hand washing dishes. Additionally, they are found to be far more thorough than handwashing.

MUNIS Financial Information

Funding Source	$17,150.00	General Levy Borrowing	2026
	$17,150.00		
Expenditure	$17,150.00	Dishwasher Station 4	2026
	$17,150.00		

How will this improve our service level and efficiency

This will improve efficiency by reducing the transmission of viruses and bacteria amongst personnel working in a station. The communal setting of a fire station can lead to outbreaks of illness, causing sick leave and medical expenses.

TOTAL INVESTMENT	$50,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$50,000.00

Description of Expenditure

Fleet modems

Justification Information

Replacement of modems will enhance connectivity and reduce downtime due to technical issues and connectivity drops which means fewer disruptions to emergencies. Newer modems often provide more reliable and faster connections to ensure access to our critical information in real time.

MUNIS Financial Information

Funding Source	$50,000.00	General Levy Borrowing	2026
	$50,000.00		
Expenditure	$50,000.00	Fleet Modems	2026
	$50,000.00		

How will this improve our service level and efficiency

Upgrading the modems in the fleet represents a proactive investment in the efficiency, safety, and reliability of emergency services. The benefits ranging from improved communication and operational capabilities to long-term cost savings and enhanced public trust—make a compelling case for this investment. This strategic upgrade will not only enhance the effectiveness of emergency response but also provide tangible benefits to the taxpayers by ensuring that their emergency services are equipped with the best technology available.

TOTAL INVESTMENT	$21,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$21,000.00

Description of Expenditure

15 Water Rescue Suits.

Justification Information

Water Rescue Suits are necessary for any rescues in the Fox River or Bay of Green Bay as water temperatures are commonly too cold for wet suits. The suits have water-tight seams and zippers and are insulated so that rescuers can operate longer in cold water. The seams and zippers wear out and small holes develop during use, requiring the regular replacement of the suits.

VIDEO CONFERENCE

Justification Information

NEEDED FOR DEPARTMENT COMMUNICATION

MUNIS Financial Information

Funding Source	$120,000.00	General Levy Borrowing	2026
	$120,000.00		
Expenditure	$120,000.00	Video Conference	2026
	$120,000.00		

How will this improve our service level and efficiency

Investing in a video conference system for the fire department will greatly enhance service levels and efficiency by improving training capabilities, incident management, and internal and external communication. The system provides flexibility, cost savings, and increased engagement with both staff and the community. This investment will help streamline operations, support effective coordination, and ultimately contribute to a more responsive and well-prepared fire department.

CIP-Expenditure

City Expenditure ID	1149				
Expenditure Name	**Mobile Data Computer Replacement**			**City Project ID**	0
Expenditure Type	EQ	**Expenditure Status**	ACTIVE		
Category	Other	**Priority**	1		

Department Details

Department	Fire Department	**Department Head**	Matthew Knott	**Project Contact**	

Budget Information

Add/Replace	Replace	**Replacing Asset**	0	**Mileage**	0
Useful Life	5	**Condition**	Poor	**Age of Equipment**	4

Financial Information

Total Project Cost	
Initial Cost	237,362.00
Maintenace/Cost of Operation	$0.00
Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$237,362.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$237,362.00

Description of Expenditure

Replacement of 32 mobile data computers in all fire apparatus.

Justification Information

These computers receive and send emergency incident information to and from the 911 dispatch center. These are critical components of the dispatch and response system. The computers are in poor condition after 4 years in an apparatus, which is a harsh environment for a computer. Furthermore, technology changes make the current equipment obsolete.

MUNIS Financial Information

Funding Source	$237,362.00	General Levy Borrowing	2027
	$237,362.00		
Expenditure	$237,362.00	Mobile Data Computer Replacement	2027
	$237,362.00		

How will this improve our service level and efficiency

This expenditure maintains our current level of service. Functional and up-to-date computers will allow for rapid, efficient communication during emergency incidents.

Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$60,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$60,000.00

Description of Expenditure

This funding will be used to replace 1 of 4 walk-in-freezers at the Wildlife Sanctuary.

Justification Information

We currently have 4 large walk-in freezers for animal care, which are old and failing. They are proving to be inefficient and repair costs are mounting. We often receive thousands of dollars of animal food product in large shipments, which are stored in these freezers. One of the freezers is dedicated to house deer meat supplied from road kill and the deer management program We are proposing to replace 1 each year for the next several years.

MUNIS Financial Information

Funding Source	$60,000.00	General Levy Borrowing	2027
	$60,000.00		
Expenditure	$60,000.00	Wildlife Sanctuary - Walk In Freezer	2027
	$60,000.00		

How will this improve our service level and efficiency

This will ensure sufficient food supplies are on hand for the captive and injured animals.

Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$95,300.00

Description of Expenditure

This ToolCat with Snowblower and Broom will replace Unit 237 with 4800 hours.

Justification Information

The existing unit is 13 years old, which exceeds the 10 year expected useful life. The hydraulic/hydrostatic system is weak, there are problems with the wiring harness/engine controller and the unit is rusting badly.

MUNIS Financial Information

Funding Source	$95,300.00	General Levy Borrowing	2026
	$95,300.00		
Expenditure	$95,300.00	ToolCat with Snowblower and Broom - Unit 237	2026
	$95,300.00		

How will this improve our service level and efficiency

This unit is overdue for replacement and will allow us to continue to maintain our ball diamonds and clear snow.

CIP-Expenditure

City Expenditure ID	2139				
Expenditure Name	**Envelope printing machine**			**City Project ID**	0
Expenditure Type	EQ	**Expenditure Status**	ACTIVE		
Category	Other	**Priority**	1		

Department Details

Department	Administrative Services	**Department Head**	Diana Ellenbecker	**Project Contact**	Thomas Walenski

Budget Information

Add/Replace	Add	**Replacing Asset**		**Mileage**	0
Useful Life	0	**Condition**		**Age of Equipment**	0

Financial Information

Total Project Cost	
Initial Cost	19,000.00
Maintenace/Cost of Operation	$3,800.00
Maintenance Cost Over 5 years	$19,000.00
TOTAL INVESTMENT	$38,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$19,000.00

Description of Expenditure

Envelope printing machine for the document center.
This machine would be able to print city logo envelopes windowed and regular, potentially absentee ballots, 2027 revaluation envelopes, etc.
Reduce the cost of outsourcing the printing of city logo envelopes.
$2,000 annual maintenance/service and about $1,800 for color print cartridges. Expect a useful life of over 10 years.

Justification Information

Printshop is taking on printing of envelopes citywide, and has a need for an efficient machine. As current inventory is used, the need for printed envelopes is going to escalate each year. Exploring printing our own absentee ballots may be possible and save dollars. (Significant savings not considered in ROI if we print those here) ROI at under 6-year payback (without considering the need and total count rising fast)

MUNIS Financial Information

Funding Source	$19,000.00	General Levy Borrowing	2026
	$19,000.00		
Expenditure	$19,000.00	Envelope printing machine	2026
	$19,000.00		

How will this improve our service level and efficiency

Flexibility of printing of envelopes on demand and not one annual bid and with one vendor. Reduce the cost of carrying inventory.

Maintenance Cost Over 5 years	$10,000.00
TOTAL INVESTMENT	$532,000.00
Est Salvage Value of Asset	$2,000.00
EST INITIAL INVESTMENT	$520,000.00

Description of Expenditure

Replacement of Ambulance 421 and associated equipment.

Justification Information

This ambulance will be moved in to reserve status. The standard replacement cycle for an ambulance is 4 years front line, then 5 to 6 years as a reserve ambulance. Reserve ambulances are put in service when a front line ambulance breaks down or requires routine maintenance. After the 10 year life span, the ambulance is often in poor condition, accounting for the low salvage value.

MUNIS Financial Information

Funding Source	$520,000.00	General Levy Borrowing	2028
	$520,000.00		
Expenditure	$520,000.00	Ambulance MED 421	2028
	$520,000.00		

How will this improve our service level and efficiency

The replacement of this asset allows us to maintain our service level for Emergency Medical Services. Maintaining our service level is critical to the safety and security of our citizens and guests. Out of service time for any ambulance could also result in a loss of revenue if EMS incidents are diverted to a mutual aid EMS agency.

How will this improve our service level and efficiency

The replacement of this asset allows us to maintain our service level for Firefighting and Emergency Medical Services. Maintaining our service level is critical to the safety and security of our citizens and guests. This vehicle carries specialized equipment needed at incident scenes in order to ensure rapid mitigation of emergency situations.

Maintenance Cost Over 5 years	$20,000.00
TOTAL INVESTMENT	$441,000.00
Est Salvage Value of Asset	$5,000.00
EST INITIAL INVESTMENT	$416,000.00

Description of Expenditure

This vehicle is a mini pump fire engine and replacement will be similar. This expenditure will include the vehicle, lights, siren, and other equipment necessary for it's function.

Justification Information

The current fire engine will be moved in to reserve status. The standard replacement cycle for a fire engine is 12 years front line, then approximately 5 years as a reserve. Reserve fire engines are put in service when a front line vehicle breaks down or requires routine maintenance. After the 17 year life span, the vehicle is often in poor condition, accounting for the low salvage value.

Department Details

Department	Fire Department	**Department Head**	MATTHEW KNOTT	**Project Contact**	

Budget Information

Add/Replace	Replace	**Replacing Asset**	1	**Mileage**	100
Useful Life	20	**Condition**	Poor	**Age of Equipment**	25

Financial Information

Total Project Cost	
Initial Cost	2,163,200.00
Maintenace/Cost of Operation	$0.00
Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$2,163,200.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$2,163,200.00

Description of Expenditure

Replacing current USAR vehicle. This carries all of the departments Urban Search and Rescue equipment, which includes trench, confined space, building collapse, and high angle rescue.

Justification Information

This replaces the existing USAR vehicle, which has reached it's useful life as a frontline apparatus. The current vehicle will be liquidated. The standard replacement cycle for these vehicles is 15 years. The current vehicle is 20 years old and salvage value is unknown.

MUNIS Financial Information

Funding Source	$2,163,200.00	General Levy Borrowing	2027
	$2,163,200.00		
Expenditure	$2,163,200.00	Urban Search and Rescue Vehicle	2027
	$2,163,200.00		

How will this improve our service level and efficiency

These vehicles can be very expensive to maintain. Replacement of them at the 15 year mark reduces maintenance costs. These vehicles are critical to operations on incident scenes, specifically for technical rescues. There are very few of these vehicles in the region or state and replacement is essential.

Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$83,400.00
Est Salvage Value of Asset	$5,000.00
EST INITIAL INVESTMENT	$78,400.00

Description of Expenditure

Replace VAN 411

Justification Information

Given the critical role that the 12-passenger van plays in our operations, the safety and well-being of our personnel, and the necessity for reliability in emergency situations, it is imperative that we replace our current van. Investing in a new vehicle will enhance our operational capabilities, ensure the safety of our team, and ultimately support the mission of the Green Bay Metro Fire Department to serve and protect our community effectively.

We recommend that this request for a replacement vehicle be prioritized to maintain the high standards of service that our department and community expect.

MUNIS Financial Information

Funding Source	$78,400.00	General Levy Borrowing	2026
	$78,400.00		
Expenditure	$78,400.00	VAN 411	2026
	$78,400.00		

How will this improve our service level and efficiency

1. Safety and Reliability
The safety of our personnel is paramount. As the current van ages, it becomes more prone to mechanical issues, increasing the risk of breakdowns during crucial transport times, such as emergency responses or training exercises. A new vehicle will provide enhanced reliability, ensuring that our firefighters can reach emergency scenes and training locations without delays or safety concerns.

2. Versatile Transportation Needs
The van serves multiple essential functions, including:

Special Events Transportation: Used for transporting personnel and equipment during high-demand events like Packer game days, where timely and efficient transport is critical.
Training and Conferences: Required for transporting firefighters to Volk Field training sessions and out-of-state conferences, facilitating ongoing education and development.
Shift Changes and Emergency Response: Crucial for transporting personnel to and from emergency scenes during shift changes, ensuring that we maintain adequate staffing and readiness.
Cadet Transportation: Vital for transporting cadets who are unable to drive themselves to training sessions, ensuring that all personnel can participate in essential training.
3. Cost Efficiency
While maintaining an older vehicle may seem cost-effective initially, the long-term costs associated with repairs, increased fuel consumption, and potential downtime can outweigh the initial savings. A new van will be more fuel-efficient and have reduced maintenance costs, ultimately leading to better resource allocation for the department.

4. Enhanced Capacity and Comfort
A new van can offer improved seating capacity and comfort, ensuring that all passengers, including cadets and firefighters, can travel safely and comfortably. This is particularly important during long-distance travel for training and conferences, where fatigue can impact performance.

5. Modern Features and Technology
Newer vehicles come equipped with advanced safety features, better navigation systems, and enhanced connectivity options. These features can improve our operational efficiency, communication during transport, and overall safety for our personnel.

CIP-Expenditure

City Expenditure ID	1887				
Expenditure Name	**Marine 1 Fire Boat - Refurbish**			**City Project ID**	0

Department Details

Department	Fire Department	**Department Head**	Matthew Knott	**Project Contact**	

Budget Information

Add/Replace	Replace	**Replacing Asset**	Marine 1	**Mileage**	1
Useful Life	10	**Condition**	Fair	**Age of Equipment**	10

Financial Information

Total Project Cost	
Initial Cost	183,597.00
Maintenace/Cost of Operation	$0.00
Maintenance Cost Over 5 years	$0.00
TOTAL INVESTMENT	$183,597.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$183,597.00

Description of Expenditure

Refurbish current Marine 1. Refurbishment includes new twin 250hp Mercury Verados, rigging, propellers, painting, transport, fire pump service and certification.

Justification Information

The fire and rescue boat is used for rescue of persons in the water and on the bay. It is also used for fire suppression for watercraft fires and to support fire operations along the Fox River and Bay of Green Bay. The boat is also used to deploy containment boom for hazardous materials spills along the water. It is critical to protecting the critical infrastructure of the port and for the rescue of recreational boaters.

MUNIS Financial Information

Funding Source	$183,597.00	General Levy Borrowing	2026
	$183,597.00		
Expenditure	$183,597.00	Marine 1 Fire Boat - Refurbish	2026
	$183,597.00		

How will this improve our service level and efficiency

The refurbishment of this equipment will reduce maintenance costs. The boat allows us to mitigate incidents on the bay and river more quickly which allows the port to remain open. Without it, the port may be forced to close due to a fire or hazardous materials incident. This could have a significant financial impact on the city and region. The boat allows us to effectively rescue persons in the water who would otherwise have to wait for other agencies who take far longer to deploy resources.

Expenditure	$1,197,160.00	2026 Gillig Battery Electric Bus LF35	2027
	$1,197,160.00		

How will this improve our service level and efficiency

Green Bay Metro is committed to providing safe and dependable transportation to jobs, schools, medical services, and other destinations. With a portion of Green Bay Metro?s fleet aging, these buses are having consistent emissions and fuel system issues and are no longer dependable or reliable and require the most maintenance. Having a fleet with frequent breakdowns impacts the reliability of the service and safety of employees and riders. Incorporating battery electric buses would not only benefit the safety of passengers but would positively impact the community as a whole with less environmental emissions and noise pollution.

Maintenance Cost Over 5 years	$25,000.00
TOTAL INVESTMENT	$107,000.00
Est Salvage Value of Asset	$0.00
EST INITIAL INVESTMENT	$82,000.00

Description of Expenditure

The proposed 1 Ton Box Truck will replace Forestry Department unit 35, with 49,000 miles.

Justification Information

This existing Forestry Department unit is 26 years old, which exceeds it's expected 12 year useful life. Due to the increase in severe storms and daily workload this unit has sustained a great amount of wear and tear. Parts are no longer available to keep the unit safely operating.

MUNIS Financial Information

Funding Source	$82,000.00	Fund Balance	2026
	$82,000.00		
Expenditure	$82,000.00	1 Ton Box Truck - Unit 35	2026
	$82,000.00		

How will this improve our service level and efficiency

Necessary for providing adequate services and maintenance needs throughout the City parks and streets for use by Forestry.

CIP-Expenditure

COLLATERAL ASSIGNMENT OF DEVELOPMENT AGREEMENT

THIS COLLATERAL ASSIGNMENT OF DEVELOPMENT AGREEMENT (this "Assignment") is made and entered into as of the 20th day of November, 2025, by and among MOSKI CORPORATION, a Wisconsin corporation (the "Borrower"), ASSOCIATED BANK, National Association (the "Lender"), and CITY OF GREEN BAY, a Wisconsin municipal corporation (the "City").

RECITALS:

WHEREAS, Borrower and Lender have entered into that certain Construction Loan Agreement ("Loan Agreement"), of even date herewith, and pursuant to the Loan Agreement, Borrower has executed and delivered to Lender that certain Promissory Note in the original principal amount of Three Million Four Hundred Sixty-five Thousand Dollars ($3,465,000.00) ("Note"), of even date herewith, secured by a Construction Mortgage, Security Agreement, Fixture Filing and Assignment of Leases and Rents ("Mortgage") and an Assignment of Leases and Rents ("Assignment of Rents"), both of even date herewith, with respect to certain real estate of Borrower located in the City of Green Bay, Brown County, Wisconsin, and more particularly described in **Exhibit A** attached hereto ("Real Estate"), (all of the foregoing are referred to herein collectively as the "Security Documents").

WHEREAS, Borrower is a party to that certain Development Agreement, dated April 29, 2025, by and among Borrower, the City and the Redevelopment Authority of the City of Green Bay ("RDA") (the "Development Agreement"); and

WHEREAS, Borrower is willing to assign its rights and interests under the Development Agreement, including any and all rights to receive the TIF Incentive (as defined in the Development Agreement), to Lender as additional security for the Borrower's obligations and liabilities under the Loan Agreement, the Note and the Security Documents; and

WHEREAS, the City is willing to consent to such assignment.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound, Borrower, Lender and the City agree as follows:

1. Recitals. The above recitals are incorporated herein by reference as though fully set forth herein.

2. Assignment. Borrower hereby transfers, assigns and sets over to Lender, its successors and assigns, all rights, title and interests of Borrower in the Development Agreement, including, but not limited to, Borrower's right to receive the TIF Incentive, and Lender hereby accepts such transfer and assignment. Notwithstanding the foregoing assignment, Lender shall not be obligated to perform or discharge any obligations, duties or liabilities under the Development Agreement. The foregoing assignment is being made by Borrower to Lender as security for the full payment and performance by Borrower of all of Borrower's obligations and liabilities under the Loan Agreement, Note and Security Documents (collectively, the "Loan

Documents"). This Assignment shall remain in effect as long as the Note, or any part thereof, remains unpaid, and as long as any obligations or liabilities remain outstanding under the Loan Agreement or Security Documents. The City and the RDA hereby consent to the foregoing assignment.

3. Lender's Rights. Upon a default by Borrower under the Loan Documents or any other agreement between Borrower and Lender, and upon written notice from Lender to the City and the RDA of such default ("Notice of Default"), Lender may exercise all rights and interests of Borrower with respect to the Development Agreement, including the right to receive the TIF Incentive, and the City and the RDA shall make payments of the TIF Incentive to Lender. The City and the RDA shall be entitled to rely solely on the Notice of Default without inquiry or investigation. Borrower hereby releases and shall hold harmless and indemnify the City, the RDA and Lender from all claims and damages relating in any way to the City and the RDA complying with the Notice of Default and the exercise of the rights granted to Lender under this Section 3, including any claim of Borrower to the TIF Incentive. The City and the RDA are also authorized to respond to Lender's request for information regarding the Development Agreement. In addition, the City and the RDA shall send copies of all correspondence, statements and notices concerning the Development Agreement to Lender at Lender's address indicated in Section 10 below or to such other address as Lender may indicate from time to time by written notice to the City and the RDA. Borrower authorizes, and the City and the RDA hereby consent to, Lender's filing or recording of this Assignment and any required financing statement or assignments thereof with any required governmental office to evidence the foregoing assignment of the Development Agreement and the rights to payment thereunder, and as may be required to perfect Lender's security interests in the same as a result of this Assignment. Borrower covenants and agrees that, at Lender's option, in the event of the foreclosure of the Mortgage or the granting of a deed in lieu thereof, Lender and any subsequent purchaser of the Real Estate shall have the right to succeed to all of the right, title and interest of Borrower, as "Developer" under any Development Agreement related to the Real Estate, by filing a certificate in the records of the Register of Deeds of Brown County, Wisconsin, setting forth that it has so elected, and such certificate shall conclusively establish that Lender or such subsequent purchaser of the Real Estate, and any person claiming by or through Lender, is the "Developer". Such certificate shall not require the consent, approval or joinder of Borrower, but Borrower hereby agrees to join in, consent to and approve such certificate on request.

4. Lender's Rights Under the Mortgage and Assignment of Rents. The City and the RDA hereby approve and consent to the encumbrance of the Real Estate by the Mortgage and Assignment of Rents in favor of Lender. The City, the RDA and Borrower further agree that the City's and the RDA's interests in the Real Estate, if any, whether set forth in the Development Agreement or otherwise, shall be subordinate to the rights of Lender in the Real Estate, including, without limitation, the Mortgage and Assignment of Rents and all of Lender's rights set forth therein. Should an event of default (as described in the Loan Documents or as set forth in this Assignment) occur, Lender's rights shall include, but not be limited to, the right to assume Borrower's obligations under the Development Agreement to ensure completion of the project referenced in the Development Agreement and receipt of the TIF Incentive from the City and the RDA, but nothing herein shall be construed to require Lender to perform such obligations or any other obligations of Borrower under the Development Agreement.

5. Representations and Warranties. Borrower, the City and the RDA, to the City's and the RDA's knowledge, information and belief at the present time, represent and warrant to Lender that (i) the Development Agreement is unmodified and is in full force and effect, (ii) the Development Agreement is a valid and binding agreement enforceable against the parties thereto in accordance with its terms, and (iii) no party is in default in performing any of its obligations under the Development Agreement. Furthermore, Borrower represents and warrants that Borrower has not previously assigned, and shall not assign in the future, the Development Agreement or any rights, interests and obligations thereunder to any third party without Lender's prior written consent, which consent shall not be unreasonably withheld.

6. Borrower Covenants. During the term of this Assignment: (i) Borrower shall not transfer or assign the Development Agreement or any rights, interests or obligations thereunder to any other person or entity without the prior written consent of Lender; (ii) Borrower shall not terminate or agree to amend any of the terms or provisions of the Development Agreement without the prior written consent of Lender; and (iii) Borrower shall give Lender written notice of any notice or information that Borrower has or receives, which indicates (x) that the Borrower is in default under the Development Agreement, (y) that the City or the RDA is terminating or assigning the Development Agreement, or (z) that the City or the RDA is otherwise discontinuing its duties or obligations under the Development Agreement. Before the Development Agreement can be terminated by the City or the RDA, or the City or the RDA can exercise its rights upon default thereunder, the City and the RDA shall give Lender notice of such default and ninety (90) days to cure any such default. In situations where the default cannot be cured within ninety (90) days, then such default shall be deemed cured by Lender if Lender starts to cure any such default within such ninety (90) day period and diligently proceeds thereafter to cure such default.

7. Default. If (a) Borrower breaches any of its obligations, covenants, representations or warranties contained in this Assignment or (b) any event occurs pursuant to the Development Agreement which results in the Borrower forfeiting Borrower's rights to receive any TIF Incentive under the Development Agreement, then Borrower shall be deemed to be in default under this Assignment and the Loan Documents and Lender shall have the right to exercise any and all rights and remedies under this Assignment, the Loan Documents and any documents, instruments and agreements related thereto.

8. Indemnification. Borrower shall indemnify, hold harmless and defend Lender and its successors and assigns from and against any and all claims, causes of actions, actions, suits, proceedings, damages, losses, liabilities, fines, penalties, awards, judgments, costs and expenses, including reasonably attorney's fees and disbursements, arising out of or any way related to the Development Agreement or this Assignment. This indemnification is not intended to affect any rights of, or impose any obligations upon, Lender under the Development Agreement. Lender's sole remedy against the City and the RDA in any action or suit shall be limited to the remedy of specific performance to compel the City and the RDA to comply with its obligations and the City and the RDA shall not, under any circumstance, be liable to Lender for any costs, attorney's fees or monetary damages.

9. Covenant Not to Sue. Except with respect to the enforcement of the rights afforded to Lender under the Development Agreement pursuant to the assignment of Borrower's rights, title and interests in the Development Agreement to Lender, Lender shall not assert any

claim or bring or institute any action or suit against the City and the RDA with respect to this Assignment and the City and the RDA shall have no liability or obligation to Lender except as set forth herein and as set forth in the Development Agreement.

10. Notices. Any notices, requests or instructions under this Assignment shall be in writing and shall be delivered personally or sent by a courier service, addressed as follows:

If to Lender:	Associated Bank, N.A. Attn: Tim S. Jorgensen, Senior Vice President 200 N. Adams Street Green Bay, WI 54301
With a copy to:	Hager, Dewick & Zuengler, S.C. Attn: Attorney David P. Dewick 200 South Washington Street, Suite 200 Green Bay, WI 54301
If to Borrower:	Moski Corporation Attn: Paul T. Kosmoski, President 1270 Main Street Green Bay, WI 54302
With a copy to:	One Law Group S.C. Attn: Attorney Mark A. Bartels 2181 South Oneida Street Green Bay, WI 54304
If to the City:	City of Green Bay Attn: Law Department 100 N Jefferson Street Green Bay, WI 54301

or to such other address as may be specified in accordance with this Paragraph. Notice shall be deemed to have been given on the date upon which delivery is made.

11. Further Assurances. Borrower for itself, and its successors and assigns, hereby covenants and agrees that, at any time and from time to time hereafter, upon the request of Lender, Borrower shall do, execute, acknowledge and deliver or cause to be done, executed, acknowledged and delivered, without additional consideration, each and all of such further acts, deeds, assignments, transfers, conveyances, powers of attorney and assurances as may be reasonably required by Lender in order to assign, transfer, set over, convey, assure and confirm unto and vest in Lender, its successors and assigns, Borrower's rights and interests under the Development Agreement, including, without limitation, the right to receive the TIF Incentive.

12. Remedies Cumulative; No Waiver. The rights and remedies granted herein or by law or equity are separate and no one of them, whether or not exercised, shall be deemed to exclude other rights or remedies. No failure of a party to exercise, and no custom or practice of the parties at variance with the terms hereof, shall constitute a waiver of any right or remedy

granted hereunder. To be valid, any waiver shall be in writing and signed by the party waiving its rights, and no waiver of any breach shall be deemed to be a waiver of any subsequent breach.

13. Miscellaneous.

A. Assignment. The rights and obligations set forth in this Assignment may not be sold, assigned, transferred or pledged without the prior written consent of Lender.

B. Governing Law. This Assignment shall be governed by, and interpreted, construed and enforced in accordance with, the internal laws of the State of Wisconsin.

C. Entire Assignment and Amendment. This Assignment contains the entire agreement between Borrower, Lender and the City relating to the assignment of Borrower's rights and interests under the Development Agreement, including, without limitation, the right to receive the TIF Incentive. This Assignment may not be changed, amended or modified except by an instrument in writing signed by the parties hereto.

D. Binding Effect. This Assignment shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.

E. Counterparts. This Assignment may be executed by the parties hereto in several counterparts, and each such counterpart shall be deemed to be an original but all such counterparts shall constitute one and the same agreement. Signatures of the parties transmitted by facsimile or electronic transmission (i.e., email) shall be deemed to be original signatures for all purposes.

F. Drafting. This Assignment was drafted by Lender and its counsel solely as a matter of convenience to the parties and shall not be construed for or against any party for that reason. The parties each have been afforded ample opportunity to review and evaluate this Assignment prior to subscribing hereto and the parties enter into this Assignment freely and voluntarily, without duress or coercion of any kind, and as an informed and well-reasoned exercise of their respective business judgments.

G. WAIVER OF JURY TRIAL. GENERAL ORDINANCE NO. 34-25

AN ORDINANCE
AMENDING SECTION 28-4(i),
GREEN BAY MUNICIPAL CODE,
RELATING TO ANIMALS PROHIBITED IN CITY PARKS
AND FARMERS' MARKET LOCATIONS

THE COMMON COUNCIL OF THE CITY OF GREEN BAY DOES ORDAIN AS FOLLOWS:

SECTION 1. Section 28-4(i), Green Bay Municipal Code, is hereby amended to read:

(i) *Animals prohibited in City parks and farmers' market locations.*

(1) No domesticated or privately-owned animals shall be permitted in any part of any City park or farmers' market locations during market hours, except as allowed under subsection (i)(2) of this section or as may be approved from time to time by the Parks Department as part of a Parks Department program, including, but not limited to, programs for reducing fowl or other wildlife in City parks. No domesticated or privately-owned animals shall be permitted in the Bay Beach Amusement Park, Bay Beach Wildlife Sanctuary, and Ken Euers Nature Area.

(2) Exceptions.

a. Dogs on a visible leash no longer than seven feet are only allowed to be walked in parks on designated perimeter or pass through walkways or pathways, parking lots serving the walkways or pathways, and designated trails.

b. A dog owner or handler and its dog shall not loiter, stop, or stand in the parks or trails.

c. If a dog defecates while walking through a park, the dog owner/walker must clean up after the dog and remove such excreta from the park.

d. Dog Exercise Area**s**.

1. Dogs are permitted in the Dog Exercise Area located at Whitney Park **and Meyer Park** subject to the following rules:

(i) All dogs must be licensed and vaccinated pursuant to Wis. Stats. § 95.21(2), as amended from time to time.

(ii) A dog owner or handler must be at least 16 years of age and must be in the fenced area at all times and shall not leave their dog unattended or out of sight. The dog must be under the voice control of the owner or handler at all times.

(iii) A dog owner is legally responsible for their dog and any injuries caused by the dog.

(iv) No more than two dogs are permitted in the Dog Exercise Area per owner or handler.

(v) Dog waste must be collected and disposed of immediately.

(vi) Dogs must be restrained by a leash no longer than seven feet when entering and leaving the off-leash area.

(vii) The owner or handler must have in their possession a leash for each dog at all times.

(viii) Dogs must be free of communicable illness and parasites.

(ix) No aggressive dogs, dogs in heat, or puppies under the age of five months are allowed.

(x) The owner or handler may not use a choke, pinch, or spike collar for their dogs.

(xi) No food (human or dog) is allowed.

(xii) Children under the age of 13 years must be supervised by an adult.

(xiii) Any dog deemed dangerous pursuant to Section 6-13 is not permitted.

(xiv) Professional trainers or any other person are not allowed to use the Dog Exercise Area for profit or gain without approval from the City of Green Bay.

2. Any violation of the Dog Exercise Area rules or policies by the City of Green Bay will result in the removal from the Dog Exercise Area and suspension of park privileges and/or forfeitures subject to Section 1-6.

e. The Director of Parks, Recreation, and Forestry, or designated staff, has the authority to issue citations in the event that verbal warnings regarding dogs in parks are ignored.

SECTION 2. All ordinances or parts of ordinances in conflict herewith are hereby repealed.

SECTION 3. Effective date. This ordinance shall take effect on and after its passage and publication.

Dated at Green Bay, Wisconsin, this _____day of _____, 2025.
