RE: CIGARETTE, TOBACCO, & ELECTRONIC VAPING
DEVICE APPLICATION

Dear Mr. Zeske,

The Green Bay Police Department (GBPD) is in receipt of your renewal applications for a Cigarette, Tobacco & Electronic Vaping Device for **2056 Main St and 1296 Velp Ave.**

The GBPD will **not** recommend the issuance of these licenses to you based on Felony convictions for Felony Distribution.

_____ Green Bay Municipal Code 10-89: If the Police Department determines that any portion of the application is false or that the applicant does not possess the qualifications under Wis. Stats. § 134.65, the license may be denied by the Police Department, pursuant to a review of your application and conviction records obtained by the GBPD.

_____ Habitual law offender which precludes you from obtaining an operator's license under Wis. Stat. § 125.04(b).

X Convicted of a felony (has not been pardoned).

To appeal the denial of your application, pursuant to Section 4.11 of the Green Bay Municipal Code, you may file online through the QR code **within 30 days of the date of this letter** to request an appeal by an evidentiary hearing with the Protection and Policy Committee. If you are unable to file online, you may return the appeal form enclosed to the Clerk's Office via mail or in person (100 N. Jefferson St. Room 106, 920 448-3010).

In addition, as part of your appeal request, you may submit competent evidence of rehabilitation and fitness to engage in the licensed activity which will be considered at the appeal hearing.

Competence Evidence Includes:

- a. A certified copy of an honorable discharge or separation under honorable conditions from the U.S. armed forces for military services rendered following a conviction **and** that applicant has not had any convictions, misdemeanors or felonies subsequent to the date of the honorable discharge or separation.
- b. A copy of the local, state or federal release document **and** either a copy of the relevant department of corrections document showing completion of probation, extended supervision or parole **or** other evidence that at least one year has elapsed since release from any local, state, or federal correctional institution without subsequent conviction of a crime.

Other factors that may be considered as evidence of rehabilitation and fitness:

- a. Evidence of the nature and seriousness of any offense of which applicant was convicted.
- b. Evidence of all circumstances relative to the offense, including mitigating circumstances or social conditions surrounding the commission of the offense.
- c. The age of the applicant at the time the offense was committed.
- d. The length of time that has elapsed since the offense was committed.
- e. Letters of reference by persons who have been in contact with the individual since the applicant's release from any local, state or federal correction institution.
- f. All other relevant evidence of rehabilitation and present fitness presented.

If you choose to appeal, please plan to attend the evidentiary hearing at Protection & Policy and Council. The Clerk's Office will provide the date, time and place.

Sincerely,

Celestine Jeffreys

RESOLUTION IN SUPPORT OF TRANSPORTATION FUNDING SOLUTION

July 7, 2026

WHEREAS, the City of Green Bay owns and maintains approximately 418 miles of the public road in the state; and

WHEREAS, the City of Green Bay maintains approximately 23 miles of connecting highways; and

WHEREAS, the inaugural inventory and assessment of small bridges in Wisconsin between 6 to 20 feet found about 10% of the nearly 17,000 structures to be in poor or severe condition; and

WHEREAS, the City of Green Bay has 16 structures that are included in the inventory of small structures between 6 to 20 feet, 1 of these structures is in poor condition due to excessive damage, 3 of the structures are in fair condition with fair/moderate damage, and the remainder are currently in good condition; and

WHEREAS, the City of Green Bay is responsible for the maintenance of the Main Street lift bridge and expects to acquire a second lift bridge within the next several years after the reconstruction of the Mason Street lift bridge; and

WHEREAS, the City of Green Bay greatly appreciates the one-time infusions of General Purpose Revenue, primarily sales and income taxes, and other revenue provided in recent state budgets, these have enabled the initiation and continuation of the successful and popular Local Roads Improvement Program Supplemental (LRIP-S); and

WHEREAS, eligibility criteria for general maintenance items under the Lift Bridge Aide Program has been updated and starting in 2026, prior eligible maintenance expenses will no longer be eligible for reimbursement resulting in approximately 80% less funding for the City of Green Bay based on 2025 amounts; and

WHEREAS, Wisconsin and the City of Green Bay's economy—rooted in manufacturing, agriculture, and tourism—relies on a safe, reliable, and well-maintained transportation network; and

WHEREAS, the City of Green Bay continues to struggle to perform even routine maintenance, pavement preservation, and safety improvements, resulting in deteriorating roads and bridges; and

WHEREAS, absent sustainable state funding, the City of Green Bay has been forced to address its backlog of infrastructure maintenance by significantly increasing borrowing, deferring projects, and imposing a local vehicle registration (“wheel”) tax; and

WHEREAS, levy limits and other fiscal constraints prevent local governments from independently filling the funding gap created by inadequate state transportation aids; and

WHEREAS, Wisconsin motorists currently pay among the lowest transportation user fees in the Midwest, while neighboring states and dozens of others nationwide have enacted long-term revenue measures to keep their transportation systems competitive; and

WHEREAS, Wisconsin is increasingly reliant on General Purpose Revenues to make needed investments, potentially pitting transportation against other vital services, such as education; and

WHEREAS, continued lack of growing, dedicated, and predictable revenue places Wisconsin, and the City of Green Bay, at a growing economic disadvantage by increasing the dangers and subsequent frustration to travelers, threatening the efficiency of freight movement, and decreasing the attractiveness of our state to businesses and residents; and

WHEREAS, both Wisconsin’s aging Interstate highway system—the City of Green Bay’s being largely constructed in the 1960s and 70s—and our extensive network of state and City roads require predictable, adequate, and sustainable funding to meet current and future needs;

NOW, THEREFORE, BE IT RESOLVED that the City of Green Bay Common Council strongly urges the Governor of Wisconsin and the State Legislature to enact a comprehensive, sustainable transportation funding solution that:

1. Provides adequate and reliable revenue growth for the efficient long-term planning and execution of state and local transportation programs;
2. Includes responsible and prudent use of General Purpose Revenue and bonding;
3. Adjusts any new and existing transportation user fees and other revenue mechanisms such as enabling transportation utilities to sustain purchasing power to maintain and improve Wisconsin’s transportation infrastructure; and
4. Ensures transportation continues to deliver for Wisconsin by adequately funding reconstruction, preservation, and safety investments on the state and local systems.

BE IT FURTHER RESOLVED that the clerk is hereby directed to transmit a copy of this resolution to the Governor’s office, all members of the Wisconsin State Senate and Assembly representing districts within the City of Green Bay and the League of Wisconsin Municipalities.

- I. Report of St. John's Ministries to the Protection and Policy Committee- 6.4.26

June 4th, 2026

To members of Green Bay's Protection and Policy Committee and the Common Council,

To satisfy a requirement of our Conditional Use Permit dated December 6, 2022, that states "Before June 30 of each year, St. John's Ministries shall provide a report to the Protection and Policy Committee," I submit to you the following:

Our emergency shelter season started on November 1st and concluded on April 30th. St. John's Ministries continued to accommodate near record-high numbers of adults presenting for shelter. The numbers were very comparable to the 2024-2025 emergency shelter season.

This past season, we were honored to serve 623 unique individuals with overnight shelter services. While this is slightly fewer than the previous season's 646 guests, it still reflects an elevated level of community need. Notably, the number of shelter nights decreased slightly from 25,328 to 25,190.

Here is a summary of our last three emergency seasons:

	Men	Women	Total
2025-2026 season average per night	98	42	140
2024-2025 season average per night	100	41	141
2023-2024 season average per night	84	37	121

The gender breakdown of guests remained consistent with recent years:

- 2025-2026 69% men, 31% women
- 2024-2025 68% men, 32% women
- 2023-2024 66% men, 34% women

In the fourth season of the Women's Shelter, we did not come close to the city-approved permitted capacity of 70 guests. The most women we sheltered on a single night was 50, but that occurred multiple times. The most men we sheltered on a single night was 128. We are allowed by city permit to shelter 140 guests at our Men's Shelter. When combined, the most guests we sheltered on a single night was 175 on March 26th. That was our historic high.

During our emergency shelter season, visits to our daytime resource centers (Micah Center and Wellspring) increased by 15%, totaling 14,609 visits.

- Micah Center: 10,573 visits (up from 8,901)

- Wellspring: 4,036 visits (up from 3,790)

These two centers are the heart of our case management work. Our case managers help individuals focus on forward momentum and long-term stability- not just emergency shelter. For the first time ever, we employ a certified Peer Support Specialist to assist guests as they navigate through mental health and substance addiction challenges.

- 61% of our *female* guests self-reported a mental health barrier to housing or long-term success.
- 38% of our *male* guests self-reported a mental health barrier to housing or long-term success.
- 25% of our guests self-reported an AODA condition.
- 35% of our guests self-reported a chronic health condition.
- 26% of our guests self-reported a physical disability.
- 12% of our guests self-reported a developmental disability.

We continue to offer robust services during our warm weather season from May through October. We are a year-round provider of services and resources for adults experiencing homelessness.

- Our Safe Sleep Program provides overnight shelter to chronically homeless men or if they are transitioning into employment and/or stable housing. Through the evening of June 3rd, we have sheltered an average of 17 men per night.
- We are now offering Stability Shelter at our Women' Shelter. This is program-based to ensure long-term success of our guests. We are focusing on four groups of women during this, our pilot season. Through the evening of June 3rd, we have sheltered an average of 20 women per night.
- Daytime Drop-In Days are now Tuesdays and Thursdays at both our shelter locations. We provide showers, laundry, clothing, meals, case management, and access to various community resources and partners.
- The Micah Center and Wellspring remain open year-round with expanded hours. This ensures guests can continue working with their case manager. They are provided daytime spaces for connection and community. This includes breakfast, computer, mail, and phone access, and lunch (if available).
- Street Outreach and our Lasting Change Program have also expanded. Under the Lasting Change Program, we have visited the homes of over 120 former guests this past year to

ensure they have access to resources to remain housed and not fall back into homelessness.

We have developed and maintained great working relationships with your Homeless Outreach Case Coordinators, officers of the Green Bay Police Department, and personnel of the Green Bay Metro Fire Department. They are all welcome at our facilities.

Thank you for allowing me the opportunity to share this report. At St. John's Ministries, we are grateful for multiple collaborations with each Common Council member, various departments of Green Bay government, and all other community agencies and individuals dedicated to serving our brothers and sisters experiencing homelessness.

As always, I would be happy to answer any questions and provide tours of our facilities.

Respectfully,
